

The Johns Hopkins Hospital

FY 2018 Community Benefit Narrative Report

PART ONE: ORIGINAL NARRATIVE SUBMISSION

Q1. COMMUNITY BENEFIT NARRATIVE REPORTING INSTRUCTIONS

The Maryland Health Services Cost Review Commission's (HSCRC's or Commission's) Community Benefit Report, required under §19-303 of the Health General Article, Maryland Annotated Code, is the Commission's method of implementing a law that addresses the growing interest in understanding the types and scope of community benefit activities conducted by Maryland's nonprofit hosoitals.

The Commission developed a two-part community benefit reporting system that includes an inventory spreadsheet that collects financial and quantitative information and a narrative report to strengthen and supplement the inventory spreadsheet. The guidelines and inventory spreadsheet were guided, in part, by the VHA, CHA, and others' community benefit reporting experience, and was then tailored to fit Maryland's unique regulatory environment. This reporting tool serves as the narrative report. The instructions and process for completing the inventory spreadsheet remain the same as in prior years. The narrative is focused on (1) the general demographics of the hospital community, (2) how hospitals determined the needs of the communities they serve, (3) hospital community benefit administration, and (4) community benefit external collaboration to develop and implement community benefit initiatives.

The Commission moved to an online reporting format beginning with the FY 2018 reports. In this new template, responses are now mandatory unless marked as optional. Questions that require a narrative response have a limit of 20,000 characters. This report need not be completed in one session and can be opened by multiple users.

For technical assistance, contact HCBHelp@hilltop.umbc.edu

Q2. Please confirm the information we have on file about your hospital for FY 2018.

	Is this informa	ation correct?	
	Yes	No	If no, please provide the correct information here:
The proper name of your hospital is: Johns Hopkins Hospital.	0	0	The Johns Hopkins Hospital
Your hospital's ID is: 210009	0	0	
Your hospital is part of the hospital system called Johns Hopkins Medicine.	o	0	Johns Hopkins Health System
Your hospital was licensed for 1,091 beds during FY 2018.	•	0	
Your hospital's primary service area includes the following zip codes: 21202, 21205, 21213, 21219, 21222, 21224, 21231.	•	0	plus 21206 and 21218 make up the CBSA, PSA is much larger
Your hospital shares some or all of its primary service area with the following hospitals: Bon Secours Baltimore Health System, Johns Hopkins Bayview Medical Center, MedStar Franklin Square Medical Center, MedStar Union Memorial Hospital, Mercy Medical Center, UM St. Joseph Medical Center, University of Maryland Medical Center.	0	0	Bon Secours and UM St. Joes do not share the PSA

- Q3. The next two questions ask about the area where your hospital directs its community benefit efforts, called the Community Benefit Service Area. You may find these community health statistics useful in preparing your responses.
- Q4. (Optional) Please describe any other community health statistics that your hospital uses in its community benefit efforts.

In 2015, the Johns Hopkins Hospital (JHH) and Johns Hopkins Bayview Medical Center (JHBMC) merged their respective Community Benefit Service Areas (CBSA) in order to better integrate community health and community outreach across the East and Southeast Baltimore City and County region. The geographic area contained within the nine ZIP codes includes 21202, 21205, 21213, 21218, 21219, 21222, 21224, and 21231. This sear erflects the population with the largest upon great properties and the majority of recipients of community contributions and programming. Within the CBSA, JHH and JHBMC have focused on certain target populations such as the elderly, at-risk children and adolescents, uninsured individuals and households. The CBSA covers approximately within the City of Baltimore or approximately hirty-four percent of the total 80.94 square miles of land area for the city and 25.6 square miles in Baltimore County. In terms of population, an estimated 305,895 people live within CBSA, of which the population in City IZP codes accounts for thirty-egitp percent of the City's population and the population in County. IZP codes accounts for elighborhoods - Dundalk, Sparrows Point, and Edgemere. Baltimore City population, 620,961, and Baltimore County population, 831,026). Within the CBSA, there are three Baltimore County neighborhoods - Dundalk, Sparrows Point, and Edgemere. Baltimore City is truly a city of neighborhoods with over 270 officially recognized neighborhoods are Belair-Edison, Canton, CedonialFrankford, Claremont/Armistead, Clitton-Berea, Downtown/Seton Hill, Fells Point, Greater Charles Village/Barclay, Greater Govans, Greenmount East (which includes neighborhoods such as Oliver, Broadway East, Johnston Square, and Gay Street), Hamilton, Highlandtown, Jonestown/Oldtown, Lauraville, Madison/East End, Aldttown, Midway-Coldstrem, Northwood, Orangeville/East included solve the miles of these neighborhoods are primarily African American, with the exceptions of Fells Point, which is primarily white, and Patterson P

Q5. (Optional) Please attach any files containing community health statistics that your hospital uses in its community benefit efforts.

