Q1.

Introduction:

COMMUNITY BENEFIT NARRATIVE REPORTING INSTRUCTIONS

The Maryland Health Services Cost Review Commission's (HSCRC's or Commission's) Community Benefit Report, required under §19-303 of the Health General Actiounly Amountated Code, is the Commission's method of implementing a law that addresses the growing interest in understanding the types and scope of community benefit activities conducted by Maryland's nonprofit hospitals.

The Commission developed a two-part community benefit reporting system that includes an inventory spreadsheet that collects financial and quantitative information and a narrative report to strengthen and supplement the inventory spreadsheet. The guidelines and inventory spreadsheet were guided, in part, by the VHA, CHA, and others' community benefit reporting experience, and was then tailored to fit Maryland's unique regulatory environment. This reporting tool serves as the narrative report. The instructions and process for completing the inventory spreadsheet remain the same as in prior years. The narrative is focused on (1) the general demographics of the hospital community, (2) how hospitals determined the needs of the communities they serve, (3) hospital community benefit administration, and (4) community benefit external collaboration to develop and implement community benefit initiatives.

The Commission moved to an online reporting format beginning with the FY 2018 reports. In this new template, responses are now mandatory unless marked as optional. If you submit a report without responding to each question, your report may be rejected. You would then be required to fill in the missing answers before resubmitting. Questions that require a narrative response have a limit of 20,000 characters. This report need not be completed in one session and can be opened by multiple users.

Q2. Section I - General Info Part 1 - Hospital Identification

Q3. Please confirm the information we have on file about your hospital for FY 2018.

	COI	ieur.								
	Yes	No	If no, please provide the correct information here:							
The proper name of your hospital is: Bon Secours Baltimore Health System	•	0								
Your hospital's ID is: 210013	•	0								
Your hospital is part of the hospital system called Bon Secours Health System, Inc	•	0								
4. The next two questions ask about the area where your hospital directs its community benefit efforts, called the Community Benefit ervice Area. You may find these community health statistics useful in preparing your responses.										
5. (Optional) Please describe any other community health statistics that your hospital uses in its community benefit efforts.										

Q6. (Optional) Please attach any files containing community health statistics that your hospital uses in its community benefit efforts.

Q7. Section I - General Info Part 2 - Community Benefit Service Area

Q8. Please select the county or counties located in your hospital's CBSA.

Allegany County	Charles County	Prince George's County
Anne Arundel County	Dorchester County	Queen Anne's County
✓ Baltimore City	Frederick County	Somerset County
Baltimore County	Garrett County	St. Mary's County
Calvert County	Harford County	Talbot County
Caroline County	Howard County	Washington County
Carroll County	Kent County	Wicomico County

Q9. Please check all Allegany County ZIP codes located in your hospital's CBSA.											
This question was not displayed to the respondent.

This qu	uestion was not displayed to the respondent.
Q24. Pl	ease check all Montgomery County ZIP codes located in your hospital's CBSA.
This qu	uestion was not displayed to the respondent.
Q25. Pl	ease check all Prince George's County ZIP codes located in your hospital's CBSA.
This qu	uestion was not displayed to the respondent.
	ease check all Queen Anne's County ZIP codes located in your hospital's CBSA.
This qu	estion was not displayed to the respondent.
	ease check all Somerset County ZIP codes located in your hospital's CBSA.
	ease check all St. Mary's County ZIP codes located in your hospital's CBSA.
	ease check all Talbot County ZIP codes located in your hospital's CBSA.
	ease check all Washington County ZIP codes located in your hospital's CBSA.
Q31. Pl	ease check all Wicomico County ZIP codes located in your hospital's CBSA.
This qu	uestion was not displayed to the respondent.
Q32. Pl	ease check all Worcester County ZIP codes located in your hospital's CBSA.
This qu	sestion was not displayed to the respondent.
Q33. Hc	ow did your hospital identify its CBSA?
400	on de journouplan donni, le coo. l.
	Based on ZIP codes in your Financial Assistance Policy. Please describe.
•	Based on ZIP codes in your global budget revenue agreement. Please describe.
	Yes, our global budget revenue agreement denotes the zip codes within our primary and secondary service areas.
	Based on patterns of utilization. Please describe.
	Other. Please describe.

