PART I, LINE 3C:

EXPLANATION: IN CONSIDERATION FOR FINANCIAL ASSISTANCE TO OUR PATIENTS,

AHC ALSO CONSIDERS CIRCUMSTANCES BEYOND INCOME. OUR CIRCUMSTANCES COULD

INCLUDE THE NEEDS OF THE PATIENT AND/OR FAMILY AND OTHER FINANCIAL

RESOURCES. IT IS OUR MISSION TO PROVIDE NECESSARY MEDICAL CARE TO THOSE

WHO ARE UNABLE TO PAY FOR THAT CARE. IN GENERAL, AHC HAS 15 LEVELS OF

FINANCIAL ASSISTANCE. THEY ARE AS FOLLOW:

- ANNUAL INCOME <= 1.0X OF FPL, 0% PATIENT RESPONSIBILITY
- ANNUAL INCOME > 1.00X AND <= 1.25X OF FPL, 0% PATIENT RESPONSIBILITY
- ANNUAL INCOME > 1.25X AND <= 1.50X OF FPL, 0% PATIENT RESPONSIBILITY

PART I, LINE 7:

EXPLANATION: MARYLAND'S UNIQUE ALL PAYER SYSTEM INCLUDES A METHOD FOR

REFERENCING UNCOMPENSATED CARE IN EACH PAYORS' RATES, WHICH DOES NOT

ENABLE MARYLAND HOSPITALS TO BREAKOUT ANY OFFSETTING REVENUE RELATED TO

UNCOMPENSATED CARE.

FOR THE REPORTING OF COMMUNITY BENEFIT, AHC USED MEDICARE'S COST REPORT

METHODOLOGY OF COST TO CHARGE RATIO. THE COST TO CHARGE RATIO WAS USED TO

REDUCE THE YEARLY CHARITY CARE PROVISION FROM CHARGE TO COST.

AHC ALSO APPLIED THE COST TO CHARGE RATIO TO BAD DEBT EXPENSES AND

ADMINISTRATIVE DEDUCTION TO COST.

IN ADDITION, AHC ALSO CONSIDERED GOVERNMENT ASSESSMENTS THROUGH THE

STATE'S HEALTH SERVICE COST REGULATORY AGENCY AND OTHER RELATED STATE

GOVERNMENT AGENCIES.

AHC COMPUTED THE COMMUNITY BENEFITS BY ITS HOSPITAL FACILITIES AND

AGGREGATED THE TOTAL.

EXPLANATION: TO ESTIMATE THE COST OF BAD DEBT THAT WE HAVE REPORTED
ON SCHEDULE H, WE MULTIPLIED THE ORGANIZATION'S COST TO CHARGE RATIO (CCR)
TIMES THE BAD DEBT PROVISION THAT HAS BEEN REPORTED IN THE GENERAL LEDGER.
THE ORGANIZATION'S CCR IS THE QUOTIENT THAT RESULTS WHEN TOTAL COST IS
DIVIDED BY TOTAL CHARGES AS REFLECTED ON WORKSHEET C PART I OF THE 2013
MEDICARE COST REPORT.

THE BAD DEBT EXPENSE THAT IS RECORDED IN THE GENERAL LEDGER REFLECTS THE
AMOUNT OF PROVISION MANAGEMENT DEEMS NECESSARY TO REPORT PATIENT ACCOUNTS
RECEIVABLE AT THEIR NET REALIZABLE VALUE. IN EVALUATING THE
COLLECTABILITY OF PATIENT ACCOUNTS RECEIVABLE, WE ANALYZE PAST HISTORY AND

PART III, LINE 4:

EXPLANATION: PATIENT ACCOUNTS RECEIVABLE ARE REPORTED AT NET REALIZABLE
VALUE. ACCOUNTS ARE WRITTEN OFF WHEN THEY ARE DETERMINED TO BE
UNCOLLECTIBLE BASED UPON MANAGEMENT'S ASSESSMENT OF INDIVIDUAL ACCOUNTS.
IN EVALUATING THE COLLECTABILITY OF PATIENT ACCOUNTS RECEIVABLE, THE
CORPORATION ANALYZES ITS PAST HISTORY AND IDENTIFIES TRENDS FOR EACH OF
ITS MAJOR PAYOR SOURCES OF REVENUE TO ESTIMATE THE APPROPRIATE ALLOWANCE
FOR DOUBTFUL COLLECTIONS AND PROVISION FOR DOUBTFUL COLLECTIONS. FOR

FOR RECEIVABLES ASSOCIATED WITH SELF-PAY PATIENTS (WHICH INCLUDES BOTH PATIENTS WITHOUT INSURANCE AND PATIENTS WITH DEDUCTIBLE AND COPAYMENT BALANCES DUE FOR WHICH THIRD-PARTY COVERAGE EXISTS FOR PART OF THE BILL), THE CORPORATION RECORDS A PROVISION FOR DOUBTFUL COLLECTIONS IN THE PERIOD OF SERVICE ON THE BASIS OF ITS PAST EXPERIENCE, WHICH INDICATES THAT MANY PATIENTS ARE UNABLE TO PAY THE PORTION OF THEIR BILL FOR WHICH THEY ARE FINANCIALLY RESPONSIBLE. THE DIFFERENCE BETWEEN THE BILLED RATES AND THE AMOUNTS ACTUALLY COLLECTED AFTER ALL REASONABLE COLLECTION EFFORTS HAVE BEEN EXHAUSTED IS CHARGED OFF AGAINST THE ALLOWANCE FOR DOUBTFUL COLLECTIONS.

PART III, LINE 8:

EXPLANATION: ACUTE CARE HOSPITALS IN MARYLAND ARE EXEMPT FROM MEDICARE REIMBURSEMENT METHODOLOGY AND ALL PAYORS (INCLUDING MEDICARE AND MEDICAID) PAY HOSPITALS' CHARGES, WHICH ARE REGULATED BY THE STATE'S HEALTH SERVICES COST REVIEW COMMISSION (HSCRC). SPECIFICALLY, MEDICARE ENJOYS A DISCOUNT OF 6% OF CHARGES WITHOUT AN ADVANCE FUNDING DEPOSIT WITH PROVIDERS. THERE SHOULD BE NO SHORTFALL AND THEREFORE COUNT TOWARD COMMUNITY BENEFIT.

