REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of
Johns Hopkins Bayview Medical Center, Inc:

In our opinion, the accompanying balance sheets and the related statements of operations and changes in net assets and cash flows present fairly, in all material respects, the financial position of Johns Hopkins Bayview Medical Center, Inc. ("JHBMC") at June 30, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of JHBMC's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

PricewaterhouseCoopers LLP

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

1. Organization and Summary of Significant Accounting Policies:

Organization. The Johns Hopkins Health System Corporation ("JHHS") is the sole member of Johns Hopkins Bayview Medical Center (the "Hospital" or "JHBMC"). JHHS is a not-for-profit organization incorporated in the State of Maryland to formulate policy among and provide centralized management for JHHS and its Affiliates. In addition, JHHS provides certain shared services, including purchasing, legal, coordination of advertising and other functions for which JHBMC is charged separately (see Note 12).

JHHS appoints JHBMC's Board of Trustees. JHBMC's Articles of Incorporation provide that JHHS's Board of Trustees will approve JHBMC's annual operating and capital budgets, significant programmatic changes at JHBMC, and other significant changes to JHBMC including amendments to its Articles of Incorporation or Bylaws, mergers, or dissolutions.

The mission of JHBMC is to deliver cost effective acute, long-term and preventive health care services consistent with Johns Hopkins' standards of excellence. Additionally, JHBMC functions as an integral component of JHHS, operating interdependently with the faculty of The Johns Hopkins University ("JHU") in support of education and research in accordance with the Johns Hopkins mission. JHBMC also provides an environment that attracts and supports outstanding health care professionals dedicated to patient service.

The financial statements include the accounts of various JHBMC activities, including the acute care hospital, the Johns Hopkins Bayview Care Center, restricted gifts and grants programs, and other specialty programs.

Use of estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

Basis of presentation. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and cash equivalents. Cash and cash equivalents include amounts invested in accounts with depository institutions which are readily convertible to cash, with original maturities of three months or less. Total deposits maintained at these institutions at times exceed the amount insured by federal agencies and therefore, bear a risk of loss. JHBMC has not experienced any such losses on these funds.

Inventories of supplies. Inventories of supplies are composed of medical supplies, drugs, linen, and parts inventory for repairs. Inventories of supplies are recorded at the lower of cost or market using a first in, first out method.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Assets whose use is limited. Assets whose use is limited or restricted by donors or grantors are recorded at fair value at the date of donation, which is then considered cost. Investment income or losses on investments of temporarily or permanently restricted assets is recorded as an increase or decrease in temporarily or permanently restricted net assets to the extent restricted by the donor or law. The cost of securities sold is based on the specific identification method.

Assets whose use is limited include assets set aside for the purchase of equipment, assets restricted by the Board of Trustees for development and assets held for malpractice funding. These assets consist primarily of cash and short-term investments, interest and pledges receivable. The carrying amounts reported in the Balance Sheets approximate fair value.

Valuation of Investments. Investments in equity securities with readily determinable fair values and all investments in debt securities are recorded at fair value in the Balance Sheets. Debt and equity securities traded on a national securities or international exchange are valued as of the last reported sales price on the last business day of the fiscal year; investments traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

Investments include equity method investments in managed funds, which include hedge funds, private partnerships and other investments which do not have readily ascertainable fair values and may be subject to withdrawal restrictions. Investments in hedge funds, private partnerships, and other investments (collectively "alternative investments"), are accounted for under the equity method, which approximates fair value. The equity method income or loss from these alternative investments is included in the Statement of Operations and Changes in Net Assets as an unrealized gain or loss within excess of revenues over expenses.

Alternative investments are less liquid than JHBMC's other investments. These instruments may contain elements of both credit and market risk. Such risks include, but are not limited to, limited liquidity, absence of oversight, dependence upon key individuals, emphasis on speculative investments, and nondisclosure of portfolio composition.