Q23. Please check all Kent County ZIP codes located in your hospital's CBSA.

Q35. Section I - General Info Part 3 - Other Hospital Info
Q36. Provide a link to your hospital's mission statement.
https://bonsecours.com/baltimore/about-us/bon-secours-health-system/our-mission
Q37. Is your hospital an academic medical center?
○ Yes
No
Q38. (Optional) Is there any other information about your hospital that you would like to provide?
Q39. (Optional) Please upload any supplemental information that you would like to provide.
Q40. Section II - CHNA Part 1 - Timing & Format
Q41. Within the past three fiscal years, has your hospital conducted a CHNA that conforms to IRS requirements?
Yes
○ No
Q42. Please explain why your hospital has not conducted a CHNA that conforms to IRS requirements, as well as your hospital's plan and timeframe for completing a CHNA.
This question was not displayed to the respondent.
Q43. When was your hospital's most recent CHNA completed? (MM/DD/YYYY)
07/01/2019
Q44. Please provide a link to your hospital's most recently completed CHNA.
https://bonsecours.com/library/about-us/baltimore/bsmh-baltimore-fy19-chna_final.pdf?la=en
Q45. Did you make your CHNA available in other formats, languages, or media?
○ Yes
No

This question was not displayed to the respondent.

Q46. Please describe the other formats in which you made your CHNA available.

Q48. Please use the table below to tell us about the internal participants involved in your most recent CHNA.

					CHNA A	ctivities

Q101. Does this initiative have an anticipated end date?	
Q101. Does this initiative have an anticipated end date:	
No, the initiative does not have an anticipated end date.	
The initiative will end on a specific end date. Please specify the date.	
The initiative will end when a community or population health measure re	eaches a target value. Please describe.
The initiative will end when a clinical measure in the hospital reaches a tag.	arget value. Please describe.
The initiative will end when external grant money to support the initiative	runs out. Please explain.
The initiative will end when a contract or agreement with a partner expire	s. Please explain.
Other. Please explain.	
Q102. Please describe the population this initiative targets (e.g. diagnosis, age, ii	nsurance status, etc.).
Each patient admitted to the Bon Secours Emergency Room shall receive a S	SBIRT screening. Each patient who screens positive for a substance abuse issue meets with a
peer who provides a brief intervention and referral to treatment.	

Q103. Enter the estimated number of people this initiative targets.

30,000

2	1,165
Q105	. What category(ies) of intervention best fits this initiative? Select all that apply.
	Chronic condition-based intervention: treatment intervention
	Chronic condition-based intervention: prevention intervention
✓	Acute condition-based intervention: treatment intervention
•	Acute condition-based intervention: prevention intervention
	Condition-agnostic treatment intervention
	Social determinants of health intervention
	Community engagement intervention Other. Please specify.
	i. Did you work with other individuals, groups, or organizations to deliver this initiative? (i) Yes. Please describe who was involved in this initiative.
	Behavioral Health Systems Baltimore (BHSB); Overdose Survivor's Outreach Project (OSOP); Mosaic Group
	No. Please describe the primary objective of the initiative.
1) m) Ensure every patient admitted to the Emergency Department receives a SBIRT screening. 2) Ensure every patient who screens positive for Substance Abuse issues eets with a Peer Recovery Specialist who shall conduct a brief intervention and referral to treatment.
Q108	t. Please describe how the initiative is delivered.
TI Po	he initiative is delivered in the Bon Secours Hospital Emergency Department and via medical staff. Patients who screen positive for substance abuse issues meet with eer Recovery Specialists.
Q109	Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply.
✓	Count of participants/encounters total of 21,165 SBIRT Encounters
✓	
	Surveys of participants
	Biophysical health indicators
	Assessment of environmental change
	Impact on policy change
	Effects on healthcare utilization or cost
	Assessment of workforce development
	Other

Q110. Please describe any observed outcome(s) of the initiative (i.e., not intended outcomes).

Q104. How many people did this initiative reach during the fiscal year?