Q61. Please explain:										
This que tilles unes nút displayes/Lir lite Aespainhest.										
Q62. Does your hospital include community be	nefit planning an	id investme	ents in its in	ternal strategio	plan?					
⊙ Yes ⊙ No										

Community Benefit planning is an integral part of the Johns Hopkins Hospital and Johns Hopkins Bayview Medical Center's strategic plan through an annual Strategic Objectives planning process that involves evaluating the Hospital's progress at meeting two community health goals and defines metrics for determining progress. The ability to meet the goals for these objectives is part of the performance measurement for each hospital and is tied to the annual executive compensation review. The commitment of Johns Hopkins' leadership to improving the lives of its nearest neighbors is illustrated by the incorporation of Community Benefit metrics at the highest level in the Johns Hopkins Medicine Strategic Plan. JHM consists of JHU School of Medicine and the Johns Hopkins Health System, which includes education and research in its tri-partite mission (Education, Research and Healthcare). Even at this cross entity level (JHU and JHHS) Community Benefit activities and planning go beyond hospital requirements and expectations and are a core objective for all departments, schools and affiliates. Reference: JHM Strategic Plan 2014-2018 Performance Goal #ti- "Ensure that all financial operations, performance indicators and results support the strategic priorities, as well as the individual entity requirements" Strategy: Create a mechanism to capture the value of community benefit and ensure that it supports strategic goals, and achieve compliance with community benefit standards Tactic: Continue to use the community benefit advisory council to align reporting and investment decisions across member organizations

 $\ensuremath{\mathsf{Q78}}.$ Did you work with other individuals, groups, or organizations to deliver this initiative?

Internal: Johns Hopkins Bayview Medical Center
External: HSCRC, LifeBridge Sinai, Medstar Franklin Square Medical Center, Medstar Good Samaritan, Medstar
Harbor Hospital, Medstar Union Memorial Hospital, UMMC, UM Midtown, Baltimore Alliance for Careers in Healthcare,
Baltimore Area Health Education Center, Bon Secours
Community Works, BUILD Turnaround Tuesday, Center for Urban Families, Community College of Baltimore County,
Mission Peer Recovery Training, Penn North.
C No.
Q79. Please describe the primary objective of the initiative.
BPHWC is designed to provide the training needed to fill new health care jobs, while also improving the health of high poverty communities BPHWC will target high poverty communities throughout Baltimore City to recruit, train, and hire residents for 198 newly established entry level core jobs over three years. Individual hospitals will establish 35 other new positions related to BPHWC, to include social workers, care coordinators, for a total of 233 new jobs.
Q80. Please describe how the initiative is delivered.
A consortium of four major health systems that includes nine hospitals trains and hires individuals from high poverty communities in the Baltimore Metropolitan area to be community healthcare
workers (CHWs), peer outreach specialists (PRSs), and certified nursing /geriatric nursing assistants (CNAs/GNAs). The hospitals partner with the Baltimore Alliance for Careers in Healthcare (BACH), which coordinates the recruitment and training of individuals from the community. BACH works with several community organizations to select, screen, and provide essential skills into the potential recipients of the PWSDA program. They also recruit hospital employees from "high poverty communities" to train and promote them to positions with a "career ladder." The hospic collaborative works with BACH to screen, select, and train individuals in essential skills over three years. For the CHA and PRS positions, individuals will complete 160 and 50 hours, respectivel of occupational skills training before being recruited. For the CNA position, training and certification takes place at the Baltimore County Community College.
Q81. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.
Count of participants/encounters #s trained, successfully credentialed, and hired/retained
Other process/implementation measures (e.g. number of items distributed)
Surveys of participants
Biophysical health indicators
Assessment of environmental change
Impact on policy change
Effects on healthcare utilization or cost
✓ Assessment of workforce development BACH tracks
workforce training effectiveness
Other
Q82. Please describe the outcome(s) of the initiative.
22 individuals were trained and hired as CHW, CNA, and CNA/GNA positions. 13 individuals were retained and full time employed as CHW, PRS, CNA and CNA/GNA positions.
Q83. Please describe how the outcome(s) of the initiative addresses community health needs.
CHWs provide an opportunity to combat health disparities by promoting and supporting healthy behaviors; they can assist with care management activities to directly prevent or manage chronic diseases. With the focus of health care shifting from the hospital setting to the community, CHWs with the focus in including 30-40ay readmission (2) as well as preventing and managing chronic diseases. CHWs help promote healthy behaviors and are connectors with the health care system to increase access to care to reduce health disparities and identify/navigate patients with unmet social needs to appropriate health care. CHWs are most effective when they serve the communities from which they come and thus provide continuity between healthcare systems and the community 3. PRSs have experienced substance use disorder (SUD) or mental illness and recovery and can help persons with behavioral health issues to serving as a link between the clinical setting and the community to enhance access to and practicipation in treatment services to prevent relapse. PRS services are an important wrap-around to clinical services. CNA/GNAs expand the current homes support reach in the community. They will also serve hospital discharged patients who need personal care at home, but cannot afford it it avoid readmission. The goal of BPHWC is to concomitantly improve the socio-economic status of disadvantaged communities and promote population health in the Baltimore region. We will do this by improving the continuity and healthcare of the communities where CHWs and PRSs work the providing income through jobs that impact the health and well-being of the workers.
Q84. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately.
\$3,015,589
Q85. (Optional) Supplemental information for this initiative.

similates a minima a contract or agreement wan a pararer expires. Frease explain.	

Other. Please explain. No end date. Hospital will support this program as long as the need exists.

Q88. Does this initiative address a need identified in your CHNA?

Q92. Enter the number of people in the population that this initiative targets.

45,133 in Baltimore City region over age 12 with alcohol or substance use disorder

Q93. Describe the characteristics of the target population.