AHC USED SCHEDULE C OF THE MEDICARE COST REPORT TO COMPUTE A COST TO CHARGE RATIO USED TO ESTIMATE THE COST OF COMMUNITY BENEFITS IN PROVIDING BAD DEBT AND CHARITY DEDUCTIONS. SINCE THE HSCRC ASSESSES HOSPITALS TO SUBSIDIZE MEDICAID DEFICITS BUDGET, THESE ASSESSMENTS ARE ALSO COUNTED TOWARD COMMUNITY BENEFITS.

 FINANCIAL STATUS. OUR FINANCIAL ASSISTANCE POLICY ENCOURAGES THE PATIENT
 AND THEIR REPRESENTATIVE TO COOPERATE WITH AND AVAIL THEMSELVES OF ALL
 AVAILABLE PROGRAMS (INCLUDING MEDICAID, WORKERS COMPENSATION, AND STATE

 FINANCIAL ASSISTANCE PROCESS AND COLLECTION PROTOCOL ARE WELL DEFINED WITH

 DIGNITY AND RESPECT, AS THEY WOULD LIKE TO BE TREATED.

PART VI, LINE 2:

EXPLANATION: NEEDS ASSESSMENT:

ADVENTIST HEALTHCARE, INCLUDING SHADY GROVE ADVENTIST HOSPITAL, WASHINGTON
 ADVENTIST HOSPITAL, AND ADVENTIST BEHAVIORAL HEALTH, FORMED A COMMUNITY
 BENEFIT COUNCIL (CBC) IN 2011 TO GUIDE AND LEAD ITS COMMUNITY BENEFIT
 ACTIVITIES, INCLUDING CONDUCTING THE COMMUNITY HEALTH NEEDS ASSESSMENT.
 THE COMMUNITY BENEFIT COUNCIL HAS REPRESENTATION FROM VARIOUS DEPARTMENTS
 WITHIN ADVENTIST HEALTHCARE AND IS LED BY ISMAEL GAMA, ASSOCIATE VICE
 PRESIDENT OF MISSION INTEGRATION & PASTORAL CARE SERVICES. AS A STARTING
 POINT FOR ASSESSING THE HEALTH NEEDS OF THE COMMUNITY, THE COMMUNITY
 BENEFIT COUNCIL DECIDED TO RESEARCH TOPICS IN ALIGNMENT WITH MONTGOMERY

Part VI Supplemental Information (Continuation)

COUNTY'S HEALTHY MONTGOMERY FOCUS AREAS OF: CANCER, CARDIOVASCULAR DISEASES, DIABETES, MATERNAL & INFANT HEALTH, BEHAVIORAL HEALTH, AND OBESITY. THE COMMUNITY BENEFIT COUNCIL ALSO DECIDED TO RESEARCH ADDITIONAL TOPICS OF INTEREST TO THE HOSPITALS AND THE COMMUNITIES SERVED INCLUDING: ASTHMA, INFLUENZA, HIV/AIDS, SENIOR HEALTH, INCOME AND POVERTY, ACCESS TO CARE/HEALTH INSURANCE COVERAGE, FOOD ACCESS, HOUSING QUALITY, EDUCATION, AND TRANSPORTATION. THE TOPICS INCLUDED IN THE COMMUNITY HEALTH NEEDS ASSESSMENTS WERE REVIEWED, DISCUSSED AND APPROVED BY THE COMMUNITY BENEFIT ADVISORY BOARD AND BY THE BOARDS OF EACH ENTITY.

SINCE 2006, ADVENTIST HEALTHCARE HAS REGULARLY CONVENED AN ADVISORY BOARD TO HELP GUIDE OUR EFFORTS TO REDUCE AND ELIMINATE HEALTH DISPARITIES, TO IDENTIFY COMMUNITY NEEDS, AND TO HELP ASSESS AND DIRECT OUR RESPONSE TO THOSE NEEDS. THE ADVISORY BOARD IS COMPRISED OF BOTH INTERNAL AND EXTERNAL (COMMUNITY) LEADERS. MEMBERS INCLUDE CLINICIANS, RESEARCHERS, ADMINISTRATORS AND OTHERS FROM OUR HOSPITALS, COMMUNITY-BASED ORGANIZATIONS, LOCAL AND STATE HEALTH DEPARTMENTS, UNIVERSITY OF MARYLAND, THE NATIONAL INSTITUTES OF HEALTH (SPECIFICALLY, THE NATIONAL INSTITUTE OF MINORITY HEALTH AND HEALTH DISPARITIES), AND OTHER PUBLIC HEALTH STAKEHOLDER ORGANIZATIONS. THE COMMUNITY HEALTH NEEDS ASSESSMENTS WERE REVIEWED AND APPROVED BY THE BOARD OF TRUSTEES AT EACH ENTITY, AS WELL AS BY THE ADVENTIST HEALTHCARE BOARD OF TRUSTEES. AFTER COMPLETION OF THE COMMUNITY HEALTH NEEDS ASSESSMENTS, THE PRESIDENT'S COUNCIL OR EXECUTIVE COUNCIL AT EACH HOSPITAL MET TO DISCUSS AND VOTE UPON FOCUS AREAS FOR IMPLEMENTATION OF STRATEGIES TO ADDRESS IDENTIFIED HEALTH NEEDS. THE IMPLEMENTATION STRATEGIES DEVELOPED BY EACH ENTITY WERE ALSO REVIEWED AND APPROVED BY THE BOARD OF TRUSTEES AT EACH ENTITY, THE ADVENTIST HEALTHCARE BOARD OF TRUSTEES, AND THE COMMUNITY BENEFIT ADVISORY BOARD.

Part VI Supplemental Information (Continuation)

IN ADDITION TO INPUT FROM VARIOUS BOARDS, THE COMMUNITY PERSPECTIVE WAS OBTAINED THROUGH A COMMUNITY HEALTH NEEDS ASSESSMENT SURVEY OFFERED TO THE PUBLIC THROUGH POSTINGS ON ADVENTIST HEALTHCARE ENTITY FACEBOOK PAGES, NEWSLETTERS, EMAIL LISTSERVS, MEETINGS WITH COMMUNITY LEADERS, AND HEALTH FAIRS. ADDITIONALLY, ADVENTIST BEHAVIORAL HEALTH HAS A COMMUNITY ADVISORY COUNCIL, WHICH INCORPORATES FEEDBACK FROM THE COMMUNITY IN THE PLANNING AND DELIVERY OF SERVICES.