Investment income earned on cash balances (interest and dividends) are reported in the operating income section of the Statements of Operations under 'investment income'. Realized gains or losses related to the sale of investments, other than temporary impairments, and unrealized gains or losses on alternative investments are included in the non-operating section of the Statement of Operations included in excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains or losses on investments other than alternative investments are excluded from excess of revenues over expenses.

Property, plant and equipment. Property, plant and equipment acquisitions are recorded at cost. Equipment is recorded as an asset if the individual cost is at least \$5 thousand and the useful life is at least two years. Interest costs incurred on borrowed funds, net of

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

income earned, during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed using the straight-line method. Estimated useful lives assigned by JHBMC range from 5 to 25 years for land improvements, 3 to 50 years for buildings and improvements, 2 to 25 years for fixed and movable equipment, and 5 to 15 years for leasehold improvements. Repair and maintenance costs are expensed as incurred. When property, plant and equipment are retired, sold or otherwise disposed of, the asset's carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in operations.

The cost of software is capitalized provided the cost of the project is at least \$30 thousand and the expected life is at least two years. Costs include payment to vendors for the purchase of software and its installation, payroll costs of employees directly involved in the software installation, and any interest costs. Preliminary costs to document system requirements, vendor selection, and any costs incurred before the software purchase are expensed. Capitalization of costs will generally end when the project is completed and is ready to be used. Where implementation of the project is in phases, only those costs incurred which further the development of the project will be capitalized. Costs incurred to maintain the system are expensed.

Impairment of long-lived assets. Long-lived assets are reviewed for impairment when events and circumstances indicate that the carrying amount of an asset may not be recoverable. JHBMC's policy is to record an impairment loss when it is determined that the carrying amount of the asset exceeds the sum of expected undiscounted future cash flows resulting from the use of the asset and its eventual disposition. Impairment losses are measured as the amount by which the carrying amount of the asset exceeds its fair value. Long-lived assets to be disposed of are reported as the lower of the carrying amount or fair value less cost to sell. There were no impairment charges recorded for the years ended June 30, 2010 and 2009.

Financing expenses. Financing expenses incurred in connection with the issuance of debt by the Maryland Health and Higher Educational Facilities Authority ("MHHEFA") have been capitalized and are included in other assets in the Balance Sheet. Unamortized financing expenses were \$432 thousand and \$478 thousand for the years ended June 30, 2010 and 2009, respectively. These expenses are being amortized over the term of the bond issues using the effective interest method. Amortization expense for the years ended June 30, 2010 and 2009 was \$45.0 thousand and \$46.0 thousand, respectively.

Accrued vacation. JHBMC records a liability for amounts due to employees for future absences which are attributable to services performed in the current and prior periods.

Estimated malpractice costs. The provision for estimated medical malpractice claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Asset retirement obligations. The Financial Accounting Standards Board's ("FASB") guidance on accounting for asset retirement obligations provides for the recognition of an estimated liability for legal obligations associated with the retirement of tangible long-lived assets, including obligations that are conditional upon a future event. JHBMC measures asset retirement obligations at fair value when incurred and capitalizes a corresponding amount as part of the book value of the related long-lived assets. The increase in the capitalized cost is included in determining depreciation expense over the estimated useful life of these assets. Since the fair value of the asset retirement obligation is determined using a present value approach, accretion of the obligation due to the passage of time until its settlement is recognized each year as part of depreciation and amortization expense in JHBMC's Statements of Operations and Changes in Net Assets.

Swap agreements. The values of interest rate swap agreements entered into by JHBMC are adjusted to market value monthly at the close of each accounting period based upon quotations from market makers. The change in market value, if any, is recorded in the Statements of Operations and Changes in Net Assets. Entering into an interest rate swap agreement involves, to varying degrees, elements of credit, default, prepayment, market and documentation risk in excess of the amounts recognized on the Balance Sheets. Such risks involve the possibility that there will be no liquid market for these agreements, the counterparty to these agreements may default on its obligation to perform and there may be unfavorable changes in interest rates. The fair market value of the swaps is \$(10.9) million and \$(7.4) million as of June 30, 2010 and 2009, respectively.

Temporarily and permanently restricted net assets. Temporarily restricted net assets are those whose use has been limited by donors or law to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. Income generated from these assets is available for general program support.

Donor restricted gifts. Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Unconditional promises to give cash to JHBMC over periods exceeding one year are discounted using a rate of return that a market participant would expect to receive over such periods, which will vary based on the pledge, at the date the pledge is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose for the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Operations and Changes in Net Assets as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying combined financial statements.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Grants. JHBMC receives various grants from the Federal and State Governments for the purpose of furthering its mission of providing patient care. Grants are recognized as support and the related project costs are recorded as expenses when services related to grants are incurred. Grants receivable are included in due from others and grant income is included in other revenue in the accompanying financial statements.

Excess of revenues over expenses (expenses over revenues). The Statements of Operations and Changes in Net Assets include the excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include, among other things, changes in unrealized gains and losses on investments other than trading securities, change in funded status of defined benefit plans, cumulative effect of changes in accounting principle, permanent transfers of assets to and from affiliates for other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets).

Income taxes. JHBMC qualifies under Section 501(c)(3) of the Internal Revenue Code and is therefore not subject to tax under current income tax regulations.

FASB's guidance on accounting for uncertainty in income taxes clarifies the accounting for uncertainty of income tax positions. This guidance defines the threshold for recognizing tax return positions in the financial statements as "more likely than not" that the position is sustainable, based on its technical merits. This guidance also provides guidance on the measurement, classification and disclosure of tax return positions in the financial statements. There is no impact on JHBMC's financial statements during the years ended June 30, 2010 and 2009.

2. Net Patient Service Revenue:

JHBMC has agreements with third-party payors that provide for payments to JHBMC at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement arrangements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the services are rendered and adjusted in future periods as final settlements are determined. Contractual adjustments to gross patient service revenue were \$53.7 million and \$36.7 million for the years ended June 30, 2010 and 2009, respectively.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

JHBMC provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Such patients are identified based on information obtained from the patient and subsequent analysis. Because JHBMC does not pursue collection of amounts determined to qualify as charity care, the charges are not reported as revenue. Charges for these services, measured at JHBMC established rates, amounted to \$20.5 million and \$28.3 million for the years ended June 30, 2010 and 2009, respectively.

Approximately 23.6% and 21.3% of patient accounts receivable were due from the Medicare program, 11.4% and 10.7% from the Medicaid program, 9.4% and 11.4% from HMO's, 45.8% and 46.9% from self pay and other third-party payors, and 9.8% and 9.7% from Medicaid managed care organizations, as of June 30, 2010 and 2009, respectively.

3. Fair Value Measurements:

FASB's guidance on the fair value option for financial assets and financial liabilities permits companies to choose to measure many financial assets and liabilities, and certain other items at fair value. This guidance requires a company to record unrealized gains and losses on items for which the fair value option has been elected in its excess of revenues over expenses. The fair value option may be applied on an instrument by instrument basis. Once elected, the fair value option is irrevocable for that instrument. The fair value option can be applied only to entire instruments and not to portions thereof. This guidance was effective for fiscal years beginning after November 15, 2007. JHBMC did not elect fair value accounting for any asset or liability that was not currently required to be measured at fair value.

JHBMC follows the guidance on fair value measurements, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, establishes a framework for measuring fair value, and expands disclosures about such fair value measurements. This guidance applies to other accounting pronouncements that require or permit fair value measurements and, accordingly, this guidance does not require any new fair value measurements. Adopting this guidance did not have a material impact on JHBMC's financial position and results of operations.

This guidance discusses valuation techniques such as the market approach, cost approach and income approach. This guidance establishes a three-tier level hierarchy for fair value measurements based upon the transparency of inputs used to value an asset or liability as of the measurement date. The three-tier hierarchy prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted market prices for identical assets or liabilities in active markets;
- Level 2 – Observable inputs for similar assets or liabilities in an active market, or other than quoted prices in an active market that are observable either directly or indirectly; and

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

- Level 3 – Unobservable inputs in which there is little or no market data that require the reporting entity to develop its own assumptions For the years ended June 30, 2010 and 2009, there are not any financial instruments requiring level 3 classification

The financial instrument's categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement Each of the financial instruments below have been valued utilizing the market approach

The following table presents the financial instruments carried at fair value as of June 30, 2010 grouped by hierarchy level

<u>Assets</u>	<u>Total Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Cash equivalents (1)	\$ 8,831	\$ --	\$ 8,831
U S treasury notes (2)	8,539	--	8,539
Corporate bonds (2)	16,751	--	16,751
Mortgage backed securities (2)	11,967	--	11,967
Equity index funds (3)	4,557	--	4,557
Totals	<u>\$ 50,645</u>	<u>\$ --</u>	<u>\$ 50,645</u>
 <u>Liabilities</u>			
Interest rate swap agreements (4)	<u>\$ 10,899</u>	<u>\$ --</u>	<u>\$ 10,899</u>

The following table presents the financial instruments carried at fair value as of June 30, 2009 grouped by hierarchy level

<u>Assets</u>	<u>Total Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Cash equivalents (1)	\$ 28,141	\$ 4,793	\$ 23,348
U S treasury notes (2)	8,285	--	8,285
Corporate bonds (2)	15,655	--	15,655
Mortgage backed securities (2)	7,213	--	7,213
Equities index funds (3)	3,312	--	3,312
Totals	<u>\$ 62,606</u>	<u>\$ 4,793</u>	<u>\$ 57,813</u>
 <u>Liabilities</u>			
Interest rate swap agreements (4)	<u>\$ 7,366</u>	<u>\$ --</u>	<u>\$ 7,366</u>

- (1) Cash equivalents include investments with original maturities of three months or less Certificates of deposit are carried at amortized cost, which approximates fair value Certificates of deposit have original maturities greater than three months and are considered short-term investments Computed prices and frequent evaluation versus market value render these certificates of deposit level 2

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

- (2) For investments in U.S. treasury notes, corporate bonds, and mortgage backed securities, fair value is based upon quotes for similar securities; therefore these investments are rendered level 2. These investments fluctuate in value based upon changes in interest rates. Significant changes in the credit quality of the underlying entity are analyzed and any other than temporary impairments are recorded upon that determination.
- (3) Equity index funds are investments in mutual funds, commingled trusts and hedge funds. A small portion of the investments are lent out under securities lending. The ability to liquidate these funds is not limited except for the small percentage of each securities lending fund that is on loan. The mutual funds are rendered level 1, the commingled trusts and hedge funds are valued regularly within each month utilizing NAV per unit and are rendered level 2.
- (4) The interest rate swap agreements are valued using a pricing service at net present value. These evaluated prices render these instruments level 2. The volatility in the fair value of the swap agreements change as long-term interest rates change.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while JHBMC believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value as of the reporting date.

The estimated total fair value of long-term debt excluding capital leases, based on quoted market prices for the same or similar issues, was approximately \$107.3 million and \$112.3 million as of June 30, 2010, and 2009, respectively.

JHBMC holds alternative investments which are accounted for on the equity method of accounting which approximates fair value, that are not traded on national exchanges or over-the counter markets. JHBMC is provided a net asset value per share for these alternative investments that has been calculated in accordance investment company rules, which among other requirements, indicates that the underlying investments be measured at fair value. There are no unfunded commitments related to JHBMCs' alternative investments. The following table displays information by major alternative investment category as of June 30, 2010 (in thousands):

<u>Description</u>	<u>Value</u>	<u>Liquidity</u>	<u>Notice Period</u>	<u>Receipt of Proceeds</u>
Global asset allocation	\$ 3,013	Monthly / manager's discretion	5 days	15-30 days

	<u>\$ 19,456</u>	<u>\$ 19,627</u>	<u>\$ 21,254</u>	<u>\$ 21,320</u>

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

The following table shows the gross unrealized losses and fair value of JHBMC's investments and assets whose use is limited with unrealized losses that are not deemed to be other-than-temporarily impaired, aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position, as of June 30, 2010 and 2009 (in thousands)