Impact on policy change Effects on healthcare utilization or cost

As identified in the City Health Department's Healthy Baltimore 2015 report, substance abuse represents a health challenge for Baltimore because it is related to so many other issues the city faces such as family/community disruption, crime, homelessness, and health care utilization. Additionally, Baltimore 2015 data shows racial/ethnic disparity in the rate of unmet mental health care

needs exists in Baltimore City with an incidence rate of 33.4% in blacks and 8.5% in whites (per 100,000 population). Q94. How many people did this initiative reach during the fiscal year? Q95. What category(ies) of intervention best fits this initiative? Select all that apply Chronic condition-based intervention: treatment intervention Chronic condition-based intervention: prevention intervention Acute condition-based intervention: treatment intervention Acute condition-based intervention: prevention intervention Condition-agnostic treatment intervention Social determinants of health intervention Community engagement intervention Other. Please specify Q96. Did you work with other individuals, groups, or organizations to deliver this initiative? Yes. Please describe who was involved in this initiative. Alcohol and Drug Abuse Administration, Behavioral Health Systems Baltimore, Baltimore City Substance Abuse Directorate, Helping Up Mission, Wilson House No. Q97. Please describe the primary objective of the initiative The Johns Hopkins Hospital Broadway Center offers comprehensive treatment services for persons experiencing acute or chronic substance use problems. The program has a holistic approach to care delivery, addressing medical, psychiatric, social service and social network needs through comprehensive, on-site, integrated program services. The major categories of services provide are screening/assessment, intensive outpatient (IOP), and standard outpatient (SOP). Service enhancements are abundant, highly utilized, and include ambulatory detoxification, psychiatric assessment and treatment, basic medical assessment and treatment, case management, and opioid maintenance. Treatment services focus on establishing alcohol and drug abstinence and stabilizing health and living situations. Patients are educated about the nature and consequences of addiction. A cognitive/behavioral treatment curriculum teaches patients the necessary skills to stop substance use. Specific services include: individual therapy, group education and therapy, urinalysis testing for drug monitoring, Breathalyzer testing for alcohol monitoring, and peer recovery support. The Broadway Center for Addiction focuses on establishing alcohol and drug abstinence and stabilizing health and living situations. Patients are educated about the nature and consequences of addiction. I/OP service delivery operates in close collaboration with the JHH halfway housing for women (Wilson House) and with near-by men's recovery housing in East Baltimore (Helping Up Mission). Meals are provided on-site at the treatment program. NA meetings are hosted daily after treatment hours to support recovery. Q98. Please describe how the initiative is delivered. Patients receive treatment 2.5-3 hours/day for 4-5 days/week, with a minimum of 9 hours of clinical services scheduled each week. Patients at this treatment level also begin to work on longerterm goal setting, including such areas as job training. GED completion, and family reunification – goals continued after eventual stabilization and transfer to a standard outpatient level of care. Individual treatment sessions are scheduled at least once weekly, and treatment plans are reviewed every four weeks. Transfer to a less restrictive level of care typically occurs only after approximately 4 weeks of drug-free status and good treatment adherence. The number of weeks until achievement of this goal varies from patient to patient, but is typically 4 to 12 weeks. Wilson House prepares women for re-entry into independent living situations. Housing staff began to work with residents to secure preventative medical appointments, obtain employment or other meaningful activities. Helping Up Mission (HUM) is contracted to provide up to 48 male recovery beds for male patients enrolled in the Broadway Center. All patients are required to maintain excellent attendance and progression in treatment goals at the Broadway Center. Transportation is provided between the HUM and the Broadway Center multiple times per day. The maximum length of stay is 6 months. When not engaged in services at the Broadway Center, patients have access to a wide array of HUM services and programming, such as GED courses, computer literacy classes, faith services, peer support groups, art therapy, physical fitness equipment, and a patient library. Q99. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply, Count of participants/encounters Other process/implementation measures (e.g. number of items distributed) Tox screenings, compliance scores Surveys of participants Patient satisfaction surveys Biophysical health indicators Assessment of environmental change

 $\label{eq:Q114.pdf} \textit{Q114.} \ \ \textit{Did you work with other individuals, groups, or organizations to deliver this initiative?}$

Health Leads Baltimore, Johns Hopkins Bayview Medical Center, Johns Hopkins University
C No.
Q115. Please describe the primary objective of the initiative.
Q113. Flease describe the primary objective or the findative.
Health Leads provides preventative referrals to government and community resources to enable families and individuals to avert crises and access critical help such as food, clothing, shelter, energy security, and job training. It serves as an important supplement to the medical care that doctors provide, since many of the underlying wellness issues of patients and families is related to
basic needs that doctors may not have time or access to research.
Q116. Please describe how the initiative is delivered.
Health Leads has program staff and student volunteers at Harriet Lane Clinic, Bayview Children's Medical Practice, and Bayview Comprehensive Care Practice working with each clinic's care teams. They screen patients for social needs and work to connect patients to resources. The navigation requires regular follow-up with patients, maintaining an up-to-date resource directory, connecting with the clinic care teams, and relationships with community organizations.
Q117. Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.
✓ Count of participants/encounters
include clients served, total lives
reached, number of resource
connections. ✓ Other process/implementation measures (e.g. number of items distributed) Measurable goals
like clients served, success rate of needs solved, time
to case closure, client follow-up, and
% of volunteers with Heath Leads
experience are tracked by the program and
measured against Heath Leads
national data. ✓ Surveys of participants After a case is
closed, we send text surveys to patients
that have agreed to be reached by text.
The surveys rate the services they received from Health
Leads and ask for additional feedback.
Biophysical health indicators
Assessment of environmental change
Effects on healthcare utilization or cost
Assessment of workforce development
Other
Q118. Please describe the outcome(s) of the initiative.
Health Leads does not keep baseline health related data about its clients. As Johns Hopkins efforts to better integrate with Epic continues, it may be possible to conduct analyses to determine if connecting patients with essential needs affects their probability of achieving a certain outcome. Health Leads has conducted such a study at an out-of-state partner hospital and initial findings
indicate a positive correlation between Health Leads intervention and meaningful medical benefits.
Q119. Please describe how the outcome(s) of the initiative addresses community health needs.
Health Leads directs patients of need to resources that can address social determinants of health. See attached.
Q120. What was the total cost to the hospital of this initiative in FY 2018? Please list hospital funds and grant funds separately.
\$236,500
9200,000

Q121. (Optional) Supplemental information for this initiative.

