SINAI HOSPITAL OF BALTIMORE HAS A LONGSTANDING MISSION TO PROVIDE QUALITY PATIENT CARE, EDUCATE MEDICAL STUDENTS AND RESIDENTS WHO WILL BECOME PHYSICIANS IN OUR COMMUNITY AND BEYOND, AND ENGAGE IN MEDICAL RESEARCH TO IMPROVE THE LIVES OF OUR PATIENTS AND OUR COMMUNITY. WE HAVE FOCUSED OUR ATTENTION ON QUALITY PATIENT CARE FOR MORE THAN 150 YEARS. THOUGH A JEWISH-SPONSORED HEALTH CARE ORGANIZATION, SINAI HOSPITAL'S DOORS HAVE BEEN OPEN TO CARE FOR THE SICK AND NEEDY REGARDLESS OF RACE, RELIGION OR ABILITY TO PAY. LOCATED IN NORTHWEST BALTIMORE CITY, SINAI HOSPITAL MEETS THE HEALTH CARE NEEDS OF AN EVER EXPANDING AND CULTURALLY DIVERSE POPULATION, MANY OF WHOM DO NOT HAVE ACCESS TO PRIMARY HEALTH CARE. SIGNIFICANT PORTIONS OF OUR SURROUNDING COMMUNITY FREQUENT SINAI'S ER-7, USING THIS EMERGENCY ROOM AS A DOCTOR'S OFFICE. LACK OF ACCESS TO HEALTH CARE IS A GROWING PROBLEM FOR MANY AMERICANS, AND SINAI HOSPITAL'S DOCTORS, NURSES AND ALLIED HEALTH CARE PROFESSIONALS UNDERSTAND THAT THE HOSPITAL'S MISSION ENDORSES OPEN ACCESS TO ALL. SINAI HOSPITAL HAS AN ESTABLISHED AND WELL POSTED CHARITY CARE POLICY THAT OFFERS A REASONABLE AMOUNT OF CARE AT NO CHARGE OR AT REDUCED RATES TO ELIGIBLE PERSONS WHO DO NOT HAVE INSURANCE. ELIGIBILITY FOR FREE CARE, REDUCED RATES AND EXTENDED PAYMENT PLANS IS DETERMINED ON A CASE BY CASE BASIS TO THOSE WHO CANNOT AFFORD TO PAY FOR CARE. SINAI'S COMMITMENT TO EDUCATION IS VISIBLE IN ITS MEDICAL RESIDENCY PROGRAMS IN INTERNAL MEDICINE; PHYSICAL MEDICINE AND REHABILITATION; OBSTETRICS AND GYNECOLOGY; PEDIATRICS; GENERAL SURGERY; NEUROLOGIC PHYSICAL THERAPY; ORTHOPEDICS; AND OPHTHALMOLOGY. BECAUSE OF ITS COMMUNITY SETTING AND STRONG ACADEMIC BACKGROUND. SINAI RESIDENTS STAFF A FREE TO LOW COST COMMUNITY HEALTH CENTER LOCATED ON SINAI'S CAMPUS. THIS CLINIC OFFERS PRIMARY MEDICAL, DENTAL AND PHARMACY SERVICES TO THE COMMUNITY SURROUNDING SINAI HOSPITAL. OUR YOUNG DOCTORS EMPLOY THE ART AND SCIENCE OF MEDICINE TO HELP A POPULATION WHOSE MEDICAL NEEDS ARE COMPLEX BECAUSE THEY OFTEN DON'T SEEK MEDICAL TREATMENT UNTIL THEY ARE IN CRISIS. SINAI'S COMMITMENT TO EDUCATION EXTENDS BEYOND TRAINING DOCTORS, NURSES AND OTHER HEALTH CARE PROFESSIONALS. SINAI HOSPITAL IS ALSO DETERMINED TO SHARE KNOWLEDGE AND INFORMATION WITH THE MANY PEOPLE WHO TURN TO US FOR HELP. THE COMMUNITY MISSION COMMITTEE OF LIFEBRIDGE HEALTH EVALUATES THE HEALTH CARE NEEDS OF THE COMMUNITY, REVIEWS EXISTING PROGRAMS AND DEVELOPS NEW SERVICES TO MEET THE NEEDS OF THE COMMUNITY. ONE OF THOSE SERVICES IS SINAI'S NEW BRIDGES TO IMPROVED CHILD HEALTH PROGRAM. THE MISSION OF NEW BRIDGES IS TO ASSIST YOUNG FAMILIES LIVING IN POVERTY TO EFFECTIVELY USE HEALTH AND SOCIAL SERVICES TO MAINTAIN AND ENHANCE THE HEALTH OF THEIR CHILDREN. Independent Auditors' Report

The Board of Directors
LifeBridge Health, Inc.:

Opinion

We have audited the consolidated financial statements of LifeBridge Health, Inc. and its subsidiaries (the Company), which comprise the consolidated balance sheets as of June 30, 2024 and 2023, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of June 30, 2024 and 2023, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

(2) Significant Accounting Policies

(a) Basis of Presentation

The consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All controlled and direct member entities are consolidated. The accompanying consolidated financial statements include the accounts of LifeBridge Health, Inc. and subsidiaries (the Corporation). All entities where the Corporation exercises significant influence, but does not have control, are accounted for under the equity method. All other unconsolidated entities are accounted for under the cost method. All significant intercompany accounts and transactions have been eliminated.