TO OBTAIN SECONDARY DATA FOR THE COMMUNITY HEALTH NEEDS ASSESSMENTS, WE WORKED WITH MONTGOMERY COUNTY'S HEALTH AND HUMAN SERVICES, COMMUNITY HEALTH IMPROVEMENT PROCESS (CHIP), TO REVIEW THE STATE OF MARYLAND'S STATE HEALTH IMPROVEMENT PROCESS' (SHIP) 39 HEALTH INDICATORS. ADVENTIST HEALTHCARE HAS REPRESENTATION ON THE HEALTHY MONTGOMERY STEERING COMMITTEE. THE GROUP'S COLLABORATIVE EFFORTS IN 2011 FOCUSED ON A SELECTION PROCESS FOR MONTGOMERY COUNTY'S HEALTH PRIORITIES. DATA WAS COLLECTED AND A VENDOR (HEALTHY COMMUNITY INSTITUTE) WAS SELECTED TO IMPLEMENT A COMMUNITY TRACKING TOOL THAT IS LINKED TO PUBLIC HEALTH INTERVENTIONS THAT IMPROVE HEALTH OUTCOMES. THIS ONGOING SURVEILLANCE IS POPULATION-BASED DATA THAT SHOWS HEALTH SERVICES UTILIZATION AND SOCIAL AND ENVIRONMENTAL DETERMINANTS OF HEALTH, INCLUDING SOCIO-ECONOMIC STATUS, SOCIAL ISOLATION, HOUSING AND AIR QUALITY. IT IS AVAILABLE TO THE PUBLIC ON THE HEALTHY MONTGOMERY WEBSITE.

ADVENTIST HEALTHCARE'S CENTER FOR HEALTH EQUITY AND WELLNESS (FORMERLY CENTER ON HEALTH DISPARITIES) DEVELOPS AND RELEASES ANNUAL PROGRESS REPORTS, AND THESE REPORTS HELPED TO INFORM THE HOSPITALS' COMMUNITY HEALTH NEEDS ASSESSMENTS. ALL PROGRESS REPORTS DEVELOPED BY THE CENTER FOR

Part VI Supplemental Information (Continuation)

HEALTH EQUITY AND WELLNESS ("THE CENTER") ARE MADE AVAILABLE TO THE PUBLIC ON THE CENTER'S WEBSITE, AS WELL AS IN HARD COPY THROUGH CONFERENCES AND UPON REQUEST.

THE CENTER'S 2011 PROGRESS REPORT, ENTITLED HEALTH DISPARITIES IN THE ERA OF REFORM IMPLEMENTATION, DETAILED DEMOGRAPHIC TRENDS AND ASSESSED DISPARITIES ACROSS A RANGE OF ISSUES WITHIN THREE BROAD HEALTH TOPICS AFFECTING OUR COMMUNITY: MATERNAL AND INFANT HEALTH, HEART DISEASE AND STROKE, AND CANCER. THE REPORT INCORPORATED DESCRIPTIVE FINDINGS FROM NATIONAL, STATE AND COUNTY-LEVEL DATABASES ON THE RACIAL AND ETHNIC MAKEUP OF THE POPULATION, THE PREVALENCE OF DISEASE ACROSS THESE GROUPS, AND THE RATES OF RECEIVING APPROPRIATE TREATMENT. TO CREATE THIS REPORT, THE CENTER ANALYZED THE U.S. CENSUS BUREAU'S AMERICAN COMMUNITY SURVEY AND PROFILES OF GENERAL POPULATION AND HOUSING CHARACTERISTICS TO PRODUCE A BROAD DEMOGRAPHIC OVERVIEW BY COUNTY, RACE, AND ETHNICITY. IN MARYLAND, THE CENTER PRODUCED DESCRIPTIVE TABULATIONS BASED ON DATA FROM THE MARYLAND BEHAVIORAL RISK FACTOR SURVEILLANCE SYSTEM, THE MARYLAND CANCER REGISTRY, THE MARYLAND VITAL STATISTICS ADMINISTRATION, THE MARYLAND HEALTH CARE COMMISSION, AND THE MARYLAND DEPARTMENT OF HEALTH AND MENTAL HYGIENE'S (MDHMH) OFFICE ON MINORITY HEALTH & HEALTH DISPARITIES. IN ADDITION TO THESE DATA SOURCES, THE CENTER ALSO SUMMARIZED FINDINGS FROM VARIOUS NATIONAL AND STATE-LEVEL REPORTS ON INSURANCE COVERAGE, DISEASE CONDITION, AND HEALTHY BEHAVIORS RELEASED BY THE AGENCY FOR HEALTHCARE RESEARCH AND QUALITY, THE KAISER FAMILY FOUNDATION, AND THE MDHMH'S FAMILY HEALTH ADMINISTRATION, OFFICE OF CHRONIC DISEASE PREVENTION.

THE CENTER'S 2012 PROGRESS REPORT WAS A HEALTH EQUITY REPORT THAT INCLUDED INFORMATION ABOUT PATIENTS TREATED AT SHADY GROVE ADVENTIST HOSPITAL AND

Part VI Supplemental Information (Continuation)

WASHINGTON ADVENTIST HOSPITAL IN 2011 AND EXAMINED THE INTERSECTION OF QUALITY AND HEALTH EQUITY. THIS REPORT CONVEYED GENERAL INFORMATION ABOUT THE PATIENT POPULATION SERVED AT ADVENTIST HEALTHCARE HOSPITALS, WHERE THEY RECEIVED CARE WITHIN THE HOSPITALS, AND THE QUALITY OF CARE RECEIVED. THE 2012 REPORT INCLUDED HOSPITAL-SPECIFIC DATA ON CANCER, INPATIENT CLINICAL QUALITY INDICATORS, HOSPITAL READMISSION RATES, AND PATIENT EXPERIENCE.