In the month of October 2019, the Overdose Survivor's Outreach project (OSOP) engaged 33 patients to complete patient satisfication surveys. 21 patients completed the survey. The feedback is shown below: Positive: 1) The follow-up received from Peer Specialist post-discharge from the Emergency Department. 2) Patients surveyed were favorable regarding the OSOP Peer being able to provide them transportation to and from their scheduled appointments. Negative: wait time for pain medication in the Emergency Department SBIRT engaged 212 patients to complete patient satisfaction survey, of which 63 patients completed the survey. Patients that did not complete the survey presented to Emergency Department during off hours and others simply declined to participate. The feedback is shown below: Positive – The follow-up post-discharge, professionalism and knowledge of the Peer. Negative- Wait time for triage is too long & wait time for medication is too long.

Q111. Please describe how the outcome(s) of the initiative addresses community health needs.

Q118. When did this initiative begin?
The Early Head Start Program initiative began in 2014. The agency previously managed a Family Support Center program model for over 15 years. The Family Support Center model then transitioned to an Early Head Start Program in 2014.
Q119. Does this initiative have an anticipated end date?
No, the initiative does not have an anticipated end date.
The initiative will end on a specific end date. Please specify the date.
The initiative will end when a community or population health measure reaches a target value. Please describe.
The initiative will end when a clinical measure in the hospital reaches a target value. Please describe.
The initiative will end when external grant money to support the initiative runs out. Please explain.
The initiative will end when a contract or agreement with a partner expires. Please explain.
Other. Please explain.
Q120. Please describe the population this initiative targets (e.g. diagnosis, age, insurance status, etc.).
Early Head Start programs provide family-centered services for low-income families with very young children, ages 6 weeks to 3 years old, and pregnant mothers. These
programs are designed to promote the development of the children, and to enable their parents to fulfill their roles as parents and to move toward self-sufficiency.
Q121. Enter the estimated number of people this initiative targets.

 ${\it Q143.} \ ({\it Optional}) \ Is \ there \ any \ other \ information \ about \ physician \ gaps \ that \ you \ would \ like \ to \ provide?$

Across the country, the vast majority of specialist providers rely upon reimbursement from Medicare, Medicaid, Managed Care and patients to provide financial support for their practices. However, for hospitals such as Bon Secours that serve low-income individuals without insurance, urban poor areas, the opportunities for specialists to be compensated through these vehicles are extremely low. Consequently, if these specialist providers were to provide the needed health care services for these hospitals, through only the support of paying patients, they would quickly be forced to close their practices or move to a community with a far more favorable payer mix. For a hospital like Bon Secours to continue to support the community with the varied specialist providers necessary for a full-service medical/surgical hospital with Emergency and Surgical Service, some manner of support is required to ensure the provision of this professional specialized medical care. With approximately 55% of the patient population presenting as charity, self-pay and Medicaid, specialist physicians serving patients at Bon Secours are simply unable to cover their costs in particular, the primary shortages in availability, absent some form of financial support, come in the form of ED, ICU, regular physician staffing, in addition to the "on call coverage necessary to apport 24 hour services in these areas. As a result, in Bon Secours' fiscal 2018 Annual Filing, the "Part B" support provided by the Hospital as indicated in the "UR6" Schedule totals \$16.6 million. The fiscal year 2019 Annual Filing has not been completed at this time, however FY19 "UR6" schedule totals are anticipated to be comparable if not greater than FY18, year over year costs for FY18 to FY19 increased approximately \$1 million. To a hospital the size of Bon Secours, this is a significant outlay of support costs that are necessary to provide the specialist care required to compassionately and equitably care for our patients. Therefore, real and significant "gaps" in the av

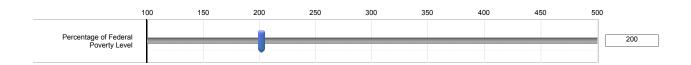

Q144. (Optional) Please attach any files containing further information regarding physician gaps at your hospital.

Q145. Section VI - Financial Assistance Policy (FAP)

Q146. Upload a copy of your hospital's financial assistance policy.

<u>Financial Assistance Summary Sheet.pdf</u>
26.3KB
application/pdf

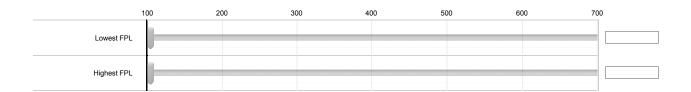

Q148. Maryland hospitals are required under COMAR 10.37.10.26(A-2)(2)(a)(i) to provide free medically necessary care to patients with family income at or below 200 percent of the federal poverty level (FPL). Please select the percentage of FPL below which your hospital's FAP offers free care.

