Independent Auditors' Report

The Board of Directors
University of Maryland Medical System Corporation:

We have audited the accompanying consolidated financial statements of the University of Maryland Medical System Corporation and Subsidiaries (the Corporation), which comprise the consolidated balance sheets as of June 30, 2013 and 2012, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the University of Maryland Medical System Corporation and Subsidiaries as of June 30, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in note 1(x) to the consolidated financial statements, in 2013, the Corporation adopted new accounting guidance, Accounting Standards Update 2011-07, *Health Care Entities (Topic 954), Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities*. Our opinion is not modified with respect to this matter.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information in Schedules 1-8 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies

(a) Organization

The University of Maryland Medical System Corporation (the Corporation or UMMS) is engaged in providing comprehensive healthcare services through an integrated network of hospitals and other inpatient and outpatient clinical enterprises. The Corporation operates University Hospital, University of Maryland Marlene and Stewart Greenebaum Cancer Center (Greenebaum Cancer Center), and The R Adams Cowley Shock Trauma Center (Shock Trauma Center), and certain other affiliates, collectively referred to as University of Maryland Medical Center (Medical Center) and is the sole member of The James Lawrence Kernan Hospital, Inc. (Kernan); University Specialty Hospital, Inc. (University Specialty); Maryland General Health Systems, Inc. (Maryland General); Baltimore Washington Medical System, Inc. (Baltimore Washington); Shore Health System, Inc. (Shore Health); Chester River Health System, Inc. (Chester River); Civista Health, Inc. (Civista); University of Maryland St. Joseph Health System (St. Joseph); University of Maryland Medical System Foundation, Inc. (UMMS Foundation); and Shipley's Choice Medical Park, Inc. (Shipley's), each of which is described below.

The accompanying consolidated financial statements include the accounts of the Corporation, its wholly owned subsidiaries, and entities controlled by the Corporation. In addition, the Corporation maintains equity interests in various unconsolidated joint ventures, which are described in note 4. All material intercompany balances and transactions have been eliminated in consolidation.

Recent Acquisitions & Divestitures

The Corporation established St. Joseph and subsequently purchased substantially all of the assets of the former St. Joseph Medical Center on December 1, 2012. During the year ended June 30, 2013, the Corporation completed the closure of University Specialty. Additionally, the Corporation became the sole member of Civista on July 1, 2011. These events are more fully described below.

University of Maryland Medical Center

The University of Maryland Medical Center, which is a major component of UMMS, is an 800-bed academic medical center located in Baltimore. The Medical Center has served as the teaching hospital of the School of Medicine of the University System of Maryland, Baltimore since 1823. While the Corporation is not affiliated with the University System of Maryland, clinical faculty members of the School of Medicine serve as medical staff of the Medical Center.

The Medical Center is comprised of three operating divisions: University Hospital, Shock Trauma Center, and Greenebaum Cancer Center. University Hospital, which generates approximately 75% of the Medical Center's admissions and patient days, is a tertiary teaching hospital providing over 70 clinical services and programs. The Shock Trauma Center, which specializes in emergency treatment of patients suffering severe trauma, generates approximately 20% of admissions and patient days. The Greenebaum Cancer Center specializes in the treatment of cancer patients and is a site for clinical cancer research.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The Medical Center's operations include UniversityCARE, LLC (UCARE), a physician hospital organization of which the Corporation has a majority ownership interest and therefore consolidates, and 36 South Paca Street, LLC, a wholly owned subsidiary of the Corporation that operates a residential apartment building.

The James Lawrence Kernan Hospital, Inc.

Kernan is comprised of a medical/surgical and rehabilitation hospital in Baltimore with 153 licensed beds, including 108 rehabilitation beds, 36 chronic care beds, 9 medical/surgical beds; and off-site physical therapy facilities.

A related corporation, The James Lawrence Kernan Endowment Fund, Inc. (Kernan Endowment), is governed by a separate, independent board of directors and is required to hold investments and income derived therefrom for the exclusive benefit of Kernan. Accordingly, the accompanying consolidated financial statements reflect an economic interest in the net assets of the Kernan Endowment.

Effective July 1, 2013, Kernan's name was changed to University of Maryland Rehabilitation and Orthopaedic Institute.

University Specialty Hospital, Inc.

During fiscal year 2013, the Corporation closed University Specialty Hospital (USH), a 180-bed chronic care hospital located in Baltimore and ceased operations at that location. The decision to close University Specialty was made during fiscal 2012, therefore in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 205-35, the Corporation recorded an impairment loss of \$13,824,000 during the year ended June 30, 2012. In addition, the Corporation recorded \$2,423,000 of operating expenses related to the accrual of salaries and benefits payable under severance agreements during the year ended June 30, 2012.

During the year ended June 30, 2013, the Corporation sold the USH hospital building along with an unrelated piece of land for \$7,202,000. The Corporation recognized a gain of \$1,427,000 in the year ended June 30, 2013, which is recorded as an other nonoperating gain in the accompanying consolidated statements of operations.

Maryland General Health Systems, Inc.

Maryland General is located in Baltimore city and is comprised of Maryland General Hospital, a 235-bed acute care hospital; a wholly owned subsidiary providing primary care; and a noncontrolling 25% interest in a managed care organization providing services primarily to Medicaid patients.

Effective July 1, 2013, Maryland General's name was changed to University of Maryland Medical Center Midtown Campus.

Baltimore Washington Medical System, Inc.

Baltimore Washington is located in Anne Arundel County, a suburb of Baltimore city, and is a health system comprised of Baltimore Washington Medical Center, a 307-bed acute care hospital providing

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

a broad range of services, and several wholly owned subsidiaries providing emergency physician and other services.

Baltimore Washington Medical Center Foundation, Inc. (BWMC Foundation) is governed by a separate, independent board of directors and is required to hold investments and income derived therefrom for the exclusive benefit of Baltimore Washington Medical Center. Accordingly, the accompanying consolidated financial statements reflect an economic interest in the net assets of the BWMC Foundation.

Shore Health System, Inc. and Chester River Health System, Inc.

Shore Health is a two-hospital health system located on the Eastern Shore of Maryland. Shore Health owns and operates Memorial Hospital, a 132-bed acute care hospital providing inpatient and outpatient services in Easton, Maryland; Dorchester Hospital, a 46-bed acute care hospital providing inpatient and outpatient services in Cambridge, Maryland; Memorial Hospital Foundation (Memorial Foundation), a nonprofit corporation established to solicit donations for the benefit of Memorial Hospital; and several other subsidiaries providing various outpatient and home care services.

Chester River owns and operates Chester River Hospital Center (CRHC), a 42-bed acute care hospital providing inpatient and outpatient services to the residents of Kent and Queen Anne's counties; Chester River Health Foundation (Chester River Foundation), a nonprofit corporation established to solicit donations for the benefit of Chester River; and two other subsidiaries providing outpatient and homecare services.

Dorchester General Hospital Foundation, Inc. (Dorchester Foundation) is governed by a separate, independent board of directors to raise funds on behalf of Dorchester Hospital. Shore Health does not have control over the policies or decisions of the Dorchester Foundation, and accordingly, the accompanying consolidated financial statements reflect a beneficial interest in the net assets of the Dorchester Foundation.

Effective July 1, 2013, the operations of Shore Health and Chester River were combined and renamed Shore Regional Health.

Civista Health, Inc.

Civista Medical Center (CMC) is comprised of a 110-bed acute care hospital and other community healthcare resources providing inpatient and outpatient services to the residents of Charles County in Southern Maryland.

On July 1, 2011, the Corporation entered into an affiliation agreement with Civista under which the Corporation became the sole member of Civista. No consideration was tendered in connection with the transaction. The affiliation was accounted for under the purchase accounting method for business combinations and the financial position and results of operations for Civista were consolidated by the Corporation beginning on July 1, 2011. The Corporation recognized an inherent contribution equal to the estimated fair value of the identifiable net assets of Civista on the acquisition date of \$37,811,000, of which \$37,322,000 was included with nonoperating income on the consolidated

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

statement of operations and \$489,000 was included as a temporarily restricted contribution in the consolidated statement of changes in net assets, for the year ended June 30, 2012.

The following table summarizes the estimated fair value of assets acquired and liabilities assumed at July 1, 2011 (the acquisition date):

Assets:	
Current assets	\$ 49,063,000
Property and equipment	74,851,000
Other long-term assets	<u>11,332,000</u>
Total assets	<u>\$ 135,246,000</u>
Liabilities:	
Current liabilities	\$ 33,162,000
Long-term liabilities	60,075,000
Accrued pension cost	<u>4,198,000</u>
Total liabilities	<u>97,435,000</u>
Net assets:	
Unrestricted	37,322,000
Temporarily restricted	<u>489,000</u>
Total net assets	<u>37,811,000</u>
Total liabilities and net assets	<u>\$ 135,246,000</u>

Effective July 1, 2013, Civista's name was changed to Charles Regional Health.

University of Maryland St. Joseph Health System, LLC

St. Joseph owns and operates University of Maryland St. Joseph Medical Center (UMSJMC), a 247-bed, Catholic acute care hospital located in Towson, Maryland, as well as other subsidiaries providing inpatient and outpatient services to the residents of Baltimore County.