THE CENTER'S 2013 HEALTH EQUITY REPORT SHARED DEMOGRAPHIC, CLINICAL, AND QUALITY INFORMATION ABOUT ADVENTIST HEALTHCARE HOSPITALS AND OTHER ENTITIES, AND HIGHLIGHTED EFFORTS TO IMPROVE PATIENT EXPERIENCES AND OUTCOMES IN THE COMMUNITIES WE SERVE. SPECIAL HIGHLIGHTS IN THE 2013 REPORT INCLUDED INFORMATION ABOUT FEDERAL STANDARDS TO INCREASE CULTURALLY COMPETENT CARE AND REDUCE HEALTH DISPARITIES, THE IMPLEMENTATION OF THE AFFORDABLE CARE ACT (ACA) IN THE STATE OF MARYLAND, EFFORTS TO REDUCE READMISSIONS AND IMPROVE PATIENT-CENTERED CARE ACROSS THE ADVENTIST HEALTHCARE SYSTEM, AND ADVENTIST HEALTHCARE HOSPITALS' COMMUNITY HEALTH NEEDS ASSESSMENT RESULTS AND NEXT STEPS.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Adventist HealthCare, Inc. and controlled entities (collectively, the "Corporation"), which comprise the consolidated balance sheets as of December 31, 2013 and 2012, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Adventist HealthCare, Inc. and controlled entities as of December 31, 2013 and 2012, and the results of its operations, changes in net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating and combining information presented on pages 42 to 49 is presented for purposes of additional analysis rather than to present the financial position, results of operations, and cash flows of the individual companies and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risk Factors

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for patient services previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects of this matter on the Corporation, if any, are not presently determinable.

Maryland Health Services Cost Review Commission

Patient charges of SGAH, WAH, ABH and ARHM are subject to review and approval by the Maryland Health Service Cost Review Commission ("HSCRC"). Management has filed the required reports with the HSCRC for each facility and believes they are in compliance with HSCRC requirements.

In April 2014, Adventist Healthcare entered into a Global Budget Revenue Agreement with the HSCRC for Shady Grove Adventist Hospital, Washington Adventist Hospital and Shady Grove Emergency Center, retroactive to July 1, 2013. This agreement sets a fixed amount of revenue for each entity for the period July 1, 2013 through June 30, 2014. Total revenue per the Global Budget Revenue Agreement, and the amount of that revenue recognized in 2013, are as follows:

	Total Approved Revenue July 1, 2013- June 31, 2014	Revenue Recognized July 1, 2013- December 21, 2013
Shady Grove Adventist Hospital	\$ 376,588,970	\$ 185,035,009

The HSCRC has placed into its methodology a rate system which, among other things, causes SGAH and WAH to calculate the amount of revenue lost or gained due to variances from approved rates. Revenue lost due to undercharges in rates is recouped through increases in prospective rates. Similarly, revenue gained due to overcharges in rates is paid back, wholly or in part, through reductions in prospective rates.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

The Corporation reported net undercharges of \$1,195,648 and \$6,987,996 as of December 31, 2013 and 2012, respectively. These price variances reflect (1) the variance between actual patient charges and the rate orders, and (2) a provision for expected rate adjustments related to the case mix experience of WAH and SGAH. The net amounts are reported as a component of net patient service revenue and patient accounts receivable in the consolidated financial statements. Since the HSCRC's rate year extends from July 1 through June 30, these amounts will continue to fluctuate until the end of the rate year as actual patient charges deviate from the Total Approved Global Budget Revenue Agreement amounts reflected above, at which time any over/under charges are amortized on the straight-line basis over the following rate year.

Under Maryland law, charges of specialty hospitals such as ARHM are subject to review and approval by the HSCRC. HSCRC regulations also include a provision whereby a hospital may apply for an exemption from the requirements to charge for services in accordance with the HSCRC regulations. Certain conditions regarding the percentage of revenue related to Medicare and Medicaid patients and total revenues must be met to receive the initial exemption and must be met each year thereafter. Reporting requirements as established by the HSCRC continue if an exemption regarding charging for services is received. The Corporation's management believes ARHM met the conditions for exemption during 2013 and 2012.

Cash and Cash Equivalents

Cash and cash equivalents include investments in money market funds and certificates of deposit purchased with original maturities of less than 90 days, excluding assets whose use is limited.

Patient Accounts Receivable

Patient accounts receivable are reported at net realizable value. Accounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. In evaluating the collectability of patient accounts receivable, the Corporation analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful collections and provision for doubtful collections. For patient accounts receivable associated with services provided to patients who have third-party coverage, the Corporation analyzes contractually due amounts and provides an allowance for doubtful collections and provision for doubtful collections, if necessary. For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Corporation records a provision for doubtful collections in the period of service on the basis of its past experience, which indicates that many patients are unable to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful collections.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

The Corporation's allowance for doubtful collections for self-pay patients as a percentage of self-pay accounts receivable was 67% and 64% at December 31, 2012 and 2013, respectively. In addition, the Corporation's self-pay account writeoffs, net of recoveries, increased from \$38,639,959 in 2012 to \$49,368,811 in 2013 which was the result of both increased services provided to self-pay patients and negative trends experienced in the collection of amounts from self-pay patients in 2013. The Corporation does not maintain a material allowance for doubtful collections from third party payors, nor did it have significant writeoffs from third-party payors.

Other Receivables

Other receivables represent amounts due to the Corporation for charges other than providing health care services to patients and pledges from donors. These services include, but are not limited to, fees from educational programs, rental of health care facility space, interest earned, and management services provided to unconsolidated subsidiaries. Other receivables are written off when they are determined to be uncollectible based on management's assessment of individual accounts. The allowance for doubtful accounts is estimated based upon historical collection experience and other managerial information.

Assets Whose Use Is Limited

Assets whose use is limited includes assets held by bond trustees under trust indentures, assets set aside as required by the Corporation's self-funded professional liability trust, and assets set aside for deferred compensation agreements. Amounts available to meet current liabilities of the Corporation have been reclassified as current assets in the accompanying consolidated balance sheets.

Investments and Investment Risk

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Cash and cash equivalents and certificates of deposit are carried at cost which approximates fair value. Investments in joint ventures are accounted for using the equity or cost method of accounting depending on the Corporation's ownership interest. Investment income or loss (including realized gains and losses on investments, write-downs of the cost basis of investments due to an other-than-temporary decline in fair value, interest, and dividends) is included in the determination of revenues in excess of expenses from continuing operations unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are excluded from the determination of revenues in excess of expenses unless the investments are trading securities. Donor-restricted investment income is reported as an increase in temporarily restricted net assets.

The Corporation's investments are comprised of a variety of financial instruments. The fair values reported in the consolidated balance sheets are subject to various risks including changes in the equity markets, the interest rate environment, and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported in the accompanying consolidated financial statements could change materially in the near term.