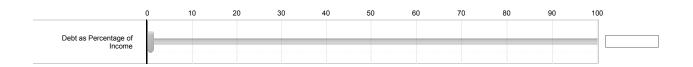

Q149. Maryland hospitals are required under COMAR 10.37.10.26(A-2)(2)(a)(ii) to provide reduced-cost, medically necessary care to low-income patients with family income between 200 and 300 percent of the federal poverty level. Please select the range of the percentage of FPL for which your hospital's FAP offers reduced-cost care.

Q150. Maryland hospitals are required under COMAR 10.37.10.26(A-2)(3) to provide reduced-cost, medically necessary care to patients with family income below 500 percent of the federal poverty level who have a financial hardship. Financial hardship is defined as a medical debt, incurred by a family over a 12-month period that exceeds 25 percent of family income. Please select the range of the percentage of FPL for which your hospital's FAP offers reduced-cost care for financial hardship. Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship.

Q151. Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship.

 $\,$ Q152. Has your FAP changed within the last year? If so, please describe the change.

No, the FAP has not changed.

Yes, the FAP has changed. Please describe:

Q153. (Optional) Is there any other information about your hospital's FAP that you would like to provide?

Further Explanation for the question above: Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship. Our current financial assistance policy does not contain a financial hardship clause. Question: Maryland hospitals are required under COMAR 10.37.10.26(A-2)(3) to provide reduced-cost, medically necessary care to patients with family income below 500 percent of the federal poverty level who have a financial hardship. Financial hardship is defined as a medical debt, incurred by a family over a 12-month period that exceeds 25 percent of family income. Please select the range of the percentage of FPL for which your hospital's FAP offers reduced-cost care for financial hardship. Please select the threshold for the percentage of medical debt that exceeds a household's income and qualifies as financial hardship N/A- this questions does not apply because our current financial assistance policy does not contain a hardship clause.

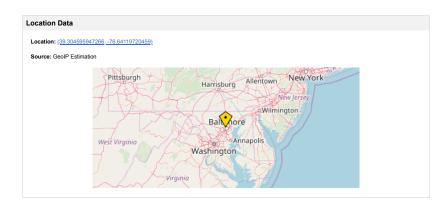

Q156.

Attention Hospital Staff! IMPORTANT!

You have reached the end of the questions, but you are not quite finished. Your narrative has not yet been fully submitted. Once you proceed to the next screen using the right arrow button below, you cannot go backward. You cannot change any of your answers if you proceed beyond this screen.

We strongly urge you to contact us at hcbhelp@hilltop.umbc.edu to request a copy of your answers. We will happily send you a pdf copy of your narrative that you can share with your leadership, Board, or other interested parties. If you need to make any corrections or change any of your answers, you can use the Table of Contents feature to navigate to the appropriate section of the narrative.

Once you are fully confident that your answers are final, return to this screen then click the right arrow button below to officially submit your narrative.

Subject: RE: Clarification Required - Bon Secours FY 19 CB Narrative

Date: Friday, March 27, 2020 3:24:44 PM

Report This Email

Hello,

Thank you for reaching out and giving us an opportunity to clarify our answers from the 2019 Community Benefit report. Please find our responses to the questions below:

- · In response to Question 56 on page 9 of the attached, would it be appropriate to re-classify "Other Senior Support Services" instead as "Older Adults?" Similarly, can "Other Employment & Workforce Development" be placed instead under "Unemployment and Poverty?"
- Unfortunately, it would not be appropriate to use ""Other Senior Support Services" instead as "Older Adults" to describe services provided. We offer services to support the elderly such as Housing Coordinators for adults residing in our housing units. Likewise, it would not be appropriate to use "Unemployment and Poverty" in place of "Other Employment & Workforce Development" because the former does not capture services offered to address career training, skill assessments, and other services we offer to help people gain and retain employment.
- · In response to Question 48, beginning on page 5 of the attached, "Community Benefit staff" (both facility and system) are listed as involved. However, in response to Question 61 beginning on page 11, "Community Benefit staff" (both facility and system) are listed as not existing. Please clarify the status of these entities and their involvement in the CHNA and community benefit activities.