June 30, 2010	Less Than 12 Months		12 Months or More		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
U S Treasury notes	\$1,428	\$ 10	\$ -	\$ -	\$ 1,428	\$ 10
Corporate bonds	2,478	17	149	4	2,627	21
Equity index funds	498	3	2,847	626	3,345	629
Mortgage backed securities	918	12	167	-	1,085	12
Alternative investments	-	-	3,541	349	3,541	349
Total	\$ 5,322	\$ 42	\$ 6,704	\$ 979	\$12,026	\$ 1,021

June 30, 2009	Less Than 12 Months		12 Months or More		Total	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
U S Treasury notes	\$ 4,320	\$ 14	\$ -	\$ -	\$ 4,320	\$ 14
Corporate bonds	269	2	1,848	54	2,117	56
Equities	-	-	2,512	897	2,512	897
Mortgage backed securities	1,355	8	30	1	1,385	9
Alternative investments	1,596	281	1,637	357	3,233	638
Total	\$ 7,540	\$ 305	\$ 6,027	\$ 1,309	\$ 13,567	\$ 1,614

The number of securities in an unrealized loss position as of June 30, 2010 and 2009 was 37 and 39, respectively. The unrealized losses on the government obligations, corporate bonds, and mortgage backed securities were caused by interest rate increases. The contractual terms of those investments do not permit the issuer to settle the securities at a price less than the amortized cost of the investment. For debt securities in an unrealized loss position, JHBMC does not have the intent nor requirement to sell them, therefore, JHBMC does not consider these investments to be other-than-temporarily impaired as of June 30, 2010. The equities are invested in broad based index funds and have fluctuated from an unrealized gain and loss position since the acquisition and based on management's impairment policy, JHBMC does not consider these investments to be other-than-temporarily impaired as of June 30, 2010 and 2009.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Realized and unrealized gains / (losses) on investments for the years ended June 30, included in non-operating revenues and expenses section of the Statements of Operations consisted of the following:

	2010	2009
Realized losses on investments	\$ (124)	\$ (398)
Unrealized gains / (losses) on alternative investments	294	(620)
Total	\$ 170	\$ (1,018)

5. Property, Plant and Equipment:

Property, plant and equipment and accumulated depreciation consisted of the following as of June 30 (in thousands):

	2010		2009	
	Cost	Accumulated Depreciation	Cost	Accumulated Depreciation
Land and land improvements	\$ 3,614	\$ 317	\$ 3,588	\$ 292
Buildings and improvements	217,437	115,623	212,345	105,927
Information systems	21,289	17,478	20,531	14,486
Fixed & moveable equipment	147,411	89,441	136,707	85,333
Construction work-in-progress	13,355	-	13,210	-
	\$ 403,106	\$222,859	\$ 386,381	\$206,038

Accruals for the purchases of property, plant and equipment as of June 30, 2010 amounted to \$5.0 million and are included in accounts payable and accrued liabilities in the Balance Sheet. Depreciation expense for the years ended June 30, 2010 and 2009 amounted to \$25.5 million and \$24.2 million, respectively.

Total	<u>\$ 5,123</u>	<u>\$ 102,219</u>	<u>\$ 76,878</u>	<u>\$ 35,402</u>

Obligated Group

The Johns Hopkins Hospital's Obligated Group ("JHHS Obligated Group") consists of JHH, JHBMC, Suburban Hospital Healthcare System, Inc ("SHHS") and Suburban Hospital, Inc ("SHI") JHBMC was admitted into the JHH Obligated Group in 2004 as part of a plan of debt refinancing SHHS and SHI were admitted into the JHH Obligated Group in 2010 as part of a JHH debt issuance The 2004 JHBMC Commercial Paper Series B, the SHI 2004 Series A Revenue Bonds, the JHBMC 2008 Variable Rate Demand Bonds Series A, the JHH and JHBMC Pooled Loan Program Issue Series 1985A and 1985B debt, the JHH 1990, 2001 and 2008 Series Revenue Bonds, the JHH 2004 Commercial Paper Series A and C, the JHH 2007 Commercial Paper Series D, the JHH 2008 Commercial Paper Series E and F, the SHI 2008 Series Revenue Bonds, the 2010 JHH Series G are party debt, and as such are collateralized equally and ratably by a claim on and a security interest in all of JHH's, JHBMC's, SHI's, and SHHS' receipts as defined in the Master Loan Agreement with MHHEFA JHH, JHBMC, SHI and SHHS are required to achieve a defined minimum debt service coverage ratio each year, maintain adequate insurance coverage, and comply with certain restrictions on its ability to incur additional debt As of June 30, 2010, JHH, JHBMC, SHI, and SHHS were in compliance with these requirements As of June 30, 2010, the outstanding JHH, JHBMC, SHI, and SHHS party debt was \$885.9 million and as of June 30, 2009, the outstanding JHH and JHBMC party debt was \$626.1 million In addition, the obligated group is guaranteeing the \$40.0 million principal amount of the Howard County General Hospital ("HCGH") Series 2008 debt

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

2008 Variable Rate Demand Bonds – Series A

The Variable Rate Demand Bonds - Series A pay interest monthly at a variable rate based on the bonds sold by a designated re-marketing agent on a weekly basis. The rates for the years ended June 30, 2010 and 2009 were approximately .25% and .27%, respectively. Annual payments of principal began May 15, 2009 and range in amount from \$210.0 thousand on May 15, 2009 to \$915.0 thousand on May 15, 2027. In connection with the 2008 Variable Rate Demand Bonds - Series A, JHBMC entered into a \$12.2 million letter of credit agreement with PNC Bank, National Association to provide for payment of such bonds at maturity, subject to certain conditions described therein. A \$470 thousand principal payment on the bonds in May 2010 reduced the letter of credit to \$11.5 million. This agreement expires on April 23, 2013 subject to extension or earlier termination. The cost of the letter of credit is 0.40% per annum. There have been no amounts drawn on the letter of credit as of June 30, 2010 or 2009.

2004 Commercial Paper Revenue Notes – Series B

The Commercial Paper Revenue Notes - Series B pay interest monthly at a variable rate based on the commercial paper sold by a designated re-marketing agent for terms ranging from 1 to 270 days. The rates for the years ended June 30, 2010 and 2009 were approximately .34% and .47%, respectively. Annual payments of principal began July 1, 2004 and range in amount from \$425.0 thousand on July 1, 2004 to \$8.3 million on July 1, 2025.

In connection with the 2004 Commercial Paper Revenue Notes – Series B, JHBMC entered into a \$89.6 million line of credit agreement (360 day repayment terms) with Wells Fargo to provide for payment of such commercial paper at maturity, subject to certain conditions described therein. This agreement expires on October 31, 2011 subject to extension or earlier termination. Amounts advanced under the line of credit agreement bear interest at a variable rate based upon the overnight Federal funds rate plus 0.30% for the first 90 days outstanding and at a prime rate plus 2% thereafter. The advances are repayable on the earliest of the date that is 360 days from the date of such advance, the date of termination, the date of receipts by JHBMC of the proceeds of any subsequent issuances of notes and the expiration date. No amounts were outstanding as of June 30, 2010 or 2009. Since this liquidity facility must be repaid within 360 days, \$71.9 million of commercial paper notes that were scheduled for remarketing during the period of July 1 through July 6, 2009 (fiscal year 2009) were reclassified as short-term in the balance sheet. This commercial paper was successfully remarketed July 2, 2009. None of the commercial paper notes were scheduled for remarketing during the period of July 1 through July 6, 2010, therefore there was no reclassification to short-term at June 30, 2010.