Inventories

Inventories of drugs, medical supplies and surgical supplies are valued at the lower of cost or market. Cost is determined primarily by the weighted average cost method.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. Equipment under capital leases is amortized on the straight-line method over the shorter period of the lease term or estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the accompanying consolidated statements of operations.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Impairment losses are recognized in the consolidated statements of operations as a component of revenues in excess of expenses from continuing operations as they are determined. The Corporation reviews its long-lived assets whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. In that event, the Corporation calculates the estimated future net cash flows to be generated by the asset. If those future net cash flows are less than the carrying value of the asset, an impairment loss is recognized for the difference between the estimated fair value and the carrying value of the asset. There were no impairment losses reported in 2013 or 2012.

Intangible Assets

The Corporation's intangible assets primarily include costs in excess of net assets acquired related to certain business acquisitions. The Corporation is amortizing certain intangible assets over a period not to exceed 40 years. Amortization of these intangible assets was \$284,784 and \$286,201 in 2013 and 2012, respectively. Accumulated amortization of intangible assets was \$2,567,571 and \$2,282,787 as of December 31, 2013 and 2012, respectively.

Deferred Financing Costs

Costs incurred in connection with the issuance of long-term obligations have been deferred and are being amortized over the term of the related obligation using the straight-line method. Amortization was \$603,359 and \$661,831 in 2013 and 2012, respectively. Amortization for HRMC was \$37,783 in 2013 and 2012 and is included in (loss) income from discontinued operations in the consolidated statements of operations. Accumulated amortization of deferred financing costs was \$3,627,563 and \$3,203,288 at December 31, 2013 and 2012, respectively.

Adventist HealthCare, Inc. and Controlled Entities

Due to Third Party Payors

The Corporation receives advances from third party payors to provide working capital for services rendered to the beneficiaries of such services. These advances are principally determined based on the timing differences between the provision of care and the anticipated payment date of the claim for service in accordance with HSCRC's rate regulations. These advances are subject to periodic adjustment.

For HRMC, the Medicare and Medicaid programs pay for primarily all inpatient and outpatient services at predetermined rates. Regulations require annual retroactive settlements for cost-based reimbursement through cost reports filed by HRMC. These retroactive settlements are estimated and recorded in the consolidated financial statements in the year in which they occur. The estimated settlements recorded at December 31, 2013 and 2012 could differ from actual settlements based on the results of cost report audits.

For certain Corporation subsidiaries, services provided on behalf of Medicare and Medicaid beneficiaries are ultimately reimbursed at cost. For cost reimbursement programs, statements of reimbursable costs are filed with the applicable program that compute the difference between reimbursable cost and interim payments, in order to determine a final settlement for services rendered to patients covered under these programs. Contractual reimbursements are affected by limitations relating to charges and the reasonableness of costs (subject to limitations) and are subject to audits by the agencies administering the applicable program.

The Corporation's working capital advances and all expected third party payor settlement activity are classified as current liabilities in the accompanying consolidated balance sheets.

Derivative Financial Instruments

The Corporation has entered into two interest rate swap agreements, which are considered derivative financial instruments, to manage its interest rate exposure on certain long-term obligations (Note 10). The interest rate swap agreements are reported at fair value in the accompanying consolidated balance sheets. One of the interest rate swap agreements is designated as a cash flow hedge. The related effective changes in fair value for the cash flow hedge is reported in the accompanying consolidated statements of operations as an unrealized gain or loss on cash flow derivative financial instruments and the ineffective portion of the change in fair value is reported as a component of interest expense. For the interest rate swap not designated as a cash flow hedge, changes in fair value are reported as a component of other non-operating income.

Estimated Self-Insured Professional Liability

The provision for estimated self-insured professional liability includes estimates of the ultimate costs for both reported claims and claims incurred but not reported, including costs associated with litigating or settling claims. Anticipated insurance recoveries associated with reported claims are reported separately in the Corporation's consolidated balance sheets at net realizable value.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time period or purpose, including the purchase of capital renovations and equipment, providing health education to the community, and designation for the furtherance of programs provided by specific operating departments. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation in perpetuity.

Revenues in Excess of Expenses from Continuing Operations

The consolidated statements of operations include the determination of revenues in excess of expenses from continuing operations. Revenues in excess of expenses from continuing operations is the Corporation's performance indicator. Changes in unrestricted net assets which are excluded from the determination of revenues in excess of expenses from continuing operations, consistent with industry practice, include income from discontinued operations, unrealized gains and losses on investments other than trading securities, the effective portion of the unrealized gain (loss) on derivative financial instruments, transfers with unconsolidated subsidiaries, contributions of long-lived assets (including contributions which by donor restriction were to be used for the purpose of acquiring such long-lived assets), and other unrestricted net asset activity.

Net Patient Service Revenue

The Corporation reports net patient service revenue at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including an estimate for retroactive adjustments that may occur as a result of future audits, reviews and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, review and investigations. Net patient service revenue reported in the consolidated statements of operations is reduced both by (1) estimated allowances for the excess of charges over anticipated patient or third party payor payments and (2) a provision for doubtful collections. Certain of the health care services provided by the Corporation are reimbursed by third party payors on the basis of the lower of cost or charges, with costs subject to certain imposed limitations.

Patient accounts receivable are reported at net realizable value and include charges for accounts due from Medicare, Medicaid, other commercial and managed care insurers, and self-paying patients (Note 15). Patient accounts receivable also includes management's estimate of the impact of certain undercharges to be recouped or overcharges to be paid back for inpatient and outpatient services in subsequent years rates as discussed earlier. The Corporation also deducts from patient accounts receivable an estimated allowance for doubtful collections related to patients and allowances for the excess of charges over the payments to be received from third party payors.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

The Corporation has agreements with third-party payors that provide for payments to the Corporation at amounts different from its established rates. The Corporation recognizes patient service revenue associated with services provided to patients who have third-party payor coverage on the basis of these established rates for the services rendered. For uninsured patients that do not qualify for charity care, the Corporation recognizes revenues on the basis of its standard rates, discounted in accordance with the Corporation's policy. On the basis of historical experience, a significant portion of the Corporation's uninsured patients will be unable to pay for the services provided. Thus, the Corporation records a significant provision for doubtful collections related to uninsured patients in the period the services are provided. Patient service revenues, net of contractual allowances and discounts (but before the provision for doubtful collections), recognized in 2013 and 2012 from these major payor sources, are as follows:

	Patient Service Revenues (Net of Contractual Allowances and Discounts)				Total
	Medicare	Medicaid	Other Third Party Payors	Self Pay and Other	
December 31, 2013	<u>\$ 214,375,408</u>	<u>\$ 37,749,363</u>	<u>\$ 424,058,547</u>	<u>\$ 74,326,328</u>	<u>\$ 750,509,646</u>
December 31, 2012	<u>\$ 223,110,227</u>	<u>\$ 27,936,252</u>	<u>\$ 395,015,470</u>	<u>\$ 103,984,784</u>	<u>\$ 750,046,733</u>

Patient service revenues (net of contractual allowances and discounts) for HRMC were \$85,579,849 in 2013 and \$89,849,396 in 2012. These amounts have been classified in (loss) income from discontinued operations in the consolidated statements of operations.

