Agenda

- Timeline & Deadlines Reminder
- Q & A + Open Discussion

Implementation Timeline & Upcoming Deadlines

- **October 31st** - Hospital submits implementation protocol and supplemental workbook to CRISP for review
- **November 13th** - First ECIP User Group meeting (TBD)
- **November 30th** - HSCRC submits implementation protocols to CMS
- **Early December** - Hospital submits signed Participation Agreement for CY2019
- **December 14th** - Hospital submits certified care partners for Q1 2019
- **December 30th** - CMS accepts or rejects implementation protocols
- **January 1st** – ECIP launches

Questions & Open Discussion

Reminder: Implementation protocols + supplemental workbooks due Wednesday, October 31 by COB.

Completing the Supplemental Workbook

Q: When completing the Supplemental Workbook – if a hospital is not planning on distributing incentives, is the 'Tracking and Measurement' column of the Care Redesign Intervention description still required?

A: Yes – even though no Condition of Payment needs be specified, applicants still need to describe how they intend to track and measure care redesign interventions as part of the implementation protocol.