(b) Cash and Cash Equivalents

Cash equivalents include certain investments in highly liquid debt instruments with original maturities of three months or less at the date of purchase.

(c) Assets Limited as to Use

Assets limited as to use primarily consists of assets held by trustees under bond indenture agreements, a self-insured workers' compensation reserve fund, and designated assets set aside by the Board of Directors for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes. A portion of the designated assets set aside by the Board of Directors is contractually designated.

(d) Inventory

Inventories, which consist primarily of medical supplies and pharmaceuticals, are stated at the lower of cost (using the moving average cost method of valuation) or market.

(e) Investments, Long-Term Investments and Donor-Restricted Investments

The Corporation's investment portfolio is considered a trading portfolio and is classified as current or noncurrent assets based on management's intention as to use. All debt and equity securities are reported in the consolidated balance sheets at fair value, principally based on quoted market prices. Cash equivalents, as defined above, included within investments and assets limited as to use are treated as investments.

The Corporation has investments in alternative investments, primarily funds of hedge funds, totaling \$241,550 and \$234,390 at June 30, 2024 and 2023, respectively. These funds utilize various types of debt and equity securities and derivative instruments in their investment strategies. Also included in alternative investments are BJEF's and BJHF's funds that are invested on their behalf by the Associated Jewish Charities (AJC), an affiliate of AJCF. Alternative investments are recorded under the equity method, which is based on the net asset value (NAV) of the shares in each investment company or partnership.

Investments in unconsolidated affiliates are accounted for under the equity method of accounting as appropriate and are included in other assets or investment in unconsolidated affiliates, respectively, in the consolidated balance sheets. Also, certain equity investments that do not have a readily determinable fair value are accounted for using the cost of such investments less any impairment changes. The Corporation's equity income or loss is recognized in other operating revenue within the excess of revenue over expenses in the accompanying consolidated statements of operations.

Investments also include assets restricted by donor and assets designated by the Board of Directors for future capital improvements and other purposes over which it retains control and may, at its discretion, use for other purposes. Purchases and sales of securities are recorded on a trade-date basis.

Investment income (interest and dividends) including realized gains and losses on investment sales is reported as other income (loss), net within the excess of revenues over expenses in the accompanying consolidated statements of operations and changes in net assets unless the income or loss is restricted by the donor or law. Investment income on funds held in trust for self-insurance purposes is included in other operating revenue. Investment income and net gains (losses) that are restricted by the donor are recorded as a component of changes in net assets with donor restrictions, in accordance with donor-imposed restrictions. Realized gains and losses are determined based on the specific security's original purchase price. Unrealized gains and losses are included in other income, net within the excess of revenues over expenses.

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to measurements involving

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date
- Level 2 Inputs – Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability
- Level 3 Inputs – Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The hierarchy requires the use of observable market data when available. Assets and liabilities are classified in their entirety based on the lowest-level input that is significant to the fair value measurements.

(f) *Property and Equipment*

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter of the period of the lease term or the estimated useful life of the equipment. Maintenance and repair costs are expensed as incurred. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support and are excluded from the excess of revenues over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

(g) *Impairment of Long-Lived Assets*

Management regularly evaluates whether events or changes in circumstances have occurred that could indicate impairment in the value of long-lived assets. In accordance with the provisions of ASC Topic 360, *Property, Plant, and Equipment*, if there is an indication that the carrying value of an asset is not recoverable, the Corporation estimates the projected undiscounted cash flows, excluding interest and taxes, of the related individual entities to determine if an impairment loss should be recognized. The amount of impairment loss is determined by comparing the historical carrying value of the asset to its estimated fair value. Estimated fair value is determined through an evaluation of recent and projected financial performance of facilities using standard industry valuation techniques.

In addition to consideration of impairment upon the events or changes in circumstances described above, management regularly evaluates the remaining lives of its long-lived assets. If estimates are changed, the carrying value of affected assets is allocated over the remaining lives. In estimating the

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

future cash flows for determining whether an asset is impaired and if expected future cash flows used in measuring assets are impaired, the Corporation groups its assets at the lowest level for which there are identifiable cash flows independent of other groups of assets. The Corporation did not record a loss on impairment during the year ended June 30, 2024 or 2023.

(h) Goodwill and Other Assets, Net

Other assets consist primarily of goodwill and other intangibles related to practice acquisitions, notes receivable, and the cash surrender value of split-dollar life insurance.

Goodwill represents the excess of the aggregate purchase price over the fair value of the net assets acquired in a business combination. ASC Topic 350, *Intangibles – Goodwill and Other*, requires that tangible and indefinite-lived assets as well as goodwill must be analyzed in order to determine whether their value has been impaired.

Goodwill is assessed annually for impairment at the reporting unit. As of June 30, 2024 and 2023, the Corporation had one reporting unit, which included all subsidiaries. The Corporation first assesses qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment tests as described in ASC Topic 350. The more-likely than-not threshold is defined as having a likelihood of more than 50%. The Corporation determined that it was not more likely than not that the fair value of its reporting unit was less than its carrying amount. Accordingly, the Corporation concluded that goodwill was not impaired as of June 30, 2024 and 2023 without having to perform the two-step impairment test.