During February 2012, the Corporation received approximately \$11.5 million in cash from Medicaid as an advance on patient claim balances.

Income Taxes

The Corporation accounts for uncertainty in income taxes using a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold is met. Management determined there were no tax uncertainties that met the recognition threshold in 2013 or 2012.

The Corporation's policy is to recognize interest related to unrecognized tax benefits in interest expense and penalties in operating expenses.

The Corporation's federal Exempt Organization Returns of Income Tax and its Business Income Tax Returns for the years ended prior to December 31, 2010 no longer remain subject to examination by the Internal Revenue Service.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

Charity Care

The Corporation provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Such patients are identified based on financial information obtained from the patient (or their guarantor) and subsequent analysis which includes the patient's ability to pay for services rendered. Because the Corporation does not pursue collection of amounts determined to qualify as charity care, such amounts are not reported as a component of net patient service revenue or patient accounts receivable.

The Corporation maintains records to identify and monitor the level of charity care it provides. The costs associated with the charity care services provided are estimated by applying a cost-to-charge ratio to the amount of gross uncompensated charges for the patients receiving charity care. The level of charity care provided by the Corporation amounted to approximately \$22,016,000 in 2013 and \$14,040,000 in 2012. In accordance with the reimbursement methodology set forth by the HSCRC, the Corporation received cash payments from the state wide uncompensated care pool which totaled \$1,433,374 and \$1,102,785 for 2013 and 2012, respectively. The funds were received by the Corporation because charity care was provided in excess of the statewide average and are included in net patient service revenue in the accompanying consolidated statements of operations.

Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received or when the underlying conditions have been substantially met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions. Restricted funds to be used for capital acquisitions have been reported as noncurrent assets in the accompanying consolidated balance sheets, while other restricted cash and investments are included with the cash and cash equivalents of unrestricted net assets.

Investment income that is earned on donor restricted net assets and subject to similar restrictions is reported as temporarily restricted net assets. Gifts, grants, and bequests not restricted by donors are reported as other operating income.

Advertising Costs

The Corporation expenses advertising costs as they are incurred.

Reclassifications

Certain amounts relating to 2012 have been reclassified to conform to the 2013 reporting format.

2. Discontinued Operations

Effective November 30, 2010, the Corporation sold the operating assets of its five wholly-owned subsidiary nursing homes and its wholly-owned dialysis center to an unrelated third party, and discontinued the operations of these facilities. The Board of Trustees approved the plan of sale of these facilities in July 2010.

Effective November 30, 2010, Glade Valley Nursing & Rehabilitation Center also sold certain operating assets to the same unrelated third party.

Effective January 28, 2014, the Corporation entered into an affiliation agreement with an unrelated third party for the sale of HRMC. The sale of HRMC is pending state regulatory review which could span several months. The carrying value of property and equipment, net related to HRMC as of December 31, 2013 and 2012 was \$42,952,842 and \$45,479,206, respectively, and consists of the following:

4. Fair Value Measurements and Financial Instruments

Fair Value Measurements

The Corporation measures its short-term investments, assets whose use is limited, investments, beneficial interest in trusts, and derivative financial instruments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America.

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Corporation for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.

The following represents the investment strategies of the Funds and the Corporation's investments measured at fair value at December 31:

Fund	Investment Strategy	2013	2012
CBAM Resolute Fund, Ltd	To create an alternative source of income by harnessing risk premiums in global option markets. In pursuit of this objective, the fund will employ its option income strategy which utilizes actively-managed option-based investment structures to create absolute return profiles. This market-neutral strategy is designed to have minimal correlation to underlying market returns over an extended period of time and may be applied in a range of global markets including equities (both individual stocks and baskets of stocks), commodities, interest rates, foreign currencies and other markets where options are traded. The fund may trade and invest in the underlying instruments, related instruments (e.g. futures, forwards and exchange-traded funds or notes), and long and short call options and put options on the underlying or related instruments. The fund will seek to capitalize on a combination of systemic risk premium in global option markets and yields from active cash management.	\$ 20,618,514	\$ 35,128,531
CBAM Intrepid Fund, Ltd	To reshape expected distribution of long-term global equity returns by implementing an active combination of three strategies: trend, income and structure. The objective of the fund is to capture a significant proportion of upside equity returns while avoiding a significant proportion of downside equity returns thus reducing the volatility of returns. The trend strategy is designed to provide directional exposure to equity risk premium. The income strategy will utilize actively-managed option-based investment structures designed to harness systemic risk premiums in global markets. The structure strategy is designed to capture returns from lower probability events across global equity and equity volatility markets.	9,534,675	16,326,184

The fair value takes into consideration the prevailing interest rate environment and the specific terms and conditions of the derivative financial instrument, and considers the credit risk of the Corporation and counterparty. The method used to determine the fair value calculates the estimated future payments required by the derivative financial instrument and discounts these payments using an appropriate discount rate. The value represents the estimated exit price the Corporation would pay to terminate the agreement.

(1.94% at December 31, 2013).

In December 2013, the Corporation issued Series 2013B taxable revenue bonds in the amount of \$25,000,000 in order to fund certain capital expenditures. The Series 2013B bonds bear interest at a variable rate of 6-month LIBOR plus 3.00% (3.19% at December 31, 2013). The Series 2013B bonds are subject to the Amended and Restated Master Trust Indenture referred to above. In February 2014, the Series 2013B bonds were converted from taxable revenue bonds to tax-exempt revenue bonds and are now referred to as the Series 2014A bonds and bear interest at a fixed rate of 3.56%.