Reduce Alzheimer's disease and other dementiasrelated hospitalizations (per 100,000)

Reduce dental-related emergency department visit rate (per 100,000)

Increase the % of children with recommended vaccinations

Q123. (Optional) If you wish, you may upload a document describing your community benefit initiatives in more detail, or provide descriptions of additional initiatives your hospital undertook during the fiscal year. These need not be multi-year, ongoing initiatives.

Q124. Were all the needs identified in your CHNA add	ressed by an initiative of your hospital?
Yes	
Q125. Please sheck all of the needs that were NOT as	Idramed by your community benefit initiatives.
This question was not abuniqued to the responsest.	
framework for accountability, local action, and public en	ions/activities align with the State Health Improvement Process (SHIP)? The State Health Improvement Process (SHIP) seeks to provide a ngagement to advance the health of Maryland residents. The SHIP measures represent what it means for Maryland to be healthy. Q133. Upload a copy of the Patient Information Sheet provided to patients in accordance with Health-General §19-214.1(e).

Q 10 . This to your neophale of household informed the incomed for medically neocodary into care. The care to oppose that talligod as a personage of the location person, for a (1 - 2).
Less than or equal to 200% of FPL
Q135. What is your hospital's household income threshold for medically necessary reduced cost care? Please respond with ranges as a percentage of the FPL.
Q 700. What is your nospital s household income uneshold for medically necessary reduced cost care : r lease respond with ranges as a percentage or the Fr E.
Greater than 200% of FPL to 500% of FPL
Q136. What are your hospital's criteria for reduced cost medically necessary care for cases of financial hardship? Please respond with ranges as a percentage of the FPL and household income. Fexample, household income between 301-500% of the FPL and a medical debt incurred over a 12-month period that exceeds 25 percent of household income.
201-500% of FPL Medical debt incurred over a 12-month period that exceeds 25 percent of household income
Q137. Provide a brief description of how your hospital's FAP has changed since the ACA Expansion became effective on January 1, 2014.
Effective January 1, 2015, JHHS expanded its definition of Medical Debt to include co-payments, co-insurance and deductibles of patients who purchased insurance through a Qualified Health
Plan. In JHHS FAP a Qualified Health Plan is defined as: Under the Affordable Care Act, starting in 2014, an insurance plan that is certified by the Health Insurance Marketplace, provides essential health benefits, follows established limits on cost-sharing (like deductibles, copayments, and out-of-pocket maximum amounts), and meets other requirements. A qualified health plan to the provided starting of the provided s
have a certification by each Marketplace in which it is sold. At The Johns Hopkins Hospital and Johns Hopkins Bayview Medical Center (JHBMC), the policy expanded eligibility for Financial Assistance. Previously, eligibility was limited to patients who were citizens of the United States of America or a permanent legal resident (must have resided in the USA for a minimum of one year.)
Effective January 1, 2015, this was expanded to include patients who reside within the geographic area described in the hospital's Community Health Needs Assessment. The ZIP codes for JHI and JHBMC are: 21202, 21205, 21206, 21213, 21218, 21219, 21222, 21224, 21231, and 21052. Notice of financial assistance availability was posted on each hospital's website and mentioned
during oral communications. Policy was changed to state this is being done. This change is in response to IRS regulation changes. Previously patients had to apply for Medical Assistance as a prerequisite for financial assistance. JHHS added that the patient must apply for Medical Assistance or insurance coverage through a Qualified Health Plan and cooperate fully with the Medical
Assistance team or its designated agent, unless the financial representative can readily determine that the patient would fail to meet the eligibility requirements. For Medical Hardship: Medical D is defined as out of pocket expenses for medical costs for Medically Necessary Care billed by the Hopkins hospital to which the application is made, the out of pocket expenses mentioned above
do not include co-payments, co-insurance and deductibles, unless the patient is below 200% of Federal Poverty Guidelines. Policy was changed to add an Appendix and language advising that the Appendix lists physicians that provide emergency and medically necessary care at the hospitals and whether the doctor is covered under the hospital's Financial Assistance policy. The
Appendix will be updated quarterly and is posted on the hospital website. The policy and the website instruct patients to direct any questions they may have concerning whether a specific docto has a financial assistance policy separate and apart from the hospital's policy. This change is in response to IRS regulation changes.
Q138. (Optional) Is there any other information about your hospital's FAP that you would like to provide?
Financial Assistance Policy is available in English, Spanish, French and Chinese.
Q139. (Optional) Please attach any files containing further information about your hospital's FAP.
Q140. You have reached the end of the questions, but you are not quite finished. When you click the button below, you will see a page with all of your answers together. You will see a link to download a pdf document of your answers, near the top of the page. You can download your answers to share with your leadership, board, or others as required by your internal processes. Your
report will not be submitted to HSCRC until you have clicked the button at the bottom of the next page, the one with all your answers.