We do not have "Community Benefit Staff." All responses should be for "Population Health Staff". If the population health staff can be counted as Community benefit staff, then the checked boxes should match the checked boxes for "Population Health Staff (facility level) and "Population Health Staff (system level)" for Question 61. If not, check "N/A- Position or Department does not exist" for "Community Benefit Staff" for Question 48.

Under Initiative 1, in response to Question 91 on pages 18-19, you select "assessment of environmental change" as a kind of evidence used to
evaluate success or effectiveness but do not provide further explanation. Please provide an example of the type of evidence used to assess
environmental change. Please do the same for "other process/implementation measures" in initiative 2 (Question 109, page 21) and "surveys of
participants" as well as "assessment of environmental change" (Question 127, page 24) in initiative 3.

For Initiative 1, environment change was selected in error and should not be added for Housing. For initiative 2, the response is shown below:

- 109: Based on what kind of evidence is the success or effectiveness of this initiative evaluated? Explain all that apply
- a. Count of participants/encounters Grace Medical Center (formerly known as Bon Secours Hospital) utilizes the SBIRT Patient Information system via Redwood Reporting system which electronically calculates the number of unique SBIRT Patients vs Unique SBIRT Encounters. Unique patients are those registered persons seen w/o a duplication of engaging, whereas, unique encounters is all patient seen including with repeat (duplication). This process also allows the team and leadership to monitor the number of missed opportunities of engaging patients identified/suspected of a SUD or OD.
- b. Survey of participants This tool is used to obtain patient feedback in enabling the opportunity to better meet the needs of the patient served via the ED including but not limited to SBIRT/OSOP; yet an array of patient services provided.
- c. ED Visit Log The emergency department (ED) visit log is an implemented tracking system by the SBIRT team and Leadership which allows us to monitor our extremely high risk patients that are repeatedly seen within the emergency department within a risk. This allows the SBIRT/OSOP team and leadership to increase their supportive reinforcement including but not inclusive of SUD, ETOH etc. This process has been instrumental in monitoring the decrease/increase of SUD high risk patients. For ex. in 2019 our repeat patients averaged 112 or higher. For the month of February 2020 SBIRT had 4 repeat patients.
- d. CMS reporting system This system is monitored by Behavioral Health Systems Baltimore (BHSB) and allows the SBIRT/OSOP team and leadership to measure the success in achieving monthly deliverables/targets thus increasing opportunity to strengthen any weak areas while enhancing existing strengths.

For Initiative 3, the response is shown below:

The primary participant of Bon Secours Early Head Start Program is the child. Parents/Guardians are vital to the short and long-term development of their child(ren), so we also assess their progress. Upon program enrollment, each child is assessed utilizing the Ages and Stages Questionnaire, ASQ and ASQ SE based on their current age. This assessment is conducted annually to determine the developmental stage of their child(ren). In addition to the ASQ assessment, children are assessed quarterly utilizing Teaching Strategies GOLD to determine school readiness.

Parents/Families complete a Family Partnership Agreement (FPA) upon enrollment. The FPA compiles family level goals and is updated quarterly in collaboration with a member of the Family Services/Case Management team. I'm not sure why environmental change was originally selected. In this case, I would connect environmental change to a change in the family/household setting.

Under Initiative 2, in response to Question 99 beginning on page 19, you list "Behavioral Health, including Mental Health and/or Substance Abuse" as a CHNA need addressed by the initiative. However, "Behavioral Health..." was not selected as a CHNA need in response to Question 56 on page 10. Please indicate whether "Behavioral Health..." should have been selected in Question 56, or should not have been selected in Question 99.

When we completed the 2019 Community Benefit Report, we selected our priority areas instead of all our needs. Thus, we did not answer the question correctly. Here is a list of all the needs we identified from our 2019 CHNA that actually should be listed on our CBR.