(i) Beneficial Interest in Split Interest Agreement

CHSF holds a 25% interest in a trust, of which management has estimated the present value of the future income stream. CHSF will receive 25% of the net annual income until August 2024, when the trust will terminate. 25% of the principal will be distributed to CHSF around November 2024 for approximately \$4.6 million. Management has reported the beneficial interest at fair value based on the fair value of the underlying trust investments.

(j) Advances from Third-Party Payors

Advances from third-party payors are comprised of advance funding from CareFirst BlueCross BlueShield, Medicaid, Aetna, United/MAMSI, and other insurance providers. In February 2024, one of our vendors, Change Healthcare, was the victim of a cybersecurity event. Change Healthcare is a vendor that the Corporation uses to assist with its billing processes. Upon learning of the cybersecurity event with Change Healthcare, the Corporation discontinued its digital communications and connections with Change Healthcare, which resulted in a decline in the Corporation's ability to send the billing information to the Corporation's patients and related third-party payors. As a result, the Corporation experienced an increase in accounts receivables and a decline in cash flows. The Corporation worked with its third-party payors and was able to receive approximately \$106 million of advances from such entities that provided additional cash flows for the Corporation during 2024. In April 2024, Change Healthcare was able to restore its systems and the Corporation was able to increase its ability to send the billing information to its patients and related third-party payors, which has

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

resulted in an increase in the Corporation's cash flows and has reduced the accounts receivable balances from the peak balances in March 2024. Thus, as of October 16, 2024, the Corporation has repaid \$83 million of the advances received in the spring of 2024. The Corporation believes that adequate provision has been made in the consolidated financial statements for the matters discussed above, and that the ultimate resolution will not have a material effect on the consolidated financial statements.

(k) Self-Insurance Programs

The Corporation maintains self-insurance programs for professional and general liability, workers' compensation, and employee health benefits. The provision for estimated self-insurance program claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported. The estimates are based on historical trends, claims asserted, and reported incidents.

(l) Other Long-Term Liabilities

Other long-term liabilities consist of self-insurance liabilities, pension plan liabilities, asset retirement obligations, and deferred compensation plan liabilities. See note 18.

(m) Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Corporation are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date those promises become unconditional. The gifts are reported as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statements of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions.

(n) Net Assets

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of externally imposed stipulations. Accordingly, net assets of the Corporation and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets that are not subject to externally imposed stipulations

Net assets with donor restrictions – Net assets subject to externally imposed stipulations that may or will be met either by actions of the Corporation and/or the passage of time or may be maintained by the Corporation in perpetuity.

Revenues are reported as increases in net assets without donor restrictions unless use of the related asset is limited by externally imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses are reported as increases or decreases in net assets without donor restrictions unless use of the related asset is limited by externally imposed restrictions or

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(Dollars in thousands)

law. Expirations of temporary restrictions of net assets (i.e., the externally stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets if used to acquire capital assets; otherwise, they are recorded as unrestricted operating revenues.

(o) Net Patient Service Revenues

Net patient service revenue for acute care facility-based services, as defined by Maryland's system of rate regulation, at Sinai, Northwest, Carroll, Grace, and the chronic hospital component of Levindale is recorded at rates established by the State of Maryland Health Services Cost Review Commission (HSCRC) and, accordingly, reflects consideration expected to be received from patients based on rates in effect during the period in which the services are rendered over time and the Corporation's performance obligations are met. Generally, performance obligations satisfied over time relate to patients receiving acute care services. The Corporation measures the performance obligation from admission into the hospital to the point when it is no longer required to provide services to that patient, which is generally at the time of discharge. These services are considered to be a single performance obligation. Revenue for performance obligations satisfied at a point in time is recognized when services are provided and the Corporation does not believe it is required to provide additional services to the patient.

Because all of its performance obligations relate to contracts with a duration of less than one year, the Corporation has elected to apply the optional exemption provided in Financial Accounting Standards Board ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially unsatisfied performance obligations referred to above are primarily related to inpatient acute care services at the end of the reporting period. The performance obligations for these contracts are generally completed when the patients are discharged, which generally occurs within days or weeks of the end of the reporting period.

The Corporation is utilizing the portfolio approach practical expedient in ASC 606, *Revenue from Contracts with Customers*, for contracts related to net patient service revenues. The Corporation accounts for the contracts within each portfolio as a collective group, rather than individual contracts, based on the payment pattern expected in each portfolio category and the similar nature and characteristics of the patients within each portfolio. The portfolios consist of major payor classes for inpatient revenues and outpatient revenues. Based on historical collection trends and other analyses, the Corporation has concluded that revenue for a given portfolio would not be materially different than if accounting for revenue on a contract-by-contract basis.

On January 29, 2014, the Corporation and the HSCRC agreed to implement the Global Budget Revenue (GBR) methodology for Sinai, Northwest, Carroll, Grace, and Levindale. The agreement, updated annually, was in place during the years ended June 30, 2024 and 2023 and will renew for a one-year period unless it is canceled by the HSCRC or by the applicable hospital. The GBR model is a revenue constraint and quality improvement system designed by the HSCRC to provide hospitals with strong financial incentives to manage their resources efficiently and effectively in order to slow the rate of increase in healthcare costs and improve healthcare delivery processes and outcomes. The GBR

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

model is consistent with the hospitals' mission to provide the highest value of care possible to its patients and the communities served.

The GBR agreement establishes a prospective, fixed revenue base (the GBR cap) for each fiscal year. This agreement includes both inpatient and outpatient regulated services. Under GBR, the Corporation's revenues for all HSCRC-regulated services is predetermined for the upcoming year, regardless of changes in volume (subject to certain limits), service mix intensity, or mix of inpatient or outpatient services that occurs during the year. The GBR agreement allows the Corporation to adjust unit rates, within certain limits, to achieve the overall revenue base for the Corporation at year-end. Any overcharge or undercharge versus the GBR cap, within established constraint parameters, is prospectively added to the subsequent year's GBR cap. The GBR is adjusted for changes in market share, with the market-shift adjustments made semi-annually, on January 1 and July 1. The GBR cap is adjusted annually for inflation and changes in payor mix and uncompensated care, as well as changes in population and aging within the Corporation's service area. A hospital's GBR cap may also be adjusted based on the hospital's performance on various quality and utilization metrics established by the HSCRC.

Contractual adjustments, which represent the difference between amounts billed as patient service revenue and amounts paid by third-party payors, are accrued in the period in which the related performance obligations are met. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, such amounts are not reported as revenue.

Implicit price concessions represent differences between amounts billed and the estimated consideration the Corporation expects to receive from patients, which are determined based on historical collection experience, current market factors, and other factors. Generally, patients who are covered by third-party payors are responsible for patient responsibility balances, including deductibles and coinsurance, which vary in amount. The Corporation estimates the transaction price for patients with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any explicit price concessions, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to patient service revenues in the period of the change. Adjustments arising from a change in the transaction price were not significant in 2024 or 2023.

Effective October 1, 2019, Medicare reimburses Northwest and Levindale for skilled nursing services under the Medicare Patient-Driven Payment Model (PDPM). Under PDPM, therapy minutes are removed as the basis for payment in favor of resident classifications and anticipated resource needs during the course of a patient's stay. PDPM assigns every resident a case-mix classification that drives the daily reimbursement rate for that individual. The Northwest skilled nursing facility was closed in 2023.

Medicaid reimburses Levindale for long-term care services based on Levindale's actual costs. However, beginning in January 2015, the cost data from the 2012 cost reports was used to set Resource Utilization Group (similar to Medicare) rates, which are adjusted for changes in case mix. The case mix from two quarters prior is used to adjust the rates on a quarterly basis.

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

All other patient service revenue is recorded at the estimated net realizable amounts from patients, third-party payors, and others for services rendered.

(p) Other Operating Revenues

Other operating revenues includes income of LifeBridge Health and Fitness LLC, revenue from other support services, and revenue generated from investments in joint ventures that offer healthcare services or services that support or complement the delivery of care. In the year ended June 30, 2024, the Corporation did not receive or recognize any COVID Relief funds. As of June 30, 2023, the Corporation received approximately \$1.4 million and recognized approximately \$3 million in Federal COVID relief funds in other operating revenues. The Corporation also received and recognized approximately \$6.3 million in State COVID relief funds in other operating revenues in 2023.

(q) Grants

Federal grants are accounted for either as an exchange transaction or as a contribution based on terms and conditions of the grant. If the grant is accounted for as an exchange transaction, revenue is recognized as other operating revenue when earned. If the grant is accounted for as a contribution, the revenues are recognized as either other operating revenue or restricted contributions depending on the restrictions within the grant.

(r) Charity Care and Bad Debt

Sinai, Northwest, Carroll, Grace, and Levindale provide care to patients who meet certain criteria under their charity care policies without charge or at amounts less than their established rates. Because the facilities do not pursue the collection of amounts determined to qualify as charity care, those amounts are not reported as revenue. The amount of charity care provided during the years ended June 30, 2024 and 2023, based on patient charges forgone, was \$27,900 and \$29,400, respectively. The total direct and indirect costs to provide the care amounted to approximately \$23,000 and \$23,500 for the years ended June 30, 2024 and 2023, respectively.

All patient accounts are handled consistently and appropriately to maximize cash flow and to identify bad debt accounts timely. Active accounts are considered bad debt accounts when they met specific collection activity guidelines and/or are reviewed by the appropriate management and deemed to be uncollectible. Every effort is made to identify and pursue all account balance liquidation options, including, but not limited to, third-party payor reimbursement, patient payment arrangements, Medicaid eligibility, and financial assistance. Third-party receivable management agencies provide extended business office services and insurance outsource services to ensure maximum effort is taken to recover insurance and self-pay dollars before transfer to bad debt. Contractual arrangements with third-party collection agencies were used to assist in the recovery of bad debt after all internal collection efforts have been exhausted. In so doing, the collection agencies must operate consistently with the goal of maximum bad debt recovery and strict adherence with Fair Debt Collections Practices Act (FDCPA) rules and regulations while maintaining positive patient relations.

(s) Income Taxes

LifeBridge and its not-for-profit subsidiaries have been recognized by the Internal Revenue Service as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

LifeBridge's incorporated for-profit subsidiaries account for income taxes in accordance with FASB ASC Topic 740, *Income Taxes*. Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period that includes the enactment date. Any changes to the valuation allowance on the deferred tax asset are reflected in the year of the change. The Corporation accounts for uncertain tax positions in accordance with ASC Topic 740.

(t) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(u) Excess (Deficit) of Revenues over Expenses

The accompanying consolidated statements of operations include a performance indicator, excess (deficit) of revenue over expenses. Changes in unrestricted net assets that are excluded from excess (deficit) of revenues over expenses, consistent with industry practice, include changes in the funded status of defined-benefit pension plans, permanent transfers of assets to and from affiliates for other than goods and services, capital contributions and distributions and contributions received for additions of long-lived assets.

(v) Employee Pension Plan

Pension benefits are administered by the Corporation. The Corporation accounts for its defined-benefit pension plans within the framework of ASC Topic 958, *Not-for-Profit Entities, Section 715, Compensation-Retirement Benefits* (Topic 958, Section 715), which requires the recognition of the overfunded or underfunded status of a defined-benefit pension plan as an asset or liability. The plans are subject to annual actuarial evaluations, which involve various assumptions creating changes in elements of expense and liability measurement. Key assumptions include the discount rate, the expected rate of return on plan assets, retirement, mortality, and turnover. The Corporation evaluates these assumptions annually and modifies them as appropriate.

Additionally, ASC Topic 958, Section 715 requires the measurement date for plan assets and liabilities to coincide with the employer's year-end and requires the disclosure in the notes to the consolidated financial statements of additional information about certain effects on net periodic benefit cost for the next fiscal year that arise from delayed recognition of the gains or losses, prior service costs or credits, and transition asset or obligation. The Corporation reports the service cost component of pension cost in salaries and employee benefit expense and the other components of net benefit cost in other income, net.

The nature of alternative investments generally restricts the liquidity and availability of these investments to be available for the general expenditures of the Corporation within one year of the consolidated balance sheet. As such, these investments have been excluded from the amounts above.

As part of the Corporation's liquidity management plan, cash in excess of daily requirements for general expenditures is invested in long-term investments. The Corporation's investment policies are established by LifeBridge Investment Committee, which comprises members of the Board of Directors, other community leaders, and management. Among its responsibilities, the Investment Committee is charged with establishing and reviewing asset allocation strategies, monitoring investment manager performance, and making decisions to retain and terminate investment managers. Assets of each of the Corporation's pension plans are managed in a similar fashion, as the Corporation's investments and assets whose use is limited, by the same group of investment managers. The Corporation has incorporated an Investment Policy Statement (IPS) into the investment program. The IPS, which has been formally adopted by the Corporation's Board of Directors, contains numerous standards designed to ensure adequate diversification by asset class and geography. The IPS also limits all investments by manager and position size and limits fixed-income position size based on credit ratings, which serves to further mitigate the risks associated with the investment program. As of June 30, 2024 and 2023, management believes that all investments were being managed in a manner consistent with the IPS.

Sinai and Levindale expect to contribute \$0 to the Sinai/Levindale Plan during the year ending June 30, 2025.

(b) Carroll Plan

CCHS sponsors a defined-benefit cash balance plan (the Carroll Plan) covering employees of Carroll, CCMS, and Carroll Foundation. CCHS's funding policy is to make contributions to the Carroll Plan based on actuarially determined amounts necessary to provide assets sufficient to meet benefits to be paid to plan participants and to meet the minimum funding requirements of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code, plus such amounts as CCHS may determine to be appropriate from time to time. Under the cash balance plan structure, the benefits under the Carroll Plan are determined based on employee tenure rather than age. CCHS elected to freeze benefit accruals and participation in the Carroll Plan on December 31, 2006.

The information below describes certain actions of CCHS for the years ended June 30, 2024 and 2023.

The following table sets forth the changes in the projected benefit obligation, the changes in the Carroll Plan's assets, the Carroll Plan's funded status, the amounts recognized in the consolidated financial statements, and the Carroll Plan's net periodic pension cost as of June 30, 2024 and 2023:

Assumptions used in the determination of net periodic pension expense for the years ended June 30, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Discount rate	5.32 %	4.95 %

Deferred pension costs, which have not yet been recognized in periodic pension expense but are accrued in net assets without donor restrictions, are \$3,529 and \$10,547 at June 30, 2024 and 2023, respectively. Deferred pension costs represent unrecognized actuarial losses or unexpected changes in the projected benefit obligation and plan assets over time primarily due to changes in assumed discount rates and investment experience.

In selecting the expected long-term rate of return on plan assets, CCHS considered the average rate of earnings on the funds invested or to be invested to provide for the benefits of these plans. This included considering the CCHS Plans' asset allocation and the expected returns likely to be earned over the life of the plans. Target asset allocation is as follows:

	<u>Target</u>
Target allocation on assets:	
Equity securities/mutual funds	44 %
Alternative investments	25
Fixed-income/debt securities	31

Pension plan assets are invested in accordance with the CCHS's investment policy in an attempt to maximize return with reasonable and prudent levels of risk. This structure includes various assets classes, investment management styles, asset allocation, and acceptable ranges that, in total, are expected to produce a sufficient level of overall diversification and total investment return over the long term. CCHS periodically reviews performance to test progress toward attainment of longer-term targets, to compare results with appropriate indices and peer groups, and to assess overall investment risk levels.

(c) **Contributory Plans**

Northwest has a qualified noncontributory defined-contribution pension plan (the NW Plan) covering substantially all employees who work at least 1,000 hours per year, who have completed 2 years of continuous service as of the beginning of the plan year, and who have attained the age of 21 as of the beginning of the plan year. Participants in the NW Plan are 100% vested. Northwest makes annual contributions to the NW Plan equivalent to 1.5% of the participants' salaries for employees who have been in the NW Plan from 1 to 5 years, 4.0% for those in the plan from 6 to 19 years, and 6.5% thereafter. It is Northwest's policy to fund plan costs as they accrue. Plan expense was approximately \$2,480 and \$2,770 for the years ended June 30, 2024 and 2023, respectively, and is included in salaries and employee benefits in the accompanying consolidated statements of operations.

Certain LifeBridge entities have supplemental 403(b) retirement plans for eligible employees. The entities may elect to match varying percentages of an employee's contribution up to a certain percentage of the employee's annual salary. The associated expense was approximately \$7,800 and \$7,600 for the years ended June 30, 2024 and 2023, respectively, and is included in salaries and employee benefits in the accompanying consolidated statements of operations.

Certain companies under Community Physicians and Investments maintain a defined-contribution plan for employees meeting certain eligibility requirements. Eligible employees can also make contributions. Under the plan, the employer may elect to match a percentage of eligible employees' contributions each year. The related expense was approximately \$2,700 and \$2,500 for the years ended June 30, 2024 and 2023, respectively, and is included in salaries and employee benefits in the accompanying consolidated statements of operations.

Certain LifeBridge entities maintain a nonqualified deferred compensation plan for key employees and physicians. The Corporation establishes a separate deferral account on its books for each participant for each plan year. In general, participants are entitled to receive the deferred funds upon their death, attainment of the specified vesting date, or involuntary termination of their employment without cause, whichever occurs first. The related expense was approximately \$6,300 and \$5,800 for the years ended June 30, 2024 and 2023, respectively, and is included in salaries and employee benefits in the accompanying consolidated statements of operations.

(d) *Postretirement Plan Other than Pension*

Carroll sponsors a postretirement plan other than pension for employees. Carroll employees retired from active employment at 65 years of age or older or at 55 years of age after earning at least 10 years of vesting service are eligible for health and prescription drug benefits under Carroll's self-insured health plan. This plan has been closed but not frozen since January 1, 2007. Effective January 1, 2009, individuals are no longer permitted to participate in this Plan once they are Medicare eligible. Plan participants contribute premiums to the Plan in amounts determined by Carroll for pre-Medicare and post-Medicare age retirees. At June 30, 2024 and 2023, Carroll has accrued a liability of \$847 and \$1,146 related to this plan, respectively.

(14) Regulation, Risks, and Uncertainty

The Corporation and other healthcare providers in Maryland are subject to certain inherent risks, including the following:

- Dependence on revenues derived from reimbursement by the federal Medicare and state Medicaid programs;
- Regulation of hospital rates by the State of Maryland Health Services Cost Review Commission (HSCRC);
- Government regulation, government budgetary constraints, and proposed legislative and regulatory changes;
- Lawsuits alleging malpractice and related claims; and
- Cybersecurity risks.

Such inherent risks require the use of certain management estimates in the preparation of the Corporation's consolidated financial statements, and it is reasonably possible that a change in such estimates may occur.

LIFEBRIDGE HEALTH, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(Dollars in thousands)

The Medicare and Medicaid programs represent a substantial portion of the Corporation's revenues, and the Corporation's operations are subject to a variety of other federal, state, and local regulatory requirements. Failure to maintain required regulatory approvals and licenses and/or changes in such regulatory requirements could have a significant adverse effect on the Corporation. Changes in federal and state reimbursement funding mechanisms and related government budgetary constraints could have a significant adverse effect on the Corporation.

The current rate of reimbursement for hospital services to patients under the Medicare and Medicaid programs is based on an agreement between the Centers for Medicaid and Medicare Services (CMS) and the State of Maryland. This agreement is based upon a waiver from Medicare prospective payment system reimbursement principles granted to the State of Maryland by CMS.

In January 2019, Maryland entered a newly negotiated phase of the waiver agreement with CMS. This subsequent phase is designed to last for 10 years, with two distinct 5 year periods, the first 5 year period ended December 31, 2023. While elements of the initial agreement pertaining to limits on hospital per capita growth and growth of total-cost-of-care per Medicare beneficiary of Maryland compared to the nation remain unchanged, the new agreement expands the scope of the waiver to focus more on a patient's total-cost-of-care. Maryland's Waiver demonstration has since been extended through the end-of-2026, requiring Maryland hospitals to generate total cost-of-care savings of \$408,000 per year by the end of the agreement. In addition, Maryland will continue to maintain patient quality methodologies focused on readmissions, hospital acquired conditions, and potentially avoidable utilization, but will also adopt statewide measures related to national measures such as falls prevention and opioid overdoses.

The Corporation recognizes the increasing importance of cybersecurity in today's digital landscape. As a result, the Corporation has implemented various measures to mitigate the risk of cyber threats and protect our systems and data as well as monitor the risks that our vendors have. However, we understand that no system is completely immune to cyberattacks, and there is a possibility that an unauthorized access, data breach, or other cybersecurity incident may occur at either one of our systems or at one of vendors' systems. In the event of a significant cyber incident, there could be a significant impact to the Corporation's future operating results, financial condition, or liquidity. However, to mitigate the potential impact to the Corporation if such an event were to occur, the Corporation maintains cyber insurance coverage. While we believe our cybersecurity measures and our vendors' measures are robust, there can be no assurance that they will prevent all cyber threats or that there will not be a cyber incident in the future that may have a significant adverse effect on our financial condition, liquidity, or results of operations.

(16) Income Taxes

At June 30, 2024, Investments has approximately \$65,483 in net operating loss carryforwards for federal income tax purposes. The net operating loss carryforwards for tax purposes are available to reduce future taxable income and expire in varying periods beginning in 2024 through 2039.

The net operating loss carryforwards created a federal net deferred tax asset of approximately \$13,752 and \$11,029 as of June 30, 2024 and 2023, respectively, and a state deferred tax asset of approximately \$7,799 and \$6,729 as of June 30, 2024 and 2023, respectively. Management has determined that it is more likely than not that Investments will not be able to utilize the deferred tax assets; therefore, a full valuation allowance was recorded against the net deferred assets as of June 30, 2024 and 2023.

At June 30, 2024, Carroll has approximately \$130,185 in net operating loss carryforwards for federal income tax purposes. The net operating loss carryforwards for tax purposes are available to reduce future taxable income and for net operating losses generated as of June 30, 2018, will expire in varying periods through 2038. For the net operating losses generated for the fiscal year June 30, 2019 and forward, the loss can be carryforward indefinitely.

The net operating loss carryforwards created a federal net deferred tax asset of approximately \$27,338 and \$26,181 as of June 30, 2024 and 2023, respectively, and a state deferred tax asset of approximately \$8,380 and \$8,034 as of June 30, 2024 and 2023, respectively. Management has determined that it is more likely than not that Carroll will not be able to utilize the deferred tax assets; therefore, a full valuation allowance was recorded against the net deferred assets as of June 30, 2024 and 2023.

The extent to which these net operating loss carryforwards can be used to offset taxable income may be limited, depending on the extent of ownership changes as defined by Section 382 and the separate-return-limitation-year (SRLY) of the Internal Revenue Code.

The Tax Cuts and Jobs Act ("The Act") was signed into law on December 22, 2017. The Act significantly revises the U.S. corporate income tax by, among other things, lowering the statutory corporate tax rate from 35% to 21% and eliminating certain deductions. The Act also enhanced and extended through 2026 the option to claim accelerated depreciation deductions on qualified property.

The Act repeals the corporate Alternative Minimum Tax ("AMT") regime for tax years beginning after December 31, 2017. For tax years beginning in 2018, 2019, and 2020, the AMT credit carryforward can be utilized to offset regular tax with any remaining AMT carryforwards eligible for a refund of 50%. Any remaining AMT credit carryforwards became fully refundable beginning in the 2024 tax year.

On March 27, 2020, the United States enacted The Coronavirus Aid, Relief and Economic Security (CARES) Act which includes several significant business tax provisions that, among other things, would eliminate the taxable income limit for certain net operating losses (NOL) and allow businesses the option to carry back NOLs arising in 2018, 2019, and 2020 to the five prior tax years; accelerate refunds of

previously generated corporate Alternative Minimum Tax (AMT) credits; generally loosen the business interest limitation under section 163(j) from 30 percent to 50 percent for years 2019 and 2020; and fix the “retail glitch” for qualified improvement property in the 2017 tax code overhaul known informally as the Tax Cuts and Jobs Act (TCJA, P.L. 115-97).

The provision for income taxes varies from the amount computed by applying the statutory federal income tax rate to income before income taxes primarily due to the impact of non-deductible expenses and changes in valuation allowance.

(18) Self-Insurance Programs

(a) Professional/General Liability

The Corporation is self-insured, through LifeBridge Insurance, for most professional and general liability claims arising out of the operations of LifeBridge and its subsidiaries. Estimated liabilities have been recorded for both reported and incurred but not reported claims. See note 17.

LifeBridge Insurance purchases reinsurance coverage from other highly rated insurance carriers to cover their liabilities in excess of various retentions. The amounts that LifeBridge subsidiaries must transfer to LifeBridge Insurance to fund professional and general liability claims are actuarially determined and are sufficient to cover expected liabilities. Management’s estimate of the liability for professional and general liability claims, including incurred but not reported claims, is principally based on actuarial estimates performed by an independent third-party actuary. Professional liability coverage for certain employed physicians is provided by commercial insurance carriers. The receivable for the expected reinsurance receivable is recorded on the consolidated balance sheets. Amounts in excess of the self-insured limits are insured by highly rated commercial insurance companies.

(b) Workers' Compensation

Sinai, Northwest, Levindale, Grace Medical Center, LAA, LifeBridge Health and Fitness, LLC, Practice Dynamics, Inc., CFH, Atlee Hill and CCMS and its subsidiaries are insured for workers' compensation liability through a combination of self-insurance and excess insurance policies. Losses for asserted and unasserted claims are accrued based on estimates derived from past experiences, as well as other considerations including the nature of each claim or incident, relevant trend factors, and estimates of incurred but not reported amounts.

LifeBridge has accrued a liability for known and incurred but not reported claims of \$7,828 and \$7,522 at June 30, 2024 and 2023, respectively. These amounts are included in accounts payable and accrued liabilities in the accompanying consolidated balance sheets. Management believes these accruals are adequate to provide for all workers' compensation claims that have been incurred through June 30, 2024.

All other entities have occurrence-based commercial insurance coverage. There are no material insurance recoveries related to workers' compensation claims under those policies as of June 30, 2024 or 2023.

LifeBridge maintains stop-loss policies on workers' compensation claims. The Corporation is insured for individual claims exceeding \$450.

(c) Health Insurance

LifeBridge is self-insured for employee health claims. LifeBridge has accrued a liability of \$4,664 and \$5,917 at June 30, 2024 and 2023, for known claims and incurred but not reported claims. These amounts are included in accounts payable and accrued liabilities in the accompanying consolidated balance sheets.

(20) Commitments and Contingencies

(a) *Litigation*

The Corporation is subject to numerous laws and regulations of federal, state, and local governments. The Corporation's compliance with these laws and regulations can be subject to periodic governmental review and interpretation, which can result in regulatory action unknown or unasserted at this time.

Management is aware of certain asserted and unasserted legal claims and regulatory matters arising in the ordinary course of business. After consultation with legal counsel, it is management's opinion that the ultimate resolution of these claims will not have a material adverse effect on the Corporation's financial position.

(b) *Letters of Credit*

M&T Bank has established a standby letter of credit of \$2,807 to serve as collateral as required by the Maryland Office of Unemployment Insurance. M&T Bank has established a standby letter of credit for Levindale of \$387 as required by the State of Maryland Department of Labor, Licensing, and Regulation. M&T Bank has established a standby letter of credit for LifeBridge Health & Fitness of \$200 as required by the State of Maryland Office of the Attorney General. M&T has established standby letters of credit of \$94, \$76, and \$42 to serve as collateral as required by Baltimore County for the completion of certain construction work at Northwest. M&T Bank has established a surety bond of \$1,986 for LifeBridge Health as required by the Centers for Medicare and Medicaid Services (CMS). M&T Bank has established a surety bond of \$45 for Sinai as required by Baltimore City for Sanitary Sewer.

(c) *Lease Commitments*

The Corporation has operating and financing leases for real estate, personal property and equipment. The Corporation determines if an arrangement is a lease at the inception of a contract. Leases with an initial term of twelve months or less are not recorded on the consolidated balance sheets.

The Corporation has lease agreements which require payments for lease and non-lease components and has elected to account for these as a single lease component. For leases that commenced before

the effective date of ASU 2016-02, the Corporation elected the permitted practical expedients to not reassess the following: (i) whether any expired or existing contracts contain leases; (ii) the lease classification for any expired or existing leases; and (iii) initial direct costs for any existing leases.

Right-of-use assets represent the Corporation's right to use an underlying asset during the lease term, and lease liabilities represent the Corporation's obligation to make lease payments arising from the lease. Right-of-use assets and liabilities are recognized at the commencement date, based on the net present value of fixed lease payments over the lease term. The Corporation's lease term includes options to extend or terminate the lease when it is reasonably certain that the options will be exercised. As most of the Corporation's operating leases do not provide an implicit rate, the Corporation uses its incremental borrowing rate based on the information available at the commencement date in determining the present value of lease payments. The Corporation considers recent debt issuances, as well as publicly available data for instruments with similar characteristics when calculating its incremental borrowing rates. Variable lease costs consistent primarily of common area maintenance and are not significant to total lease expense.

Operating and finance right-of-use assets and liabilities were as follows:

The consolidated financial statements report certain categories of expenses that are attributable to more than one function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries, wages, and benefits, which include allocations on the basis of estimates of time and effort.

(23) Fair Value of Financial Instruments

The following methods and assumptions were used by the Corporation in estimating the fair value of its financial instruments:

(a) Assets and Liabilities

Cash and cash equivalents, patient service receivables, other receivables, inventory, prepaid expenses, pledges receivable, accounts payable and accrued liabilities, advances to third-party payors, and other current liabilities – The carrying amounts reported in the consolidated balance sheet approximate the related fair values.

Investments (donor-restricted, assets limited as to use, and long-term), and beneficial interest in split-interest agreements – Fair values are based on quoted market prices of individual securities or investments if available, or are estimated using quoted market prices for similar securities or investment managers' best estimate of underlying fair value.

Investment in unconsolidated affiliates – Investments in unconsolidated affiliates are not readily marketable. Therefore, it is not practicable to estimate their fair value, and such investments are recorded in accordance with the equity method or at cost.