The bonds subject to the Amended and Restated Master Trust Indenture are secured by the unrestricted revenues of the Obligated Group as well as a mortgage interest in the facilities of Shady Grove Adventist Hospital, Adventist Behavioral Health, Adventist Rehabilitation Hospital of Maryland, Washington Adventist Hospital, and Hackettstown Community Hospital.

Secured Lines of Credit

The Corporation has two secured lines of credit outstanding as follows:

- \$20,000,000 line of credit with a commercial bank that bears interest at LIBOR plus 2.00% (2.17% at December 31, 2013). The amortization on the line extends to December 31, 2017, however the line is up for renewal at January 31, 2015. The balance on the working capital line was \$17,500,000 and \$19,500,000 at December 31, 2013 and 2012, respectively.
- \$16,000,000 line of credit that bears interest at LIBOR plus 1.75% (1.92% at December 31, 2013) and expires on June 30, 2014. As such, the entire outstanding balance is shown as a component of long-term debt subject to short-term remarketing and repayment agreements in the consolidated balance sheet at December 31, 2013. The balance on the line of credit was \$15,000,000 and \$16,000,000 at December 31, 2013 and 2012, respectively.

These lines of credit are secured by Master Notes issued under the Amended and Restated Master Trust Indenture dated as of February 1, 2003.

Capital Lease Purchase Financing Facilities

There are two capital lease purchase financing facilities with two commercial banks. The first facility was established in October 2008 for \$8,000,000 and bears interest at a rate of 3.85% and was repaid during 2013. The second facility was established in February 2011 for \$10,000,000 and bears interest at a rate of 3.47%. Both facilities have a five year repayment period. Under the terms of the agreements, the commercial banks deposited funds into escrow accounts for the purpose of funding future purchases of new or used medical or medical-related equipment. The commercial banks retain title to the equipment and are considered to be the owner; however, the Corporation is responsible for all related expenses, including but not limited to, insurance, maintenance, and taxes.

Other Long Term Liabilities

This category consists of several capital lease obligations and notes payable on various types of medical and IT equipment. The financed equipment serves as security on these leases. Interest rates on these other long term liabilities range from 3.40% - 6.83%.

Scheduled principal repayments of long-term obligations at December 31, 2013 are as follows:

Years ending December 31:	
2014	\$ 64,910,596

10. Derivative Financial Instruments

The Corporation has two interest rate swap agreements, which are considered derivative financial instruments. The agreements were entered into in order to manage interest rate exposure. The principal objective of the swap agreements is to minimize the risks associated with financing activities by reducing the impact of changes in interest rates on its debt portfolio. The notional amount of the swap agreements is used to measure the interest to be paid or received and does not represent the amount of exposure to credit loss. Exposure to credit loss is limited to the receivable, if any, which may be generated as a result of the swap agreement. Losses related to credit risk are managed by diversification among various swap counterparties and by requiring collateral from the Corporation's swap counterparties at various ratings thresholds while the Corporation has no reciprocal requirement to post collateral. The two interest rate swap agreements are reported at fair value in the consolidated balance sheets.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

The interest rate swap agreement with a notional amount of \$78,000,000 was designated by the Corporation as a cash flow hedge, which qualifies it for hedge accounting treatment under accounting principles generally accepted in the United States of America. The effective portion of the change in fair value of the cash flow hedge is reported in the consolidated statements of operations and changes in net assets as an unrealized gain or loss on cash flow derivative financial instrument. The ineffective portion of the change in fair value is reported in the accompanying consolidated statements of operations as a component of interest expense.

In December 2010, the Corporation sold two separate options to the swap counterparties to terminate their remaining interest rate swap agreements designated as cash flow hedges, both at an exercise price of \$3,000,000. The option related to the interest rate swap agreement with a notional amount of \$59,330,000, as noted in the table below, had an exercise date of December 21, 2012 and the swap counterparty did not exercise this option. The other option related to the interest rate swap agreement with a notional amount of \$78,000,000, as noted in the table below, had an exercise date of December 1, 2013 and the swap counterparty did not exercise this option.

The net cash paid or received under the swap agreements is recognized as either an adjustment to interest expense or other income. The net cash paid under the interest rate swap agreements was \$4,536,085 in 2013 and \$4,611,952 in 2012. For 2013 and 2012, \$2,682,465 and \$2,656,541, respectively, are reported as a component of interest expense in the accompanying consolidated statements of operations. These amounts represent the net cash paid related to the swap agreement that continues to be accounted for using hedge accounting. The remaining amounts for 2013 and 2012 are reported as a component of other income in the accompanying consolidated statements of operations, which is related to the swap agreement that does not qualify for hedge accounting.

At December 31, 2013 and 2012, the Corporation's derivative financial instruments and related fair values are as follows:

	<u>2013</u>	<u>2012</u>
Agreement for the notional amount of \$55,680,000 requiring the Corporation to pay a fixed interest rate of 3.457% while receiving variable interest rates based upon 67% of LIBOR, maturing January 2021	\$ (4,764,505)	\$ (8,030,190)
Agreement for the notional amount of \$78,000,000 requiring the Corporation to pay a fixed interest rate of 3.567% while receiving variable interest rates based upon 67% of LIBOR, maturing January 2035 and qualifying for cash flow hedge accounting treatment	<u>(11,339,076)</u>	<u>(20,139,533)</u>
Total	<u>\$ (16,103,581)</u>	<u>\$ (28,169,723)</u>

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

The fair value of the interest rate swap agreements is estimated to be the amount the Corporation would receive or pay to terminate the swap agreements at the reporting date and was based on information supplied by an independent third party valuation agent (Note 4). Additionally, the fair value reflects a credit risk assessment required under accounting principles generally accepted in the United States of America. To the extent that the interest rate swaps qualifying for cash flow hedge accounting treatment are effective in converting the variable interest rate to a fixed rate, the unrealized gain or loss on the derivative financial instruments is excluded from revenues in excess of expenses from continuing operations. Gains or losses resulting from hedge ineffectiveness are recognized in revenues in excess of expenses from continuing operations. Gains of \$500,129 and \$305,855 were recognized as of December 31, 2013 and 2012, respectively as a result of hedge ineffectiveness. Gains or losses resulting from interest rate swap agreements not qualifying for cash flow hedge accounting treatment are entirely recognized as a component of revenues in excess of expenses from continuing operations. The impact of swaps not qualifying for hedge accounting treatment on the consolidated statements of operations were gains of \$2,373,408 in 2013 and \$514,069 in 2012.