Crime and Related Trauma

- $\cdot \ \mathsf{Behavioral} \ \mathsf{Health/Substance} \ \mathsf{Abuse}$
- $\cdot \ \mathsf{Access} \ \mathsf{to} \ \mathsf{Primary} \ \mathsf{Care} \ \mathsf{Physicians}$
- · Health Education
- · Children's Health

- · Access to Healthy Foods
- · Expanded Housing
- · Employment and Workforce Development
- · Community Engagement
- · Coordination of services across Bon Secours
- · Advocacy, Policy, and Public Agency Dialogue, and
- · Hospital Quality and Public Health

Program/Services for Youth (ages 5 to 18)

Senior Support Services

· Similarly, in response to Question 117 on page 22, none of the needs that were selected as being addressed by initiative 3 were selected as CHNA needs. Please indicate whether "Children's Health," "Family Planning," "Food Safety," and "Maternal and Infant Health" should have been selected in Question 56, or should not have been selected in Question 117.

When we completed the 2019 Community Benefit Report, we selected our priority areas instead of all our needs. Thus, we did not answer the question correctly. Here is a list of all the needs we identified from our 2019 CHNA that actually should be listed on our CBR.

Crime and Related Trauma

- · Behavioral Health/Substance Abuse
- · Access to Primary Care Physicians
- · Health Education
- · Children's Health
- · Access to Healthy Foods
- · Expanded Housing
- · Employment and Workforce Development
- · Community Engagement
- \cdot Coordination of services across Bon Secours
- · Advocacy, Policy, and Public Agency Dialogue, and
- · Hospital Quality and Public Health

Program/Services for Youth (ages 5 to 18)

Senior Support Services

· In response to Question 110 on page 21, you list outcomes of Initiative 2 that occurred in October 2019. Please provide data related to any outcomes that occurred between July 1, 2018 and June 30, 2019.

#110: Please provide data related to any outcomes that occurred between July 1, 2018 and June 30, 2019

- a. Count of participants/encounters For the period from July 2018-2019, the unique patients seen with and without duplication numbers increased from 1,388 to 8,156. The unique encounters, which includes duplication, for the period July 2018 thru June 2019 is 11051 to 12,852.
- b. Patient satisfaction surveys were not implemented until November 2019 so no data to support for this timeframe.
- c. The ED Visit Log was averaging 49 monthly totaling 211 for 2018 and 588 for 2019.
- d. CMS reporting system This system is monitored by Behavioral Health Systems Baltimore (BHSB) and allows the SBIRT/OSOP team and leadership to measure the success in achieving monthly deliverables/targets thus increasing opportunity to strengthen any weak areas while enhancing existing strengths.

Thank you for submitting Bon Secours Baltimore Health System's FY 2019 Community Benefit Narrative Report. Upon reviewing your report, we require clarification of certain issues:

- In response to Question 56 on page 9 of the attached, would it be appropriate to re-classify "Other Senior Support Services" instead as "Older Adults?" Similarly, can "Other Employment & Workforce Development" be placed instead under "Unemployment and Poverty?"
- In response to Question 48, beginning on page 5 of the attached, "Community Benefit staff" (both facility and system) are listed as involved. However, in response to Question 61 beginning on page 11, "Community Benefit staff" (both facility and system) are listed as not existing. Please clarify the status of these entities and their involvement in the CHNA and community benefit activities
- Under Initiative 1, in response to Question 91 on pages 18-19, you select "assessment of environmental change" as a kind of evidence used to evaluate success or effectiveness but do not provide further explanation. Please provide an example of the type of evidence used to assess environmental change. Please do the same for "other process/implementation measures" in initiative 2 (Question 109, page 21) and "surveys of participants" as well as "assessment of environmental change" (Question 127, page 24) in initiative 3.
- Under Initiative 2, in response to Question 99 beginning on page 19, you list "Behavioral Health, including Mental Health and/or Substance Abuse" as a CHNA need addressed by the initiative. However, "Behavioral Health..." was not selected as a CHNA need in response to Question 56 on page 10. Please indicate whether "Behavioral Health..." should have been selected in Question 56, or should not have been selected in Question 99.
- Similarly, in response to Question 117 on page 22, none of the needs that were selected as being addressed by initiative 3 were selected as CHNA needs. Please indicate whether "Children's Health," "Family Planning," "Food Safety," and "Maternal and Infant Health" should have been selected in Question 56, or should not have been selected in Question 117.
- In response to Question 110 on page 21, you list outcomes of Initiative 2 that occurred in October 2019. Please provide data
 related to any outcomes that occurred between July 1, 2018 and June 30, 2019.

Please provide your clarifying answers as a response to this message. Thank you for your attention to this matter.