St. Joseph, a wholly owned subsidiary of the Corporation, acquired substantially all the assets of the former St. Joseph Medical Center, as well as ownership interests in certain of its related affiliates, on December 1, 2012 (the Purchase Date).

The acquisition was completed pursuant to an Asset Purchase Agreement (the Purchase Agreement) with the sellers, under which the stated purchase price was \$206,300,000. The purchase price included \$47,000,000 that was placed into escrow by the Corporation as a contingent component of the purchase. The Corporation expects it is more likely than not that this contingency will be payable to the seller, and has accounted for it as a component of the purchase price and fair value of the assets acquired.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Under the Purchase Agreement, purchased assets include the former St. Joseph Medical Center hospital facility, land and improvements, furniture, fixtures and equipment, joint venture interests, and other assets, liabilities, and records necessary to continue operations at the facility, but exclude certain assets such as cash, investments, and accounts receivable as of the Purchase Date. Under the terms of the Purchase Agreement, UMMS did not assume any liabilities or financial obligations associated with any acquired assets or the business operations at St. Joseph Medical Center that existed at the time of, or occurred prior to, the Purchase Date, including but not limited to accounts payable, liabilities for benefit and pension plans, financial obligations to any governmental authority and claims or litigation relating to acts or omissions that occurred prior to the Purchase Date.

The acquisition was accounted for under the purchase accounting method for business combinations and the financial position and results of operations of St. Joseph were consolidated by the Corporation beginning on December 1, 2012. Included in other nonoperating losses as of June 30, 2013, is \$6,920,000 of acquisition costs incurred by the Corporation as a result of the purchase.

The following table summarizes the estimated fair value of assets acquired at December 1, 2012 (the acquisition date):

Property, plant and equipment	\$	182,170,000
Investments in joint ventures		14,627,000
Interest in net assets of St. Joseph Medical Center Foundation, Inc.		<u>9,503,000</u>
Total assets	\$	<u><u>206,300,000</u></u>

Included in investments in joint ventures is an interest in O’Dea Medical Arts Limited Partnership (O’Dea). O’Dea has been consolidated with the Corporation due to control.

The following table summarizes the Corporation’s pro forma consolidated results as through the acquisition date occurred at July 1:

		<u>2013</u>	<u>2012</u>
Operating revenues	\$	2,697,750	2,702,716
Net operating income		(33,349)	47,372
Changes in net assets:			
Unrestricted	\$	114,126	(41,039)
Temporarily restricted		7,305	(8,450)
Permanently restricted		<u>(3,154)</u>	<u>2,075</u>
Total changes in net assets	\$	<u><u>118,277</u></u>	<u><u>(47,414)</u></u>

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

University of Maryland Medical System Foundation, Inc.

The UMMS Foundation, a not-for-profit foundation, was established for the purpose of soliciting contributions on behalf of the Corporation.

Shipley's Choice Medical Park, Inc.

Shipley's, a wholly owned subsidiary, is a 501(c) (2) title-holding corporation, formed for the purpose of managing property investments located in Anne Arundel County. The operations of Shipley's are solely comprised of the management of this property.

(b) Basis of Presentation

The consolidated financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

(c) Cash Equivalents

Cash and cash equivalents consist of cash and interest-bearing deposits with maturities of three months or less from the date of purchase.

(d) Investments and Assets Limited as to Use

The Corporation's investment portfolio is classified as trading, and is reported in the consolidated balance sheets at its fair value, based on quoted market prices, at June 30, 2013 and 2012. Unrealized holding gains and losses on trading securities with readily determinable market values are included in nonoperating income. Investment income, including realized gains and losses, is included in nonoperating income in the accompanying consolidated statement of operations.

Assets limited as to use include investments set aside at the discretion of the board of directors for the replacement or acquisition of property and equipment, investments held by trustees under bond indenture agreements and self-insurance trust arrangements, and assets whose use is restricted by donors. Such investments are stated at fair value. Amounts required to meet current liabilities have been included in current assets in the consolidated balance sheets. Changes in fair values of donor-restricted investments are recorded in temporarily restricted net assets unless otherwise required by the donor or state law.

Assets limited as to use also include the Corporation's economic interests in financially interrelated organizations (note 12).

Alternative investments are recorded under the equity method of accounting. Underlying securities of these alternative investments may include certain debt and equity securities that are not readily marketable. Because certain investments are not readily marketable, their fair value is subject to additional uncertainty, and therefore values realized upon disposition may vary significantly from current reported values.

Investments are exposed to certain risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, changes in the value of

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

investment securities could occur in the near term, and these changes could materially differ from the amounts reported in the accompanying consolidated financial statements.

(e) Inventories

Inventories, consisting primarily of drugs and medical/surgical supplies, are carried at the lower of cost or market, on a first-in, first-out basis.

(f) Economic Interests in Financially Interrelated Organizations

The Corporation recognizes its rights to assets held by recipient organizations, which accept cash or other financial assets from a donor and agree to use those assets on behalf of or transfer those assets, the return on investment of those assets, or both, to the Corporation. Changes in the Corporation's economic interests in these financially interrelated organizations are recognized in the consolidated statements of changes in net assets.

(g) Property and Equipment

Property and equipment are stated at cost, or estimated fair value at date of contribution, less accumulated depreciation. Depreciation is provided on a straight-line basis over the estimated useful lives of the depreciable assets. The estimated useful lives of the assets are as follows:

Buildings	20 to 40 years
Building and leasehold improvements	5 to 20 years
Equipment	3 to 20 years

Interest costs incurred on borrowed funds less interest income earned on the unexpended bond proceeds during the period of construction are capitalized as a component of the cost of acquiring those assets.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

(h) Deferred Financing Costs

Costs incurred related to the issuance of long-term debt, which are included in other assets, are deferred and are amortized over the life of the related debt agreements or the related letter of credit agreements using the effective interest method.

(i) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

reviewed for impairment at least annually. A qualitative assessment of whether it is more likely than not that the fair value of the reporting unit is less than its carrying value is performed, which determines whether a quantitative goodwill impairment test is necessary. The goodwill impairment test is a two-step test. Under the first step, the fair value of the reporting unit is compared with its carrying value (including goodwill). If the fair value of the reporting unit is less than its carrying value, an indication of goodwill impairment exists for the reporting unit and the entity must perform step two of the impairment test (measurement). Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation and the residual fair value after this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using a discounted cash flow analysis. If the fair value of the reporting unit exceeds its carrying value, step two does not need to be performed.

No impairment loss was recorded in 2013 or 2012.

(j) *Impairment of Long-Lived Assets*

Long-lived assets, such as property, plant, and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by comparing the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the consolidated balance sheets and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheets.

(k) *Investments in Joint Ventures*

When the Corporation does not have a controlling interest in an entity, but exerts a significant influence over the entity, the Corporation applies the equity method of accounting.

(l) *Self-Insurance*

Under the Corporation's self-insurance programs (general and professional liability, workers' compensation and employee health and long term disability benefits), claims are reflected as a present value liability based upon actuarial estimates, including both reported and incurred but not reported claims taking into consideration the severity of incidents and the expected timing of claim payments.

(m) *Net Assets*

The Corporation classifies net assets based on the existence or absence of donor-imposed restrictions. Unrestricted net assets represent contributions, gifts and grants, which have no

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

donor-imposed restrictions or which arise as a result of operations. Temporarily restricted net assets are subject to donor-imposed restrictions that must or will be met either by satisfying a specific purpose and/or passage of time. Permanently restricted net assets are subject to donor-imposed restrictions that must be maintained in perpetuity. Generally, the donors of these assets permit the use of all or part of the income earned on related investments for specific purposes. The restrictions associated with these net assets generally pertain to patient care, specific capital projects and funding of specific hospital operations and community outreach programs.

(n) *Net Patient Service Revenue and Provision for Uncollectible Accounts*

Patient service revenue for the Medical Center, Kernan, Maryland General, Baltimore Washington, Shore Health, Chester River, University Specialty, Civista, and UMSJMC reflects actual charges to patients based on rates established by the State of Maryland Health Services Cost Review Commission (HSCRC) in effect during the period in which the services are rendered, net of contractual adjustments. Contractual adjustments represent the difference between amounts billed as patient service revenue and amounts allowed by third-party payors. Such adjustments include discounts on charges as permitted by the HSCRC.

The Corporation records revenues and accounts receivable from patients and third-party payors at their estimated net realizable value. Revenue is reduced for anticipated discounts under contractual arrangements and for charity care. An estimated provision for bad debts is recorded in the period the related services are provided based upon anticipated uncompensated care, and is adjusted as additional information becomes available.

The provision for bad debts is based upon management's assessment of historical and expected net collections considering historical business and economic conditions, trends in healthcare coverage, and other collection indicators. Periodically throughout the year, management assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category. The results of this review are then used to make modifications to the provision for bad debts and to establish an allowance for uncollectible receivables. After collection of amounts due from insurers, the Corporation follows internal guidelines for placing certain past due balances with collection agencies.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

For receivables associated with services provided to patients who have third-party coverage, the Corporation analyzes contractually due amounts and provides an allowance for bad debts, allowance for contractual adjustments, provision for bad debts, and contractual adjustments on accounts for which the third-party payor has not yet paid or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely. For receivables associated with self-pay patients or with balances remaining after the third-party coverage has already paid, the Corporation records a significant provision for bad debts in the period of service on the basis of its historical collections, which indicates that many patients ultimately do not pay the portion of their bill for which they are financially responsible. The difference between the discounted rates and the amounts collected after all reasonable collection efforts have been exhausted is charged off against the allowance for bad debts. The change in the allowance for bad debts was as follows during the years ended June 30:

	2013	2012
Beginning bad debt allowance	\$ (158,201)	(161,124)
Plus provision for bad debt	(153,457)	(133,640)
Less bad debt write-offs	150,983	136,563
Ending bad debt allowance	\$ (160,675)	(158,201)

The change in the allowance for bad debts during 2013 is attributable to increased patient volumes in 2013, and trends experienced in the collection of the related patient receivables.

The Health Information Technology for Economic and Clinical Health (HITECH) Act was signed into law in February 2009. In the context of the HITECH Act, certain healthcare entities must implement a certified Electronic Health Record (EHR) in an effort to promote the adoption and “meaningful use” of health information technology (HIT). The HITECH Act includes significant monetary incentives meant to encourage the adaptation of an EHR system. During 2013, the Corporation recognized “meaningful use” incentive payments totaling \$20,261,000, which are included in other operating revenue in the consolidated statements of operations.

(o) Charity Care

The Corporation is committed to providing quality healthcare to all, regardless of their ability to pay. Patients who meet the criteria of its charity care policy receive services without charge or at amounts less than its established rates. The criteria for charity care consider the household income in relation to the federal poverty guidelines. The Corporation provides services at no charge for patients with adjusted gross income equal to or less than 200% of the federal poverty guidelines. For uninsured patients with adjusted gross income greater than 200% of the federal poverty guidelines, a sliding scale discount is applied. Income and asset information obtained from patient credit reporting data are used to determine patients’ ability to pay. The Corporation maintains records to identify and monitor the level of charity care it furnished under its charity care policy. The charity care policies of the new affiliates are generally consistent with that of the Corporation’s policy.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Due to the complexity of the eligibility process, the Corporation provides eligibility services to patients free of charge to assist in the qualification process. These eligibility services include, but are not limited to, the following:

- Financial assistance brochures and other information are posted at each point of service. When patients have questions or concerns, they are encouraged to call a toll-free number to reach customer service representatives during the business day. Financial assistance programs are published on the Corporation's website and included on the statements provided to patients.
- The Corporation offers assistance to patients in completing the applications for Medicaid or other government payment assistance programs, or applying for care under the Corporation's charity care policy, if applicable. The Corporation also employs an external firm to assist in the eligibility process.
- Any patient, whether covered by insurance or not, may meet with a UMMS representative and receive financial counseling from UMMS' dedicated financial assistance unit.

The Corporation recognizes that a large number of uninsured and insured patients meet the charity care guidelines but do not respond to the Corporation's attempts to obtain necessary financial information. In these instances, the Corporation uses credit reporting data to properly classify these unpaid balances as charity care as opposed to bad debt expense. Utilization of income and asset information and credit reporting data indicate the vast majority of amounts reported as provision for bad debts represent amounts due from patients that would otherwise qualify for charity benefits but do not respond to the Corporation's attempts to obtain the necessary financial information. In these cases, reasonable collection efforts are pursued, but yield few collections. Amounts determined to meet the criteria under the charity care policy are not reported as net patient service revenue.

The amounts reported as charity care represent the cost of rendering such services. Costs incurred are estimated based on the cost-to-charge ratio for each hospital and applied to charity care charges. The Corporation estimates the total direct and indirect costs to provide charity care were \$97,656,000 and \$100,753,000 for the years ended June 30, 2013 and 2012, respectively.

(p) *Nonoperating Income and Expenses, Net*

Other activities that are largely unrelated to the Corporation's primary mission are recorded as nonoperating income and expenses, and include investment income, equity in the net income of joint ventures, general donations and fund-raising activities, gains on acquisitions, changes in fair value of investments, changes in fair value of interest rate swaps, and loss on early extinguishment of debt.

(q) *Derivative Financial Instruments*

The Corporation records derivative and hedging activities on the consolidated balance sheet at their respective fair values.

The Corporation utilizes derivative financial instruments to manage its interest rate risks associated with long-term tax-exempt debt. The Corporation does not hold or issue derivative financial instruments for trading purposes.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The Corporation's specific goals are to (a) manage interest rate sensitivity by modifying the repricing or maturity characteristics of some of its tax-exempt debt, and (b) lower unrealized appreciation or depreciation in the market value of the Corporation's fixed-rate tax-exempt debt when that market value is compared with the cost of the borrowed funds. The effect of this unrealized appreciation or depreciation in market value, however, will generally be offset by the income or loss on the derivative instruments that are linked to the debt.

The Corporation formally documents all hedge relationships between hedging instruments and hedged items, as well as its risk-management objective and strategy for undertaking various hedge transactions. On the date the derivative contract is entered into, the Corporation may designate the derivative as either a hedge of the fair value of a recognized or forecasted liability (fair value hedge) or a hedge of the variability of cash flows to be received or paid related to a recognized liability (cash flow hedge), provided the derivative instrument meets certain criteria related to its effectiveness. This process includes linking all derivatives that are designated as fair value or cash flow hedges to specific liabilities on the consolidated balance sheet. The Corporation also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items.

All derivative instruments are reported as other assets or other long-term liabilities in the consolidated balance sheet and measured at fair value. Derivatives not designated as hedges or not meeting effectiveness criteria are carried at fair value with changes in the fair value recognized in other nonoperating income and expenses.

The Corporation discontinues hedge accounting prospectively when it determines that the derivative is no longer effective in offsetting changes in the fair value or cash flows of a hedged item, when the derivative expires or is sold, terminated or exercised, or when management determines that designation of the derivative as a hedge instrument is no longer appropriate. When hedge accounting is discontinued and the derivative remains outstanding, all subsequent changes in fair value of the derivative are included in the excess of revenues over expenses.

Changes in the fair value of derivative instruments are included in or excluded from the excess of revenues over expenses depending on the use of the derivative and whether it qualifies for hedge accounting treatment. Changes in the fair value of a derivative that is designated and qualifies as a fair value hedge, along with the changes in the fair value of the hedged item related to the risk being hedged, are included in the excess of revenues over expenses. Changes in the fair value of a derivative that is designated as a cash flow hedge are excluded from the excess of revenues over expenses to the extent that the hedge is effective until the excess of revenues over expenses is affected by the variability of cash flows in the hedged transaction. Changes in the fair value that relate to ineffectiveness are included in the excess of revenues over expenses as interest expense.

(r) *Excess (Deficiency) of Revenue over Expenses*

The consolidated statement of operations includes a performance indicator, excess of revenue over expenses. Changes in unrestricted net assets that are excluded from the performance indicator, consistent with industry practice, include contributions of long-lived assets (including assets

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

acquired using contributions, which, by donor restrictions, were to be used for the purpose of acquiring such assets), pension-related changes other than net periodic pension costs, change in fair value of derivatives that qualify for hedge accounting, and other items that are required by generally accepted accounting principles to be reported separately.

(s) *Income Taxes*

The Corporation and most of its subsidiaries are not-for-profit corporations formed under the laws of the State of Maryland, organized for charitable purposes and recognized by the Internal Revenue Service as tax-exempt organizations under Section 501(c)(3) of the Internal Revenue Code pursuant to Section 501(a) of the Code. The effect of the taxable status of its for-profit subsidiaries is not material to the consolidated financial statements. There were no income taxes paid on unrelated business activities in the year ended June 30, 2013 or 2012. The Corporation has net operating losses of approximately \$27,336,000 as of June 30, 2013, which expire at various dates through 2031. The Corporation's deferred tax assets of approximately \$10,934,000 at June 30, 2013 are fully reserved as they are not expected to be utilized.

The Corporation follows a threshold of more-likely than-not for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Management does not believe that there are any unrecognized tax benefits that should be recognized.

(t) *Donor-Restricted Gifts*

Unconditional promises to give cash and other assets to the Corporation are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the promise becomes unconditional. Contributions are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction is satisfied, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions. Such amounts are classified as other revenue or transfers and additions to property and equipment.

Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. An allowance for uncollectible contributions receivable is provided based upon management's judgment including such factors as prior collection history, type of contributions, and nature of fund-raising activity.

The Corporation follows accounting guidance for classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act of 2006 (UPMIFA).

(u) *Fair Value Measurements*

The following methods and assumptions were used by the Corporation in estimating the fair value of its financial instruments:

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Cash and cash equivalents, accounts receivable, assets limited as to use, investments, trade accounts payable, accrued payroll and benefits, other accrued expenses and advances from third-party payors – The carrying amounts reported in the consolidated balance sheet approximate the related fair values.