I. POLICY

This policy applies to The Johns Hopkins Health System Corporation (JHHS) following entities: The Johns Hopkins Hospital (JHH), Johns Hopkins Bayview Medical Center, Inc., Acute Care Hospital and Special Programs (JHBMC) and the Chronic Specialty Hospital of the Johns Hopkins Bayview Care Center (JHBCC).

II. PURPOSE

The Johns Hopkins Health System Corporation (JHHS) is committed to providing financial assistance to patients who have health care needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation.

It is the policy of the Johns Hopkins Medical Institutions to provide Financial Assistance based on indigence or excessive Medical Debt for patients who meet specified financial criteria and request such assistance. The purpose of the following policy statement is to describe how applications for Financial Assistance can be made, the criteria for eligibility, and the steps for processing each application.

JHHS hospitals will publish the availability of Financial Assistance on a yearly basis in their local newspapers, and will post notices of availability at patient registration sites, Admissions/Business Office the Billing Office, and at the emergency department within each facility. Notice of availability will be posted on each hospital website, will be mentioned during oral communications, and will also be sent to patients on patient bills. A Patient Billing and Financial Assistance Information Sheet will be provided to inpatients before discharge and will be available to all patients upon request.

Johns Hopkins Medicine Finance	Policy Number	PFS035
Financial Assistance Policies Manual General	Effective Date	10/02/2018
	Approval Date	10/02/2018
Subject	Page	2 of 7
Financial Assistance for JHH, JHBMC and JHBCC	Supersedes Date	02/01/2017

Financial Assistance may be extended when a review of a patient's individual financial circumstances has been conducted and documented. Review for Medical Financial Hardship Assistance shall include a review of the patient's existing medical expenses and obligations (including any accounts placed in bad debt) and any projected medical expenses. Financial Assistance Applications and Medical Financial Hardship Assistance may be offered to patients whose accounts are with a collection agency and will apply only to those accounts on which a judgment has not been granted, so long as other requirements are met.

FINANCIAL ASSISTANCE FOR PHYSICIANS PROVIDING CASE NOTICE:

Attached as Exhibit D is a list of physicians that provide emergency and medically necessary care as defined in this policy at JHH, JHBMC and JHBCC. The list indicates if the doctor is covered under this policy. If the doctor is not covered under this policy, patients should contact the physician's office to determine if the physician offers financial assistance and if so what the physician's financial assistance policy provides.

III. DEFINITIONS

Medical Debt	Medical Debt is defined as out of pocket expenses for medical costs resulting from medically necessary care billed by the Hopkins hospital to which the application is made. Out of pocket expenses do not include co-payments, co-insurance and deductibles. Medical Debt does not include those hospital bills for which the patient chose to be registered as Voluntary Self Pay (opting out of insurance coverage, or insurance billing)	
Liquid Assets	Cash, securities, promissory notes, stocks, bonds, U.S. Savings Bonds, checking accounts, savings accounts, mutual funds, Certificates of Deposit, life insurance policies with cash surrender values, accounts receivable, pension benefits or other property immediately convertible to cash. A safe harbor of \$150,000 in equity in patient's primary residence shall not be considered an asset convertible to cash. Equity in any other real property shall be subject to liquidation. Liquid Assets do not include retirement assets to which the Internal Revenue Service has granted preferential tax treatment as a retirement account, including but not limited to, deferred compensation plans qualified under the Internal Revenue Code or non qualified deferred compensation plans.	
Elective Admission	A hospital admission that is for the treatment of a medical condition that is not considered an Emergency Medical Condition.	
Immediate Family	If patient is a minor, immediate family member is defined as mother, father, unmarried minor siblings, natural or adopted, residing in the same household. If patient is an adult, immediate family member is defined as spouse or natural or adopted unmarried minor children residing in the same household.	
Emergency Medical Condition	A medical condition manifesting itself by acute symptoms of sufficient severity, which may include severe pain, or other acute symptoms such that the absence of immediate medical attention could reasonably be expected to result in any of the following: 1. Serious jeopardy to the health of a patient; 2. Serious impairment of any bodily functions; 3. Serious dysfunction of any bodily organ or part. 4. With respect to a pregnant woman: a. That there is inadequate time to effect safe transfer to another hospital prior to delivery. b. That a transfer may pose a threat to the health and safety of the patient or fetus. c. That there is evidence of the onset and persistence of uterine contractions or rupture of the membranes.

Fina	ancial Assistance for JHH, JHBMC and JHBCC	Supersedes Date	02/01/2017

Emergency Services and Care	Medical screening, examination, and evaluation by a physician, or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a physician, to determine whether an emergency medical condition exists and, if it does, the care, treatment, or surgery by a physician which is necessary to relieve or eliminate the emergency medical condition, within the service capability of the hospital.
Medically Necessary Care	Medical treatment that is necessary to treat an Emergency Medical Condition. Medically necessary care for the purposes of this policy does not include Elective or cosmetic procedures.
Medically Necessary Admission	A hospital admission that is for the treatment of an Emergency Medical Condition.
Family Income	Patient's and/or responsible party's wages, salaries, earnings, tips, interest, dividends, corporate distributions, rental income, retirement/pension income, Social Security benefits and other income as defined by the Internal Revenue Service, for all members of Immediate Family residing in the household.
Supporting Documentation	Pay stubs; W-2s; 1099s; workers' compensation, Social Security or disability award letters; bank or brokerage statements; tax returns; life insurance policies; real estate assessments and credit bureau reports, Explanation of Benefits to support Medical Debt.
Qualified Health Plan	Under the Affordable Care Act, starting in 2014, an insurance plan that is certified by the Health Insurance Marketplace, provides essential health benefits, follows established limits on cost-sharing (like deductibles, copayments, and out-of-pocket maximum amounts), and meets other requirements. A qualified health plan will have a certification by each Marketplace in which it is sold.