On October 3, 2008, the counterparty for the Corporation's fixed pay swap maturing in January 2035, Lehman Brothers, Inc., commenced proceedings under Chapter 11 of the Bankruptcy Code. This action triggered an Event of Default under the ISDA Master Agreement in effect with said party and gave the Corporation the right to terminate the transaction. On October 16, 2008, the Corporation terminated this agreement and concurrently entered into an agreement with a new counterparty that assumed all existing terms and conditions of the original agreement. The termination of the original swap agreement resulted in a gain of \$472,023 which is included in unrestricted net assets in the consolidated balance sheets. This gain is being amortized over the remaining term of the 2005A Series Bonds, or through January 2035. As of December 31, 2013 and 2012, accumulated amortization of \$89,909 and \$53,946, respectively, is included in other changes in net assets and interest expense in the consolidated statements of operations and changes in net assets.

11. Leases

The Corporation has entered into various operating leases primarily for office space as well as certain equipment items. Rental expense for operating leases was \$16,006,602 in 2013 and \$19,606,916 in 2012. Future minimum payments under non cancelable operating leases with initial terms of one year or more consist of the following during the years ending December 31:

Thereafter	<u>84,918,623</u>
Total	<u>\$ 150,335,195</u>

The Corporation has also entered into various sub-lease agreements with tenants that occupy space in the Corporation's buildings. The terms of these sub-leases vary and extend through 2020. Rental income was \$3,851,382 in 2013 and \$4,335,800 in 2012, which has been reported as a component of other operating revenue in the consolidated statements of operations.

12. Retirement, Health Plans and Life Insurance

Defined Contribution Retirement Plan

The Corporation sponsors a 401(a) defined contribution retirement plan, which covers substantially all full-time employees. After twelve months of full-time or regular part-time employment of at least 1,000 base hours, the Corporation will contribute a total of 2% of eligible employees' compensation, plus a matching employer contribution equal to 50% of employee contributions up to 6% of base salary. Retirement plan expense was \$8,183,463 in 2013 and \$8,624,347 in 2012. Retirement plan expense for HRMC was \$666,071 in 2013 and \$733,839 in 2012 which is included in (loss) income from discontinued operations in the consolidated statements of operations.

Salary Deferral (457(b)) Plan

Employees who contribute the maximum allowable amount to the 403(b) retirement plan have an opportunity to contribute additional funds on a tax-deferred basis to a 457(b) retirement plan up to the maximum tax-sheltered opportunity. There are no employer contributions to this plan.

Employee Life and Health Benefit Program

The Corporation maintains a self-insurance employee program for its health insurance coverage. The Corporation accrues the estimated costs of incurred and reported and incurred but not reported claims, after consideration of its stop-loss insurance coverage, based upon data provided by the third-party administrator of the program and historical claims experience. Beginning January 1, 2005, HRMC maintained its own self-insurance program for employee health care coverage.

Life Insurance

Full-time and part-time employees are insured for an amount equal to one times their base salary at time of enrollment up to \$450,000 for full-time employees and \$10,000 for part-time employees. In addition, if death is caused by accident, the employee is insured for an additional benefit equal to the amount of their life insurance.

13. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for betterments to plant facilities and purchases of equipment or to support operating programs sponsored by the Corporation and its affiliates.

Permanently restricted net assets have been restricted by donor to be maintained by the Corporation in perpetuity.

Net assets were released from donor restriction by satisfying their restricted purposes in the amount of \$7,533,379 in 2013 and \$10,622,475 in 2012.

14. Commitments and Contingencies

Litigation and Claims

The Corporation is subject to asserted and unasserted claims (in addition to litigation) encountered in the ordinary course of business. In the opinion of management and after consultation with legal counsel, the Corporation has established adequate reserves related to all known matters. The outcome of any potential investigative, regulatory or prosecutorial activity that may occur in the future cannot be predicted with certainty. However, any associated potential future losses resulting from such activity could have a material adverse effect on the Corporation's future financial position, results of operations and liquidity.

Insurance

The Corporation's primary coverage for professional liability is provided through a self-funded insurance retention trust (the "Trust") established on January 1, 1993. The Trust is funded based on actuarial estimates and provides coverage of \$2,000,000 per occurrence with no annual aggregate limitation. The Trust also provides general liability coverage up to \$1,000,000 per occurrence and \$3,000,000 in the aggregate. The Corporation also carries umbrella excess liability insurance on a claims made basis with a commercial carrier, with limits of \$20,000,000 per occurrence and in aggregate.

It is the Corporation's policy to accrue for the ultimate cost of uninsured asserted and unasserted malpractice claims, if any, when incidents occur. Based on a review of the Corporation's prior experience and incidents occurring through December 31, 2013, management determined that the fully-funded professional liability reserve reported at December 31, 2013 and 2012 is adequate in light of the program's excess umbrella policy currently in force and historical claims experience. The estimated professional liability for both asserted and unasserted claims was \$9,324,911 and \$7,265,426 at December 31, 2013 and 2012, respectively. The discount rate used in determining these liabilities was 2.5% at both December 31, 2013 and 2012.

Adventist HealthCare, Inc. and Controlled Entities

Notes to Consolidated Financial Statements
December 31, 2013 and 2012

The Corporation is self-insured for unemployment and workers' compensation benefits. The liability for unemployment and worker's compensation claims payable is an estimate based on the Corporation's past experience and is included in the accompanying consolidated balance sheets. It is reasonably possible that the estimates used could change materially in the near term.

Remediation

Certain buildings, which were constructed prior to the passage of the Clean Air Act, contain encapsulated asbestos material. Current law requires that this asbestos be removed in an environmentally safe fashion prior to demolition and renovation of these buildings. At this time, the Corporation has no plans to demolish or renovate these buildings and, as such, cannot reasonably estimate the fair value of the liability for such asbestos removal.

15. Business and Credit Concentrations

The Corporation grants credit to patients, substantially all of whom are local residents. The Corporation generally does not require collateral or other security in extending credit; however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits receivable under their health insurance programs, plans or policies.

At December 31, 2013 and 2012, concentrations of gross receivables from third-party payors and others are as follows:
