The Nurse Support Program II (NSP II) aims to increase the number of nurses by expanding the capacity of Maryland nursing schools to train nursing students. Each year, hospitals contribute to a pool to fund the NSP II program. Based on the existing policy, HSCRC staff calculates each hospital's annual NSP II contribution based on 0.1 percent of total gross patient revenue as reported in each hospital's FY 2025 Annual Cost Report.

This memo details each hospital's monthly payment amount for NSP II for State Fiscal Year (FY) 2027 and provides information regarding the monthly transfer of funds to the grant administrators at the Maryland Higher Education Commission (MHEC).

### **State Fiscal Year 2027 Monthly Hospital Payments**

Table 1 below lists each hospital's monthly payment contribution to NSP II. These new payment amounts begin with the July 2026 payment and continue through June 2027.

These payments will be listed on the Health Services Cost Review Commission (HSCRC) website at [Annual Update to Unit Rate and Global Budget Revenue](#).

### **Hospital Monthly Fund Transfer to NSP II Grant Administrators**

Each hospital is to transfer the amount listed in Table 1 to the Maryland Higher Education Commission (MHEC) **by the 5<sup>th</sup> of each month, beginning July 2026**. Payments for the month of July should be submitted ASAP, if not already transferred.