IV. PROCEDURES

- A. An evaluation for Financial Assistance can begin in a number of ways:
 - 1. For example:
 - a. A patient with a self-pay balance due notifies the self-pay collector or collection agency that he/she cannot afford to pay the bill and requests assistance.
 - b. A patient presents at a clinical area without insurance and states that he/she cannot afford to pay the medical expenses associated with their current or previous medical services.
 - c. A patient with a hospital account referred to a collection agency notifies the collection agency that he/she cannot afford to pay the bill and requests assistance.
 - d. A physician or other clinician refers a patient for Financial-Assistance evaluation for either inpatient or outpatient services.
- B. Each Clinical or Business Unit will designate a person or persons who will be responsible for taking Financial Assistance applications. These staff can be Financial Counselors, Self-Pay Collection Specialists, Administrative staff, Customer Service, etc.
- C. Designated staff will meet with patients who request Financial Assistance to determine if they meet preliminary criteria for assistance.
 - 1. All hospital applications will be processed within two business days and a determination will be made as to probable eligibility. To facilitate this process each applicant must provide information about family size and income, (as defined by Medicaid regulations). To help applicants complete the process, we will provide a statement of conditional approval that will let them know what paperwork is required for a final determination of eligibility.

Subject Financial Assistance for JHH, JHBMC and JHBCC	Page	4 of 7
	Supersedes Date	02/01/2017

- 2. Applications received will be sent to the JHHS Revenue Cycle Management Department's dedicated Financial Assistance application line for review; a written determination of probable eligibility will be issued to the patient.
- D. To determine final eligibility, the following criteria must be met:
 - 1. The patient must apply for Medical Assistance or insurance coverage through a Qualified Health Plan and cooperate fully with the Medical Assistance team or its' designated agent, unless the financial representative can readily determine that the patient would fail to meet the eligibility requirements. The Patient Profile Questionnaire (Exhibit B) is used to determine if the patient must apply for Medical Assistance. In cases where the patient has active Medical Assistance pharmacy coverage or QMB coverage, it would not be necessary to reapply for Medical Assistance unless the financial representative has reason to believe that the patient may be awarded full Medical Assistance benefits.
 - 2. Consider eligibility for other resources, such as endowment funds, outside foundation resources, etc.
 - 3. The patient must be a United States of America citizen or permanent legal resident (must have resided in the U.S.A. for a minimum of one year).
 - 4. All insurance benefits must have been exhausted.
- E. To the extent possible, there will be one application process for all of the Maryland hospitals of JHHS. The patient is required to provide the following:
 - 1. A completed Financial Assistance Application (Exhibit A) and Patient Profile Questionnaire (Exhibit B).
 - 2. A copy of their most recent Federal Income Tax Return (if married and filing separately, then also a copy of spouse's tax return and a copy of any other person's tax return whose income is considered part of the family income as defined by Medicaid regulations).
 - 3. A copy of the three (3) most recent pay stubs (if employed) or other evidence of income of any other person whose income is considered part of the family income as defined by Medicaid regulations.
 - 4. A Medical Assistance Notice of Determination (if applicable).
 - 5. Proof of U.S. citizenship or lawful permanent residence status (green card) if applicable.
 - 6. Proof of disability income (if applicable).
 - 7. Reasonable proof of other declared expenses.
 - 8. If unemployed, reasonable proof of unemployment such as statement from the Office of Unemployment Insurance, a statement from current source of financial support, etc...
- F. A patient can qualify for Financial Assistance either through lack of sufficient insurance or excessive Medical Debt. Medical Debt is defined as out of pocket expenses excluding copayments, coinsurance and deductibles unless the patient purchased insurance through a Qualified Health Plan and meets eligibility requirements for medical costs billed by a Hopkins hospital. Once a patient has submitted all the required information, the Financial Counselor will review and analyze the application and forward it to the Revenue Cycle Management Department for final determination of eligibility based upon JHMI guidelines.
 - If the application is denied, the patient has the right to request the application be reconsidered. The Financial Counselor will forward the application and attachments to the Financial Assistance Evaluation Committee for final evaluation and decision.
 - 2. If the patient's application for Financial Assistance is based on excessive Medical Debt or if there are extenuating circumstances as identified by the Financial Counselor or designated person, the Financial Counselor will forward the application and attachments to the Financial Assistance Evaluation Committee. This committee will have decision-making authority to approve or reject applications. It is expected that an application for Financial Assistance reviewed by the Committee will have a final determination made no later than 30 days from the date the application was considered complete. The Financial Assistance Evaluation Committee will base its determination of financial need on JHHS guidelines.
- G. Each clinical department has the option to designate certain elective procedures for which no Financial Assistance options will be given.
- H. Services provided to patients registered as Voluntary Self Pay patients do not qualify for Financial Assistance.

		Supersedes Date	02/01/2017

- I. A department operating programs under a grant or other outside governing authority (i.e., Psychiatry) may continue to use a government-sponsored application process and associated income scale.
- J. Once a patient is approved for Financial Assistance, Financial Assistance coverage shall be effective for the month of determination and the following six (6) calendar months. If patient is approved for a percentage allowance due to financial hardship it is recommended that the patient make a good-faith payment at the beginning of the Financial Assistance period. Upon a request from a patient who is uninsured and whose income level falls within the Medical Financial Hardship Income Grid set forth in Appendix B, JHHS shall make a payment plan available to the patient. Any payment schedule developed through this policy will ordinarily not last longer than two years. In extraordinary circumstances and with the approval of the designated manager a payment schedule may be extended.
- K. Presumptive Financial Assistance Eligibility. There are instances when a patient may appear eligible for financial assistance, but there is no financial assistance form on file. Often there is adequate information provided by the patient or other sources, which could provide sufficient evidence to provide the patient with financial assistance. In the event there is no evidence to support a patient's eligibility for financial assistance, JHHS reserves the right to use outside agencies in determining estimated income amounts for the basis of determining financial assistance eligibility and potential reduced care rates. Once determined, due to the inherent nature of presumptive circumstances, the only financial assistance that can be granted is either a partial or a 100% write-off of the account balance, dependent income and FPL amounts. Presumptive Financial Assistance Eligibility shall only cover the patient's specific date of service and shall not be effective for a six (6) month period. Presumptive eligibility may be determined on the basis of individual life circumstances. Unless otherwise eligible for Medicaid or CHIP, patients who are beneficiaries/recipients of the meanstested social service programs listed by the Health Services Cost Review Commission in COMAR 10.37.10.26 A-2 are deemed Presumptively Eligible for free care provided the patient submits proof of enrollment within 30 days of date of service. Such 30 days may be extended to 60 days if patient or patient's representative request an additional 30 days. Appendix A-1 provides a list of life circumstances in addition to those specified by the regulations listed above that qualify a patient for Presumptive Eligibility.
- L. Financial Assistance Applications may only be submitted for/by patients with open and unpaid hospital accounts.
- M. Patients who indicate they are unemployed and have no insurance coverage shall be required to submit a Financial Assistance Application unless they meet Presumptive Financial Assistance Eligibility criteria. If patient qualifies for COBRA coverage, patient's financial ability to pay COBRA insurance premiums shall be reviewed by the Financial Counselor and recommendations shall be made to Financial Assistance Evaluation Committee. Individuals with the financial capacity to purchase health insurance shall be encouraged to do so, as a means of assuring access to health care services and for their overall personal health.
- N. Patients who receive coverage on a Qualified Health Plan and ask for help with out of pocket expenses (co-payments and deductibles) for medical costs resulting from medically necessary care shall be required to submit a Financial Assistance Application if the patient is at or below 200% of Federal Poverty Guidelines.
- O. If a patient account has been assigned to a collection agency, and patient or guarantor request financial assistance or appears to qualify for financial assistance, the collection agency shall notify RCM and shall forward the patient/guarantor a financial assistance application with instructions to return the completed application to RCM for review and determination and shall place the account on hold for 45 days pending further instruction from RCM.
- P. Beginning October 1, 2010, if within a two (2) year period after the date of service a patient is found to be eligible for free care on the date of service (using the eligibility standards applicable on the date of service), the patient shall be refunded amounts received from the patient/guarantor exceeding \$25. If the hospital documentation demonstrates the lack of cooperation of the patient or guarantor in providing information to determine eligibility for free care, the two (2) year period herein may be reduced to 30 days from the date of initial request for information. If the patient is enrolled in a means-tested government health care plan that requires the patient to pay-out-of pocket for hospital services, then patient or guarantor shall not be refunded any funds that would result in patient losing financial eligibility for health coverage.

- Q. This Financial Assistance policy does not apply to deceased patients for whom a decedent estate has or should be opened due to assets owned by a deceased patient. Johns Hopkins will file a claim in the decedents' estate and such claim will be subject to estate administration and applicable Estates and Trust laws.
- R. JHHS Hospitals may extend Financial Assistance to residents with demonstrated financial need, regardless of citizenship, in the neighborhoods surrounding their respective hospitals, as determined by the hospital's Community Health Needs Assessment. The zip codes for The Johns Hopkins Hospital (JHH) and Johns Hopkins Bayview Medical Center (JHBMC) are: 21202, 21205, 21206, 21213, 21218, 21219, 21222, 21224, 21231 and 21052. Once a patient is approved for Financial Assistance, Financial Assistance coverage shall be effective for the month of determination and the following six (6) calendar months. Financial Counselors will refer these patients to The Access Partnership program at Hopkins (see PFS127 for specific procedures).
- S. Actions JHHS hospitals may take in the event of non-payment are described in a separate billing and collections policy (PFS046). To obtain a free copy of this policy please contact Customer Service at 1-855-662-3017 (toll free) or send an email to pfscs@jhmi.edu or visit a Financial Counselor in the Admission Office of any JHHS Hospital.