Pension plan asset portfolio – The Corporation applies Accounting Standards Update (ASU) 2009-12, *Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent)*, to its pension plan asset portfolio. The guidance permits, as a practical expedient, fair value of investments within its scope to be estimated using the net asset value or its equivalent. The alternative investments classified within Level 3 of the fair value hierarchy have been recorded using the Net Asset Value (NAV).

Long-term debt – The fair value of the long-term debt issued through the Maryland Health and Higher Educational Facilities Authority (Authority or MHHEFA), based on quoted market prices for the same or similar issues, at June 30, 2013 and 2012, was approximately \$1,291,397,000 and \$1,077,764,000, respectively. The carrying amounts of other long-term debt reported in note 7 and on the consolidated balance sheet approximate the related fair values.

The Corporation discloses its financial assets, financial liabilities and fair value measurements of nonfinancial items according to the fair value hierarchy required by GAAP that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities that the Corporation has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted market prices including within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs are unobservable inputs for the asset or liability.

Assets and liabilities classified as Level 1 are valued using unadjusted quoted market prices for identical assets or liabilities in active markets. The Corporation uses techniques consistent with the market approach and the income approach for measuring fair value of its Level 2 and Level 3 assets and liabilities. The market approach is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The income approach generally converts future amounts (cash flows or earnings) to a single present value amount (discounted).

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

As of June 30, 2013 and 2012, the Level 2 assets and liabilities listed in the fair value hierarchy tables below utilize the following valuation techniques and inputs:

(i) Cash Equivalents

The fair value of investments in cash equivalent securities, with maturities within three months of the date of purchase, is determined using techniques that are consistent with the market approach. Significant observable inputs include reported trades and observable broker/dealer quotes.

(ii) U.S. Government and Agency Securities

The fair value of investments in U.S. government, state, and municipal obligations is primarily determined using techniques consistent with the income approach. Significant observable inputs to the income approach include data points for benchmark constant maturity curves and spreads.

(iii) Corporate Bonds

The fair value of investments in U.S. and international corporate bonds, including commingled funds that invest primarily in such bonds, and foreign government bonds is primarily determined using techniques that are consistent with the market approach. Significant observable inputs include benchmark yields, reported trades, observable broker/dealer quotes, issuer spreads, and security specific characteristics, such as early redemption options.

(iv) Collateralized Corporate Obligations

The fair value of collateralized corporate obligations is primarily determined using techniques consistent with the income approach, such as a discounted cash flow model. Significant observable inputs include prepayment speeds and spreads, benchmark yield curves, volatility measures, and quotes.

(v) Derivative Liabilities

The fair value of derivative contracts is primarily determined using techniques consistent with the market approach. Derivative contracts include interest rate, credit default, and total return swaps. Significant observable inputs to valuation models include interest rates, Treasury yields, volatilities, credit spreads, maturity and recovery rates.

(v) Fair Value Option

Under the Fair Value Option Subsections of ASC Subtopic 825-10, *Financial Instruments – Overall*, the Corporation has the irrevocable option to report most financial assets and liabilities at fair value on an instrument-by-instrument basis, with changes in fair value reported in earnings. See note 7 to the consolidated financial statements.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(w) *Commitments and Contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

(x) *New Accounting Pronouncements*

In July 2011, the FASB issued ASU No. 2011-07, Health Care Entities (Topic 954): *Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debt, and the Allowance for Doubtful Accounts*. The ASU requires health care entities that recognize significant amounts of patient service revenue to present the provision for bad debts related to patient service revenue as a deduction from patient service revenue (net of contractual allowances and discounts) on their statement of operations. Additionally, enhanced disclosures about an entity's policies for recognizing, assessing bad debts, as well as qualitative and quantitative information about changes in the allowance for doubtful accounts are required. This ASU was effective for the Corporation on July 1, 2012. The adoption of this pronouncement did not have a material impact on the financial position or results of operations of the Corporation. See note 1(n) for related disclosure information.

(y) *Use of Estimates*

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(z) *Reclassification of Prior Year Balances*

Certain prior year amounts in note 14, Functional Expenses, have been reclassified to reflect the effects of the accounting pronouncement discussed in note 1(x). The reclassification reduced the 2012 Healthcare Services expenses by the provision for bad debts of \$133,640,000.

Self-insurance trust funds include amounts held by the Maryland Medicine Comprehensive Insurance Program (MMCIP) for payment of malpractice claims. These assets consist primarily of stocks, fixed-income corporate obligations, and alternative investments. MMCIP is a funding mechanism for the Corporation's malpractice insurance program. As MMCIP is not an insurance provider, transactions with MMCIP are recorded under the deposit method of accounting. Accordingly, the Corporation accounts for its participation in MMCIP by carrying limited-use assets representing the amount of funds contributed to MMCIP and recording a liability for claims, which is included in other current and other long-term liabilities in the accompanying consolidated balance sheets.

The carrying values of investments not limited as to use were as follows at June 30 (in thousands):

	<u>2013</u>	<u>2012</u>
Cash and cash equivalents	\$ 7,035	17,342
Corporate bonds	32,426	32,030
Collateralized corporate obligations	9,014	16,443
U.S. government and agency securities	68,638	26,427
Common stocks	165,409	170,879
Alternative investments	180,954	183,006
	<u>\$ 463,476</u>	<u>446,127</u>

Investments at June 30, 2013 include \$150,000,000 of funds for potential future commitments in accordance with the Affiliation Agreement with Upper Chesapeake Health System as discussed in note 4.

Alternative investments include hedge fund, private equity, and commingled investment funds, which are valued using the equity method of accounting. Substantially all of these investments are subject to 30 day notice requirements for redemption.

Changes to Level 1 and Level 2 securities between June 30, 2013 and 2012 were the result of strategic investments and reinvestments, interest income earnings, and changes in the fair value of investments.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The Corporation's total return on its investments and assets limited as to use was as follows for the years ended June 30 (in thousands):

	<u>2013</u>	<u>2012</u>
Dividends and interest, net of fees	\$ 8,462	10,127
Net realized gains	9,924	7,870
Change in fair value of trading securities	32,158	(24,110)
Total investment return	<u>\$ 50,544</u>	<u>(6,113)</u>

Total investment return is classified in the consolidated statements of operations as follows for the years ended June 30 (in thousands):

	<u>2013</u>	<u>2012</u>
Nonoperating investment income	\$ 17,248	17,287
Change in fair value of unrestricted investments	29,567	(23,104)
Investment gains on restricted net assets	3,729	(296)
Total investment return	<u>\$ 50,544</u>	<u>(6,113)</u>

Investment return does not include the returns on the economic interests in the net assets of related organizations, the returns on the self-insurance trust funds, returns on undesignated interest rates swaps, or the returns on certain construction funds where amounts have been capitalized.

(3) Property and Equipment

The following is a summary of property and equipment at June 30 (in thousands):

	<u>2013</u>	<u>2012</u>
Land	\$ 105,418	86,464
Buildings	1,249,769	1,009,102
Building and leasehold improvements	586,814	529,589
Equipment	1,122,742	1,013,061
Construction in progress	150,288	217,230
	3,215,031	2,855,446
Less accumulated depreciation and amortization	<u>(1,507,355)</u>	<u>(1,411,356)</u>
	<u>\$ 1,707,676</u>	<u>1,444,090</u>

There was no interest cost capitalized for the year ended June 30, 2013. Interest cost capitalized was \$1,368,000 (net of interest income \$103,000) for the year ended June 30, 2012.

Remaining commitments on construction projects were approximately \$24,312,000 at June 30, 2013.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Construction in progress includes building and renovation costs for assets that have not yet been placed into service. These costs relate to major construction projects as well as routine renovations under way at the Corporation's facilities.

Depreciation expense was \$144,671,000 and \$130,133,000, for the years ended June 30, 2013 and 2012, respectively.

(4) Investments in Joint Ventures

The Corporation has investments of \$192,045,000 and \$166,803,000 at June 30, 2013 and 2012, respectively, in the following unconsolidated joint ventures:

<u>Joint venture</u>	<u>Business purpose</u>	<u>Ownership Percentage</u>	
		<u>FY2013</u>	<u>FY2012</u>

* *The Corporation has a greater than 50% ownership interest, but does not exert control.*

** *Acquired as part of St. Joseph. See note 1(a).*

The Corporation recorded equity in net earnings of \$16,279,000 and \$1,660,000 related to these joint ventures for the years ended June 30, 2013 and 2012, respectively.

In 2009, the Corporation entered into a Membership Interest Purchase Agreement and an Affiliation Agreement with Upper Chesapeake Health System, Inc. (UCHS), a healthcare system located in Harford County, Maryland, whereby the Corporation has purchased a 49% interest in the Upper Chesapeake Health System/University of Maryland Medical System Venture, LLC (UCHS/UMMS Venture, LLC). In accordance with the Affiliation Agreement, the Corporation has designated \$150,000,000 for future capital improvements of UCHS/UMMS Venture, LLC. The Corporation has committed no less than \$176,000,000 to UCHS/UMMS Venture, LLC for future capital improvements over the next several years, which will culminate in the Corporation's membership interest in the UCHS/UMMS Venture, LLC increasing to 100%.

(5) Leases

The Corporation rents various equipment and facility space. Rent expense under these operating leases for the years ended June 30, 2013 and 2012 was approximately \$23,461,000 and \$17,023,000, respectively.

Future noncancelable minimum lease payments under operating leases are as follows for the years ending June 30 (in thousands):

2014	\$ 12,662
2015	8,811
2016	6,033
2017	4,202
2018	3,324
Thereafter	10,312
	\$ 45,344

The Corporation rents property used for administration under a 99-year lease. The lease was recorded as a capital lease, and the Corporation recorded assets at their respective fair values of \$3,770,000 and \$29,230,000 for land and buildings, respectively. The lease includes an option for the Corporation to purchase the property during the period from April 20, 2017 to February 28, 2021 for a purchase price of not less than \$37,000,000 but not more than \$45,000,000 as determined by appraisals. In addition, the lease agreement includes a put option exercisable through February 28, 2021, whereby the lessor may require the

Pursuant to an Amended and Restated Master Loan Agreement dated August 1, 2012 (UMMS Master Loan Agreement), the Corporation and several of its subsidiaries have issued debt through MHHEFA. As security for the performance of the bond obligation under the Master Loan Agreement, the Authority maintains a security interest in the revenue of the obligors. The UMMS Master Loan Agreement contains certain restrictive covenants. These covenants require that rates and charges be set at certain levels, limit incurrence of additional debt, require compliance with certain operating ratios and restrict the disposition of assets.

The Obligated Group under the UMMS Master Loan Agreement includes the Medical Center, Kernan Hospital, Maryland General Hospital, Baltimore Washington Medical Center, Shore Health, Chester River Hospital Center, Civista Medical Center, UMSJMC, and the UMMS Foundation. Each member of the Obligated Group is jointly and severally liable for the repayment of the obligations under the UMMS Master Loan Agreement.

Under the terms of the UMMS Master Loan Agreement and other loan agreements, certain funds are required to be maintained on deposit with the Master Trustee to provide for repayment of the obligations of the Obligated Group (note 2).

In August 2012, the Corporation refunded \$40,755,000 of the Series 2007 Bonds and \$175,000,000 of the Series 2008 Bonds. The refunding was completed using the proceeds of a new \$216,335,000 variable-rate MHHEFA bond issue (the Series 2012A-D Bonds).

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

In April 2013, the Corporation issued a new fixed-rate MHHEFA bond issue (the Series 2013 Bonds) in the amount of \$362,335,000. The Series 2013 Bonds were issued to finance the following:

Purchase of substantially all of the assets of St. Joseph Medical Center (see footnote 1(a))	\$ 206,300,000
Information Technology and capital construction projects	68,200,000
Refunding of existing debt:	
Civista MHHEFA Series 2005	56,100,000
UMMS MHHEFA Series 2004B	25,200,000
Shore Health MHHEFA Series 1998	17,200,000
Chester River MHHEFA bonds and other loans	14,400,000
Subtotal	387,400,000
Less proceeds of original issue premium	(18,100,000)
Less amounts pledged to refunded bonds, net of financing costs	(6,965,000)
	\$ 362,335,000

The unamortized portion of issuance costs on the debt refunded by the Series 2013 Bonds was expensed as a loss on early extinguishment of debt during the year ended June 30, 2013. In addition, the Corporation had previously recorded a fair value decrease to the Civista Series 2005 Bonds as a result of having elected to record that debt instrument at its fair value under ASC Subtopic 825-10. During fiscal year 2013, the Corporation continued to record changes in the fair value of the Civista Series 2005 Bonds until the refunding occurred, at which time the remaining fair value change of \$2,793,000 was expensed as a component of the loss on early extinguishment of debt.

The payment of principal and interest on the Corporation's issue Series 2005 Bonds is insured under a financial guaranty insurance policy. This policy insured the payment of principal, sinking fund installments and interest on the corresponding bonds. The insurance policy required the Obligated Group to adhere to the same covenants as those in the UMMS Master Loan Agreement.

The aggregate annual future maturities of long-term debt according to the original terms of the Master Loan Agreement and all other loan agreements are as follows for the years ending June 30 (in thousands):

2014	\$	38,802
2015		31,657
2016		28,691
2017		29,581
2018		40,276
Thereafter		1,172,854
	\$	1,341,861

The Corporation's Series 2007A and 2008D-E are variable rate demand bonds requiring remarketing agents to purchase and remarket any bonds tendered before the stated maturity date. The reimbursement

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

obligations with respect to the letters of credit are evidenced and secured by the respective bonds. To provide liquidity support for the timely payment of any bonds that are not successfully remarketed, the Corporation has entered into letter of credit agreements with six banking institutions. These agreements have terms that expire in 2015 through 2017. If the bonds are not successfully remarketed, the Corporation is required to pay an interest rate specified in the letter of credit agreement, and the principal repayment of bonds may be accelerated to require repayment in periods ranging from 20 to 60 months from the date of the failed remarketing. The Corporation has reflected the amount of its long-term debt that is subject to these short-term remarketing arrangements as a separate component of current liabilities in its consolidated balance sheets. In the event that bonds are not remarketed, the Corporation maintains available letters of credit and has the ability to access other sources to obtain the necessary liquidity to comply with accelerated repayment terms. All variable rate demand bonds were successfully remarketed as of June 30, 2013.

The following table reflects the required repayment terms for the years ended June 30 (in thousands) of the Corporation's debt obligations in the event that the put options associated with variable rate demand bonds subject to short-term remarketing agreements were exercised, but not successfully remarketed:

2014	\$	57,925
2015		127,235
2016		74,269
2017		59,704
2018		47,609
Thereafter		975,119
	\$	1,341,861

The approximate interest rates on MHHEFA project revenue bonds bearing interest at variable rates were as follows at June 30:

	2013	2012
Series 2008A Bonds	—%	0.28%
Series 2008B Bonds	—	0.25
Series 2008C Bonds	—	0.15
Series 2008D Bonds	0.03	0.15
Series 2008E Bonds	0.05	0.17
Series 2007A Bonds	0.07	0.15
Series 2007B Bonds	—	0.28
Pooled Loan Program Series A and D, Chester River Issue	—	0.40

Total term loans				<u>\$ 38,591</u>	<u>52,516</u>

(8) Interest Rate Risk Management

The Corporation uses a combination of fixed and variable rate debt to finance capital needs. The Corporation maintains an interest rate risk-management strategy that uses interest rate swaps to minimize significant, unanticipated earnings fluctuations that may arise from volatility in interest rates.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

At June 30, 2013 and 2012, the Corporation's notional values of outstanding interest rate swaps were \$606,899,000 and \$608,949,000, respectively, the details of which were as follows:

	<u>Notional amount</u>	<u>Pay rate</u>	<u>Maturity date</u>	<u>Mark to market</u>	<u>Qualifies for hedge accounting treatment?</u>
As of June 30, 2013:					
Swap #1	\$ 92,349	3.59%	7/1/2031	\$ (14,839)	No
Swap #2	84,000	3.93%	7/1/2041	(23,896)	No
Swap #3	21,000	4.24%	7/1/2041	(7,090)	No

Swap #8	92,525	4.00%	7/1/2034	(28,539)	Yes*
Swap #9	<u>5,045</u>	3.63%	7/1/2032	<u>(936)</u>	No
				(228,804)	
			Valuation adjustments	<u>11,048</u>	
Total	<u>\$ 608,949</u>			<u>\$ (217,756)</u>	

* De-designated as nonqualifying on January 1, 2013.

The mark-to-market values of the Corporation's interest rate swaps include a valuation adjustment representing the creditworthiness of the counterparties to the swaps.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Swap #8 qualified as, and was designated as, a cash flow hedge as of June 30, 2012. An unrealized loss of (\$12,058,000) was recorded in other changes in unrestricted net assets for the year ended June 30, 2012. This amount subsequently will be reclassified into interest expense as a yield adjustment of the hedged debt obligation in the same period in which the related interest affected the excess of revenues over expenses, representing a hedge ineffectiveness adjustment. There was no net gain or loss recognized in interest expense for the year ended June 30, 2012 as a result of hedge ineffectiveness on the designated swap. The accumulated loss on changes in the fair value of designated swaps that was included in unrestricted net assets was (\$28,130,000) at June 30, 2012.

On January 1, 2013, in accordance with ASC 815, *Derivatives and Hedging*, the Corporation elected to discontinue the cash flow hedging relationship for Swap #8. As of that date, the accumulated losses included in unrestricted net assets, will be reclassified into earnings over the life of the Series 2007 bonds. For the year ended June 30, 2013, \$938,000 was reclassified from other changes in net assets into change in fair value of undesignated interest rate swaps. The accumulated losses included in unrestricted net assets was (\$25,084,000) at June 30, 2013.

Other than Swap #8 during the period July 1, 2011 through December 31, 2012 as discussed above, the Corporation's interest rate swaps, do not qualify for hedge accounting treatment. The Corporation recorded a net nonoperating gain (loss) on nonqualifying interest rate swaps of \$70,144,000 and \$(107,408,000) for the years ended June 30, 2013 and 2012, respectively.

The swap agreements are included in the consolidated balance sheet at their fair value of \$145,504,000 and \$217,756,000 as of June 30, 2013 and 2012, respectively, an amount that is based on observable inputs other than quoted market prices in active markets for identical liabilities (Level 2 in the fair value hierarchy).

The Corporation is subject to a collateral posting requirement with one of its swap counterparties. Collateral posting requirements are based on the Corporation's long-term debt credit ratings, as well as the net liability position of total interest rate swap agreements outstanding with that counterparty. The amount of such posted collateral was \$65,047,000 and \$121,802,000 at June 30, 2013 and 2012, respectively.

As of June 30, 2013, the Corporation met its collateral posting requirement through the use of collateralized investments, which were selected and purchased by the Corporation and subsequently transferred to the custody of the swap counterparty. The amount of posted investments that is required to meet the collateral requirement is computed daily, and is accounted for as a component of the Corporation's assets limited as to use on the accompanying consolidated balance sheet as of that date. Any excess investment value is considered a component of the Corporation's unrestricted investment portfolio, and is included in investments on the accompanying balance sheet as of that date.

As of June 30, 2012, the Corporation met its collateral posting requirement through the transfer of cash to the counterparty, which was accounted for as a component of total current assets on the accompanying consolidated balance sheet on that date.

AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(9) Other Liabilities

Other liabilities consist of the following at June 30 (in thousands):

	2013	2012
Professional and general malpractice liabilities	\$ 181,275	165,742
Capital lease obligations	37,529	45,539
Accrued pension obligations	26,584	47,630
Accrued interest payable	16,963	15,543
Other miscellaneous	38,717	58,435
Total other liabilities	301,068	332,889
Less current portion	(93,383)	(106,377)
Other long-term liabilities	\$ 207,685	226,512

Other miscellaneous liabilities primarily consist of unearned revenue and patient credit balance liabilities.

(10) Retirement Plans

Employees of the Corporation are included in various retirement plans established by the Corporation, the Medical Center, Kernan, University Specialty, Maryland General, Baltimore Washington, Shore Health, Chester River and Civista. Participation by employees in their specific plan(s) has evolved based upon the organization by which they were first employed and the elections that they made at the times when their original employers became part of the Corporation. Following is a brief description of each of the retirement plans in which employees of the Corporation participate.

(a) Defined Benefit Plans

Maryland General Retirement Plan for Non – Union Employees – A noncontributory defined benefit plan covering substantially all nonunion employees. The benefits are based on years of service and compensation. Contributions to this plan are made to satisfy the minimum funding requirements of ERISA. In 2006, Maryland General froze the defined benefit pension plan.

Baltimore Washington Medical Center Pension Plan – A noncontributory defined benefit pension plan covering full-time employees who have been employed for at least one year and have reached 21 years of age.

Baltimore Washington Medical Center Supplemental Executive Retirement Plan – A noncontributory defined benefit pension plan for senior management level employees.

Chester River Health System, Inc. Pension Plan and Trust – A noncontributory defined benefit pension plan covering substantially all CRHC employees as well as employees of a subsidiary. The benefits are paid to retirees based upon age at retirement, years of service and average compensation. Chester River’s funding policy is to satisfy the minimum funding requirements of ERISA. Effective June 30, 2008, Chester River froze the defined benefit pension plan.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Civista Health, Inc. Retirement Plan and Trust – A noncontributory defined benefit pension plan covering employees that have worked at least one thousand hours per year during three or more plan years. Plan benefits are accumulated based upon a combination of years of service and percent of annual compensation. Civista makes annual contributions to the plan based upon amounts required to be funded under provisions of ERISA.

The Corporation recognizes the funded status (i.e., difference between the fair value of plan assets and projected benefit obligations) of its defined benefit pension plans as an asset or liability in its consolidated balance sheet. The Corporation recognizes changes in the funded status in the year in which the changes occur as changes in unrestricted net assets. All defined benefit pension plans use a June 30 measurement date.

The following table sets forth the combined benefit obligations and assets of the defined benefit plans at June 30 (in thousands):

	2013	2012
Change in projected benefit obligations:		
Benefit obligations at beginning of year	\$ 171,632	125,335
Addition of Civista obligation	—	23,259
Plan amendment	(123)	1,163
Settlements	(2,609)	(1,156)
Service cost	3,963	3,250
Interest cost	7,647	7,810
Actuarial loss	(9,260)	17,426
Benefit payments	(6,093)	(5,455)
Projected benefit obligations at end of year	\$ 165,157	171,632
Change in plan assets:		
Fair value of plan assets at beginning of year	\$ 124,002	99,068
Addition of Civista assets	—	19,061
Actual return on plan assets	11,960	(6)
Settlements	(2,609)	(1,156)
Employer contributions	11,313	12,490
Benefit payments	(6,093)	(5,455)
Fair value of plan assets at end of year	\$ 138,573	124,002
Accumulated benefit obligation at end of year	\$ 158,832	165,109

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The funded status of the plans and amounts recognized as other long-term liabilities in the consolidated balance sheets at June 30 are as follows (in thousands):

	<u>2013</u>	<u>2012</u>
Funded status, end of period:		
Fair value of plan assets	\$ 138,573	124,002
Projected benefit obligations	<u>165,157</u>	<u>171,632</u>
	<u>\$ (26,584)</u>	<u>(47,630)</u>
Amounts recognized in unrestricted net assets at June 30:		
Net actuarial loss	\$ (53,337)	(72,874)
Prior service cost	<u>(1,135)</u>	<u>(1,420)</u>
	<u>\$ (54,472)</u>	<u>(74,294)</u>

The estimated amounts that will be amortized from unrestricted net assets into net periodic pension cost in fiscal 2014 are as follows:

Net actuarial loss	\$ 4,009
Prior service cost	<u>163</u>
	<u>\$ 4,172</u>

The components of net periodic pension cost for the years ended June 30 are as follows (in thousands):

	<u>2013</u>	<u>2012</u>
Service cost	\$ 3,963	3,250
Interest cost	7,647	7,810
Expected return on plan assets	(9,328)	(9,389)
Prior service cost recognized	163	183
Recognized gains or losses	<u>7,644</u>	<u>4,164</u>
Net periodic pension cost	<u>\$ 10,089</u>	<u>6,018</u>

The following table presents the weighted average assumptions used to determine benefit obligations for the plans at June 30:

	<u>2013</u>	<u>2012</u>
Discount rate	4.97% – 5.24%	4.32% – 4.67%
Rate of compensation increase (for nonfrozen plan)	2.50% – 4.50%	2.50% – 4.50%

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The following table presents the weighted average assumptions used to determine net periodic benefit cost for the plans for the years ended June 30:

	<u>2013</u>	<u>2012</u>
Discount rate	4.32% – 4.67%	5.25% – 5.60%
Expected long-term return on plan assets	7.50%	7.00% – 7.75%
Rate of compensation increase (for nonfrozen plan)	2.50% – 4.50%	3.00% – 4.50%

The investment policies of the Corporation's pension plans incorporate asset allocation and investment strategies designed to earn superior returns on plan assets consistent with reasonable and prudent levels of risk. Investments are diversified across classes, sectors, and manager style to minimize the risk of loss. The Corporation uses investment managers specializing in each asset category, and regularly monitors performance and compliance with investment guidelines. In developing the expected long-term rate of return on assets assumption, the Corporation considered the current level of expected returns on risk-free investments, the historical level of the risk premium associated with the other asset classes in which the portfolio is invested, and the expectations for future returns of each asset class. The expected return for each asset class was then weighted based on the target allocation to develop the expected long-term rate of return on assets assumption for the portfolio.

The Corporation's pension plans' target allocation and weighted average asset allocations at the measurement date of June 30, 2013 and 2012, by asset category, are as follows:

<u>Asset category</u>	<u>Target allocation</u>	<u>Percentage of plan assets as of June 30</u>	
		<u>2013</u>	<u>2012</u>
Cash and cash equivalents	—	6%	4%
Fixed income securities	35	28	30
Equity securities	40	41	40
Global asset allocation	15	15	16
Hedge funds	10	10	10
		<u>100%</u>	<u>100%</u>

Equity and fixed income securities include investments in hedge fund of funds that are categorized in accordance with each fund's respective investment holdings. At both June 30, 2013 and 2012, the Corporation was in the process of implementing changes to its investment classification, which required the liquidation of certain assets, resulting in more cash on hand than targeted. This cash was used to purchase additional securities in subsequent periods in order to restore compliance with the target allocation.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The table below presents the Corporation's combined investable assets of the defined benefit pension plans as of June 30, 2013 aggregated by the three level valuation hierarchy as described in note 1(u):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash and cash equivalents	\$ —	7,182	—	7,182
Fixed income mutual funds	35,141	—	—	35,141
Common and preferred stocks	10,337	—	—	10,337
Equity mutual funds	43,584	—	—	43,584
Other mutual funds	10,655	—	—	10,655
Alternative investments	—	13,933	17,741	31,674
	<u>\$ 99,717</u>	<u>21,115</u>	<u>17,741</u>	<u>138,573</u>

The table below presents the Corporation's combined investable assets of the defined benefit pension plans as of June 30, 2012, aggregated by the three level valuation hierarchy as described in note 1(u):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash and cash equivalents	\$ 112	4,834	—	4,946
Fixed income mutual funds	33,899	—	—	33,899
Common and preferred stocks	7,306	—	—	7,306
Equity mutual funds	38,676	—	—	38,676
Other mutual funds	10,122	—	—	10,122
Alternative investments	—	18,901	10,152	29,053
	<u>\$ 90,115</u>	<u>23,735</u>	<u>10,152</u>	<u>124,002</u>

Changes to Level 1 and Level 2 inputs between June 30, 2013 and 2012 were the result of strategic investments and reinvestments, interest income earnings, and changes in the fair value of investments.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Changes to the fair values based on the Level 3 inputs are summarized as follows:

		<u>Hedge funds</u>
Balance as of June 30, 2011	\$	9,892
Additions/purchases		1,923
Withdrawals/sales		(745)
Net change in value		<u>(918)</u>
Balance as of June 30, 2012		10,152
Additions/purchases		7,660
Withdrawals/sales		(371)
Net change in value		<u>300</u>
Balance as of June 30, 2013	\$	<u><u>17,741</u></u>

The following summarizes the redemption terms for the hedge fund-of-funds vehicles alternative investments held as of June 30, 2013:

	<u>Fund 1</u>	<u>Fund 2</u>
Redemption timing:		
Redemption frequency	Monthly	Quarterly
Required notice	20 days	70 days
Audit reserve:		
Percentage held back for audit reserve	—	—
Gates:		
Potential gate holdback	None	None
Potential gate release timeframe	N/A	N/A

The Corporation expects to contribute \$10,277,000 to its defined benefit pension plans for the fiscal year ending June 30, 2014.

The following benefit payments, which reflect expected future employee service, as appropriate, are expected to be paid from plan assets in the following years ending June 30 (in thousands):

2014	\$	7,503
2015		8,318
2016		8,183
2017		9,880
2018		10,116
2019 – 2020		58,326

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

The expected benefits to be paid are based on the same assumptions used to measure the Corporation's benefit obligation at June 30, 2013.

(b) Defined Contribution Plans

Corporation Pension Plan – A noncontributory defined contribution plan for all eligible Corporation employees not participating in the Kernan Plan or the Maryland General Plan described below. Contributions to this plan by the Corporation are determined as a fixed percentage of total employees' base compensation.

Corporation Salary Reduction 403(b) Plan – A contributory benefit plan covering substantially all employees not participating in the Kernan Plan or the Maryland General Plan described below. Employees are immediately eligible for elective deferrals of compensation as contributions to the plan.

Kernan Tax Sheltered Annuity Plan – A contributory benefit plan administered by an insurance company for Kernan employees hired prior to a certain date in 1996. Employee contributions to this plan are eligible for a matching contribution by Kernan after participating employees have completed two years of credited service.

Maryland General Hospital, Inc. 401(k) Profit Sharing Plan for Union Employees – Defined contribution plan for substantially all union employees of Maryland General. Employer contributions to this plan are determined based on years of service and hours worked. Employees are immediately eligible for elective deferrals of compensation as contributions to the plan.

Baltimore Washington Retirement Plans – Defined contribution plans covering all employees of Baltimore Washington Medical Center, and certain related entities. Employees are eligible for matching contributions after two years of service as defined in the plans.

Shore Health System Retirement Plan – A contributory benefit plan covering substantially all employees of Shore Health. Employees are eligible for matching contributions after one year of service.

Chester River Retirement Plan – A contributory benefit plan covering substantially all employees of Chester River who have met the eligibility requirements.

Civista Health, Inc. Retirement Savings Plan – A contributory benefit plan covering substantially all full-time employees of Civista Health. Employees are eligible for matching contributions after three years of service as defined in the plan.

Total annual retirement costs incurred by the Corporation for the previously discussed defined contribution plans were \$34,516,000 and \$25,839,000 for the years ended June 30, 2013 and 2012, respectively. Such amounts are included in salaries, wages and benefits in the accompanying consolidated statements of operations.

AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(11) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are restricted primarily for the following purposes at June 30 (in thousands):

	2013	2012
Facility construction and renovations, research, education, and other	\$ 37,760	29,571
Economic and beneficial interests in the net assets of related organizations	37,117	37,569
	\$ 74,877	67,140

Net assets were released from donor restrictions during the years ended June 30, 2013 and 2012 by expending funds satisfying the restricted purposes or by occurrence of other events specified by donors as follows (in thousands):

	2013	2012
Purchases of equipment and construction costs	\$ 24,081	36,352
Research, education, uncompensated care, and other	2,067	4,798
	\$ 26,148	41,150

Included in net assets released from donor restrictions for research, professional education, faculty support, uncompensated care and other is \$1,638,000 and \$3,983,000 for the years ended June 30, 2013 and 2012, respectively, related to nonoperating activities of the UMMS Foundation.

Permanently restricted net assets consist primarily of gifts to be held in perpetuity, the income from which may be used to fund the operations of the Corporation.

The Corporation's endowments consist of donor-restricted funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

(a) Interpretation of Relevant Law

The Corporation has interpreted the Maryland Uniform Prudent Management of Institutional Funds Act (MUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by MUPMIFA. In accordance with MUPMIFA, the Corporation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Corporation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Corporation
- (7) The investment policies of the Corporation.

Endowment net assets are as follows (in thousands):

		June 30, 2013			
		Unrestricted	Temporarily restricted	Permanently restricted	Total
Donor-restricted endowment funds	\$	—	9,480	34,011	43,491

		June 30, 2012			
		Unrestricted	Temporarily restricted	Permanently restricted	Total
Donor-restricted endowment funds	\$	—	7,708	34,694	42,402

(b) Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or MUPMIFA requires the Corporation to retain as a fund of perpetual duration. The Corporation does not have any donor-restricted endowment funds that are below the level that the donor or MUPMIFA requires.

(c) Investment Strategies

The Corporation has adopted policies for corporate investments, including endowment assets, that seek to maximize risk-adjusted returns with preservation of principal. Endowment assets include those assets of donor-restricted funds that the Corporation must hold in perpetuity or for a

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

donor-specified period(s). The endowment assets are invested in a manner that is intended to hold a mix of investment assets designed to meet the objectives of the account. The Corporation expects its endowment funds, over time, to provide an average rate of return that generates earnings to achieve the endowment purpose.

To satisfy its long-term rate-of-return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Corporation employs a diversified asset allocation structure to achieve its long-term return objectives within prudent risk constraints.

The Corporation monitors the endowment funds returns and appropriates average returns for use. In establishing this practice, the Corporation considered the long-term expected return on its endowment. This is consistent with the Corporation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

(12) Economic and Beneficial Interests in the Net Assets of Related Organizations

The Corporation is supported by several related organizations that were formed to raise funds on behalf of the Corporation and certain of its subsidiaries. These interests are accounted for as either economic or beneficial interests in the net assets of such organizations.

The following is a summary of economic and beneficial interests in the net assets of financially interrelated organizations as of June 30 (in thousands):

	2013	2012
Economic interests in:		
The James Lawrence Kernan Hospital Endowment Fund, Incorporated	\$ 28,660	29,002
Baltimore Washington Medical Center Foundation, Inc.	5,607	5,966
Total economic interests	34,267	34,968
Beneficial interest in the net assets of Dorchester General Hospital Foundation, Inc.	2,850	2,601
	\$ 37,117	37,569

At the discretion of its board of trustees, the Kernan Endowment Fund may pledge securities to satisfy various collateral requirements on behalf of Kernan and may provide funding to Kernan to support various clinical programs or capital needs.

BWMC Foundation was formed in July 2000 and supports the activities of Baltimore Washington Medical Center by soliciting charitable contributions on its behalf.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

Shore Health maintains a beneficial interest in the net assets of Dorchester Foundation, a nonprofit corporation organized to raise funds on behalf of Dorchester Hospital. Shore Health does not have control over the policies or decisions of the Dorchester Foundation.

A summary of the combined unaudited condensed financial information of the financially interrelated organizations in which the Corporation holds an economic or beneficial interest as of June 30 is as follows (in thousands):

	2013	2012
Current assets	\$ 2,140	1,905
Noncurrent assets	35,631	36,408
Total assets	\$ 37,771	38,313
Current liabilities	\$ 101	101
Noncurrent liabilities	553	643
Net assets	37,117	37,569
Total liabilities and net assets	\$ 37,771	38,313
Total operating revenue	\$ (1,000)	622
Total operating expense	1,043	(4,922)
Other changes in net assets	(495)	67
Total decrease in net assets	\$ (452)	(4,233)

(13) State Support

The Corporation received \$3,000,000 and \$3,200,000 in support for the Shock Trauma Center operations from the State of Maryland for the years ended June 30, 2013 and 2012, respectively.

The State of Maryland appropriates funds for specific construction costs incurred and equipment purchases made. The Corporation recognizes this support as the funds are expended for the intended projects. The Corporation expended and recorded \$16,503,000 and \$29,808,000 during the years ended June 30, 2013 and 2012, respectively.

In each of the years ended June 30, 2013 and 2012, the Corporation received \$750,000 of capital support from the State of Maryland for Kernan.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(14) Functional Expenses

The Corporation provides general healthcare services to residents within its geographic location. Expenses related to providing these services, based on management's estimates of expense allocations, are as follows for the years ended June 30 (in thousands):

	<u>2013</u>	<u>2012</u>
Healthcare services	\$ 2,228,069	1,905,382
General and administrative	357,157	394,022
	<u>\$ 2,585,226</u>	<u>2,299,404</u>

(15) Insurance

The Corporation maintains self-insurance programs for professional and general liability risks, employee health, employee long-term disability, and workers' compensation. Estimated liabilities have been recorded based on actuarial estimation of reported and incurred but not reported claims. The accrued liabilities for these programs as of June 30, 2013 and 2012 were as follows (in thousands):

	<u>2013</u>	<u>2012</u>
Professional and general malpractice liabilities	\$ 181,275	165,742
Employee health	20,068	14,589
Employee long-term disability	10,038	8,143
Workers' compensation	12,420	11,473
Total self-insured liabilities	223,801	199,947
Less current portion	(48,111)	(39,909)
	<u>\$ 175,690</u>	<u>160,038</u>

The Corporation provides for and funds the present value of the costs for professional and general liability claims and insurance coverage related to the projected liability from asserted and unasserted incidents, which the Corporation believes may ultimately result in a loss. These accrued malpractice losses are discounted using a discount rate of 2.5%. In management's opinion, these accruals provide an adequate and appropriate loss reserve. The professional and general malpractice liabilities presented above include \$114,355,000 and \$104,740,000 as of June 30, 2013 and 2012, respectively, for which related insurance receivables have been recorded.

The Corporation and each of its affiliates are self-insured for professional and general liability claims up to the limits of \$1.0 million on individual claims and \$3.0 million in the aggregate on an annual basis. For amounts in excess of these limits, the risk of loss has been transferred to the Terrapin Insurance Company (Terrapin), an unconsolidated joint venture. Terrapin provides insurance for claims in excess of \$1 million individually and \$3 million in the aggregate up to \$90 million individually and \$90 million in the aggregate under claims made policies between the Corporation and Terrapin. For claims in excess of Terrapin's coverage limits, if any, the Corporation retains the risk of loss.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

As discussed in note 4, Terrapin is a joint venture corporation in which a 50% equity interest is owned by the Corporation and a 50% equity interest is owned by Faculty Physicians, Inc.

Total malpractice insurance expense for the Corporation during the years ended June 30, 2013 and 2012 was approximately \$44,234,000 and \$39,290,000, respectively.

(16) Business and Credit Concentrations

The Corporation provides healthcare services through its inpatient and outpatient care facilities located in the State of Maryland. The Corporation generally does not require collateral or other security in extending credit; however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits receivable under their health insurance programs, plans or policies (e.g., Medicare, Medicaid, Blue Cross, workers' compensation, health maintenance organizations (HMOs) and commercial insurance policies).

The Corporation maintains cash accounts with highly rated financial institutions which generally exceed federally insured limits. The Corporation has not experienced any losses from maintaining cash accounts in excess of federally insured limits, and as such, management does not believe the Corporation is subject to any significant credit risks related to this practice.

The Corporation had gross receivables from patients and third-party payors as follows at June 30:

	<u>2013</u>	<u>2012</u>
Medicare	25%	22%
Medicaid	27	35
Commercial insurance and HMOs	17	16
Blue Cross	12	11
Self-pay and others	19	16
	<u>100%</u>	<u>100%</u>

The Corporation recorded gross revenues from patients and third-party payors for the years ended June 30 as follows:

	<u>2013</u>	<u>2012</u>
Medicare	36%	31%
Medicaid	23	27
Commercial insurance and HMOs	17	18
Blue Cross	16	15
Self-pay and others	8	9
	<u>100%</u>	<u>100%</u>

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(17) Certain Significant Risks and Uncertainties

The Corporation provides general acute healthcare services in the State of Maryland. The Corporation and other healthcare providers in Maryland are subject to certain inherent risks, including the following:

- Dependence on revenues derived from reimbursement by the Federal Medicare and state Medicaid programs;
- Regulation of hospital rates by the State of Maryland Health Services Cost Review Commission;
- Government regulation, government budgetary constraints and proposed legislative and regulatory changes; and
- Lawsuits alleging malpractice and related claims.

Such inherent risks require the use of certain management estimates in the preparation of the Corporation's consolidated financial statements and it is reasonably possible that a change in such estimates may occur.

The Medicare and state Medicaid reimbursement programs represent a substantial portion of the Corporation's revenues, and the Corporation's operations are subject to a variety of other federal, state and local regulatory requirements. Failure to maintain required regulatory approvals and licenses and/or changes in such regulatory requirements could have a significant adverse effect on the Corporation.

Changes in federal and state reimbursement funding mechanisms and related government budgetary constraints could have a significant adverse effect on the Corporation.

The healthcare industry is subject to numerous laws and regulations from federal, state and local governments. The Corporation's compliance with these laws and regulations can be subject to periodic governmental review and interpretation, which can result in regulatory action unknown or unasserted at this time. Management is aware of certain asserted and unasserted legal claims and regulatory matters arising in the ordinary course of business, none of which, in the opinion of management, are expected to result in losses in excess of insurance limits or have a materially adverse effect on the Corporation's financial position.

The federal government and many states have aggressively increased enforcement under Medicare and Medicaid anti-fraud and abuse laws and physician self-referral laws (STARK law and regulation). Recent federal initiatives have prompted a national review of federally funded healthcare programs. In addition, the federal government and many states have implemented programs to audit and recover potential overpayments to providers from the Medicare and Medicaid programs. The Corporation has implemented a compliance program to monitor conformance with applicable laws and regulations, but the possibility of future government review and enforcement action exists.

The general healthcare industry environment is increasingly uncertain, especially with respect to the impact of Federal healthcare reform legislation, which was passed in 2010 and largely upheld by the U.S. Supreme Court in June 2012. Potential impacts of ongoing healthcare industry transformation include, but are not limited to (1) significant capital investments in healthcare information technology, (2) continuing volatility in the state and federal government reimbursement programs, (3) lack of clarity

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

related to the health benefit exchange framework mandated by reform legislation, including important open questions regarding exchange reimbursement levels, and impact on the healthcare “demand curve” as the previously uninsured enter the insurance system, and (4) effective management of multiple major regulatory mandates, including the transition to ICD-10. This Federal healthcare reform legislation does not affect the consolidated financial statements for the year ended June 30, 2013.

(18) Maryland Health Services Cost Review Commission (HSCRC)

Patient service revenue for hospital services is regulated by the HSCRC and recorded at rates established by the HSCRC which are adjusted annually to account for compliance with approved rates, annual inflation and changes in cost and volume. The Medical Center, Kernan, Maryland General, Baltimore Washington, Civista and St. Joseph have Charge Per Episode (CPE) agreements with the HSCRC. The CPE agreements establish a prospectively approved average charge per inpatient episode based upon an estimated case mix index. The agreement allows the hospitals to adjust approved unit rates, within certain limits, to achieve the average CPE target. The HSCRC allows for certain corridors related to the approved rates such that variances within those corridors do not adversely impact the hospitals. Outpatient services are charged using the established HSCRC unit rates. The Corporation’s policy is to defer revenue above the approved amounts and beyond the approved corridors.

Effective July 1, 2010, Shore Health and Chester River entered into Total Patient Revenue (TPR) agreements with the HSCRC. The TPR agreements establish an approved aggregate inpatient and outpatient revenue for regulated services to provide care for the patient population in the geographic region without regard for patient acuity or volumes.

The HSCRC utilizes a bad debt pool into which each of the regulated hospitals in Maryland participates. The funds in the bad debt pool are distributed to the hospitals that exceed the state average based upon the amount of uncompensated care delivered to patients during the year. For the years ended June 30, 2013 and 2012, the Corporation recognized a net distribution from the pool of \$52,352,000 and \$53,350,000, respectively, which is recorded as net patient service revenue.

(19) Related Party Agreements

The Corporation has certain agreements with various departments of the University of Maryland School of Medicine concerning the provision of professional and administrative services to the Corporation and its patients. Total expense under these agreements in the years ended June 30, 2013 and 2012 was approximately \$135,161,000 and \$115,956,000, respectively.

**UNIVERSITY OF MARYLAND MEDICAL SYSTEM CORPORATION
AND SUBSIDIARIES**

Notes to Consolidated Financial Statements

June 30, 2013 and 2012

(20) Subsequent Events

The corporation evaluated all events and transactions that occurred after June 30, 2013 and through October 25, 2013. Other than described below, the Corporation did not have any material recognizable subsequent events during the period.

Effective September 1, 2013, the Corporation entered into a management agreement with Nexus Health, Inc., which operates Fort Washington Medical Center (FWMC), a 37-bed hospital located in southern Prince George's County, Maryland. Under the terms of the agreement, the Corporation will participate in the management, operations, and business development of FWMC.