VI. RESPONSIBILITIES – JHH, JHBMC

A. Financial Counselor (Pre-Admission/Admission/In-House/ Outpatient) Customer Service Collector Admissions Coordinator

Any Finance representative designated to accept applications for Financial Assistance

- 1. Understand current criteria for Assistance qualifications.
- 2. Identify prospective patients; initiate application process when required. As necessary assist patient in completing application or program specific form.
- 3. On the day preliminary application is received, fax to Patient Financial Services Department's dedicated fax line for determination of probable eligibility.
- 4. Review preliminary application, Patient Profile Questionnaire and Medical Financial Hardship Application (if submitted) to make probable eligibility determination. Within two business days of receipt of preliminary application, mail determination to patient's last known address or deliver to patient if patient is currently an inpatient. Notate patient account comments.
- 5. If Financial Assistance Application is not required, due to patient meeting specific criteria, notate patient account comments and forward to Management Personnel for review.
- 6. Review and ensure completion of final application.
- 7. Deliver completed final application to appropriate management.

- 8. Document all transactions in all applicable patient accounts comments.
- 9. Identify retroactive candidates; initiate final application process.
- B. Management Personnel (Supervisor/Manager/Director)
 - Review completed final application; monitor those accounts for which no application is required; determine patient
 eligibility; communicate final written determination to patient within 30 business days of receiving completed
 application. If patient is eligible for reduced cost care, apply the most favorable reduction in charges for which
 patient qualifies.
 - 2. Advise ineligible patients of other alternatives available to them including installment payments, bank loans, or consideration under the Medical Financial Hardship program if they have not submitted the supplemental application, Exhibit C. [Refer to Appendix B Medical Financial Hardship Assistance Guidelines.]
 - 3. Notices will not be sent to Presumptive Eligibility recipients.
- C. Financial Management Personnel (Senior Director/Assistant Treasurer or affiliate equivalent)
 CP Director and Management Staff
 - Review and approve Financial Assistance applications and accounts for which no application is required and which do not write off automatically in accordance with signature authority established in JHHS Finance Policy No.PFS120 - Signature Authority: Patient Financial Services.

PATIENT BILLING AND FINANCIAL ASSISTANCE INFORMATION SHEET

Johns Hopkins Medicine
The Johns Hopkins Hospital
Johns Hopkins Bayview Medical Center
Howard County General Hospital
Suburban Hospital

The Johns Hopkins Medical Institutions are committed to providing financial assistance to patients who have health care needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation.

Summary of Eligibility Requirements and Assistance Offered

It is the policy of the Johns Hopkins Medical Institutions to provide financial assistance based on indigence or excessive medical debt for patients who meet specified financial criteria and request such assistance.

The hospital offers financial assistance to certain individuals under a Financial Assistance Policy. If you are unable to pay for medical care, you may qualify for Free or Reduced-Cost Medically Necessary Care if you:

- Are a U.S. citizen or permanent resident living in the U.S. for a minimum of one year (not required for Suburban Hospital or Howard County General Hospital)
- Have no other insurance options
- Have been denied medical assistance or fail to meet all eligibility requirements
- Meet specific financial criteria

No individual who is eligible for financial assistance under the Financial Assistance Policy will be charged more for emergency or other medically necessary care than the amounts generally billed (AGB).

Summary of how to Apply for Assistance under the Financial Assistance Policy

To obtain free copies of the hospital's Financial Assistance Policy and Application, and for instructions on how to apply, please visit our website at: https://www.hopkinsmedicine.org/patient_care/billing-insurance/assistance-services/#financial_assistance or visit a Financial Counselor in the Admission Office of the hospital. To obtain a free copy of the Financial Assistance Policy and Application by mail, call 443-997-3370 (local) or 1-855-662-3017 (toll free) to request a copy or submit a written request to Johns Hopkins Health System, Customer Service – Financial Assistance, 3910 Keswick Road, S-5300, Baltimore, MD 21211.

Please call Customer Service at 443-997-3370 (local) or 1-855-662-3017 (toll free) or send an email to pfscs@jhmi.edu or visit a Financial Counselor in the Admission Office of the hospital with questions concerning:

- The Financial Assistance Policy and Application
- Your hospital bill
- Your rights and obligations with regard to your hospital bill

- Your rights and obligations with regard to reduced-cost, medically necessary care due to financial hardship
- How to apply for free and reduced-cost care
- How to apply for Maryland Medical Assistance or other programs that may help pay your medical bills

Language translations for the Financial Assistance Policy and all related documentation can be found on our website at: https://www.hopkinsmedicine.org/patient_care/billing-insurance/assistance-services/#financial assistance

Maryland Medical Assistance

You may also qualify for Maryland Medical Assistance. For information about Maryland Medical Assistance contact your local department of Social Services at 1-800-332-6347 (TTY 1-800-925-4434) or visit: www.dhr.state.md.us

Billing Rights and Obligations

Not all medical costs are covered by insurance. The hospital makes every effort to see that you are billed correctly. It is up to you to provide complete and accurate information about your health insurance coverage when you are brought in to the hospital or visit an outpatient clinic. This will help make sure that your insurance company is billed on time. Some insurance companies require that bills be sent in soon after you receive treatment or they may not pay the bill. Your final bill will reflect the actual cost of care minus any insurance payment received and/or payment made at the time of your visit. All charges not covered by your insurance are your responsibility.

If you do not qualify for Maryland Medical Assistance or financial assistance under the Financial Assistance Policy, you may be eligible for an extended payment plan for your medical bill.

Physician charges are not included in hospital bills and are billed separately. Johns Hopkins is simplifying our billing statement. For services after July 23, 2018, you will receive one bill for your care at Johns Hopkins Health System (excluding Behavioral Health). However, you may still receive multiple bills for services received prior to July 23, 2018, until those balances are paid from hospital-based physicians like anesthesiologists, pathologists, as well as from private community physicians.