Pooled Loan Program Issue

JHBMC has entered into a \$12.1 million loan agreement that funded the purchase and installation of a comprehensive integrated information system by borrowing through draws from the \$175.0 million MHHEFA Revenue Bonds, Pooled Loan Program Issue, Series 1985A and Series 1985B. This debt bears interest at a variable rate. The interest rates in effect for the years ended June 30, 2010 and 2009 were .80% and

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

1.10%, respectively. The loan is being repaid in equal monthly payments of principal over a one hundred and thirty-two month period that began September 1, 2005 with a final payment of the balance of the outstanding principal amount of the loan due on June 30, 2013.

Total maturities of debt and sinking fund requirements during the next five years and thereafter are as follows (in thousands):

2011	\$ 5,123
2012	5,328
2013	5,533
2014	7,948
2015	4,985
Thereafter	<u>78,425</u>
Total	<u>\$107,342</u>

Interest costs incurred, paid and capitalized for the years ended June 30 are as follows (in thousands):

	<u>2010</u>	<u>2009</u>
Net interest costs:		
Capitalized	\$ 162	\$ 249
Expensed	3,682	3,656
Allocated to others	<u>64</u>	<u>64</u>
	<u>\$ 3,908</u>	<u>\$ 3,969</u>
Interest costs paid	<u>\$ 3,919</u>	<u>\$ 3,821</u>

7. Derivative Financial Instruments:

JHBMC's primary objective for holding derivative financial instruments is to manage interest rate risk. Derivative financial instruments are recorded at fair value and are included in other long-term liabilities. JHBMC follows accounting guidance on derivative financial instruments that is based on whether the derivative instrument meets the criteria for designation as cash flow or fair value hedges. The criteria for designating a derivative as a hedge include the assessment of the instrument's effectiveness in risk reduction, matching of the derivative instrument to its underlying transaction, and the assessment of the probability that the underlying transaction will occur. All of JHBMC's derivative financial instruments are interest rate swap agreements without hedge accounting designation.

The value of interest rate swap agreements entered into by JHBMC are adjusted to market value monthly at the close of each accounting period based upon quotations from market makers. Entering into interest rate swap agreements involves, to varying degrees, elements of credit, default, prepayment, market and documentation risk in excess of the amounts recognized on the Balance Sheets. Such risks involve the possibility that there will be no liquid market for these agreements, the counterparty to

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
 NOTES TO FINANCIAL STATEMENTS
 for the years ended June 30, 2010 and 2009

these agreements may default on its obligation to perform and there may be unfavorable changes in interest rates. JHBMC does not hold derivative instruments for the purpose of managing credit risk and limits the amount of credit exposure to any one counterparty and enters into derivative transactions with high quality counterparties. JHBMC recognizes gains and losses from changes in fair values of interest rate swap agreements as a non-operating revenue or expense within the performance indicator excess of revenues over expenses on the Statements of Operations.

Fair value of derivative instruments as of June 30 (in thousands):

Swap Agreements

In 2004, JHBMC entered into a fixed payor interest rate swap agreement with Bank of America. The notional amount on this swap agreement was \$89.6 million and \$93.1 million as of June 30, 2010 and 2009, respectively. JHBMC will pay Bank of America a fixed annual rate of 3.3265% on the outstanding loan value of the 2004 Series B Notes in return for the receipt of a floating rate of interest equal to 67% of the one month LIBOR rate. The floating rate payments from this interest rate swap agreement are intended to substantially offset the floating rate of the 2004 Series B Notes. The floating rates as of June 30, 2010 and 2009 were 0.23% and 0.21%, respectively.

In July 2007, JHBMC entered into a fixed payor interest rate swap with Goldman Sachs Capital Markets, L.P. ("Goldman Sachs"). JHBMC will pay Goldman Sachs a fixed annual rate of 3.691% on the outstanding loan value of the Series A Notes (\$11.5 million as of June 30, 2010) in return for the receipt of a floating rate of interest equal to 67% of the one-month LIBOR rate. The floating rate payments from the interest rate swap are intended to substantially offset the floating rate of the Series A Notes. The floating rates as of June 30, 2010 and 2009 were .23% and .21%, respectively.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
 NOTES TO FINANCIAL STATEMENTS
 for the years ended June 30, 2010 and 2009

8. Temporarily and Permanently Restricted Net Assets:

Temporarily restricted net assets were available for the following purposes as of June 30 (in thousands):

	<u>2010</u>	<u>2009</u>
Health care services	\$ 6,304	\$ 6,216
Purchase of property, plant, and equipment	156	153
Health education and counseling	<u>510</u>	<u>520</u>
	<u>\$ 6,970</u>	<u>\$ 6,889</u>

Permanently restricted net assets as of June 30 (in thousands) are restricted to:

	<u>2010</u>	<u>2009</u>
Health care services	\$ 3,420	\$ 3,420
Health education and counseling	<u>154</u>	<u>154</u>
	<u>\$ 3,574</u>	<u>\$ 3,574</u>

The JHBMC endowments do not include amounts designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the JHBMC has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, JHBMC classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

9. Pension Plans:

JHBMC participates in two noncontributory defined benefit pension plans (union and nonunion) covering substantially all of its employees. The benefits are based on an average of the highest three plan years of an employee's compensation. The FASB's guidance on employer's accounting for defined benefit pension and other postretirement plans requires that the funded status of defined benefit postretirement plans be recognized on JHBMC's Balance Sheets, and changes in the funded status be reflected as a change in net assets.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

The funding policy for both plans is to make sufficient contributions to comply with the Internal Revenue Service minimum funding requirement. The assets in both of the plans as of June 30, 2010 and 2009 consisted of cash and cash equivalents, listed stocks, corporate bonds, alternative investments and government securities. All assets are managed by external investment managers, consistent with the plan's investment policy.

JHBMC uses a June 30 measurement date for its plans.

The change in benefit obligation, plan assets, and funded status of the pension plans is shown below (in thousands):

Change in benefit obligation

	<u>2010</u>	<u>2009</u>
Benefit obligation at beginning of year	\$ 142,559	\$ 133,990

	<u>2010</u>	<u>2009</u>
Net pension liability	\$ (92,334)	\$ (72,999)
Net pension asset	<u>0</u>	<u>0</u>
Net amount recognized	<u>\$ (92,334)</u>	<u>\$ (72,999)</u>

Amounts not yet recognized in net periodic benefit cost and included in unrestricted net assets consist of (in thousands):

	<u>2010</u>	<u>2009</u>
Actuarial net loss	\$ 69,873	\$ 54,072
Prior service cost	<u>1,986</u>	<u>2,590</u>
	<u>\$ 71,859</u>	<u>\$ 56,662</u>
Accumulated benefit obligation	<u>\$ 151,060</u>	<u>\$ 114,439</u>

Net Periodic Benefit Cost

	<u>2010</u>	<u>2009</u>
Components of net periodic pension benefit cost (in thousands):		
Service cost	\$ 7,533	\$ 7,401
Interest cost	10,011	9,668
Expected return on plan assets	(7,835)	(8,005)
Amortization of prior service cost	<u>3,059</u>	<u>2,667</u>
Net periodic pension expense	<u>\$ 12,768</u>	<u>\$ 11,731</u>

The actuarial net loss and prior service cost for the defined benefit plans that will be amortized from unrestricted net assets into net periodic pension costs in 2011 are \$5.3 million and \$604 thousand, respectively.

Assumptions

The assumptions used in determining net periodic pension cost for the plans are as follows for the year ended June 30:

	<u>2010</u>	<u>2009</u>
Discount rate	7.10%	7.31%
Expected return on plan assets	8.25%	8.50%
Rate of compensation increase	3.00% - 4.00% (1)	4.25%

(1) The rate of compensation increase was 3.00% for July 1, 2010 and 4.00% thereafter.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
 NOTES TO FINANCIAL STATEMENTS
 for the years ended June 30, 2010 and 2009

The assumptions used in determining the benefit obligations for the plans are as follows as of July 1:

	<u>2010</u>	<u>2009</u>
Discount rate	6.04%	7.10%
Expected return on plan assets	8.25%	8.50%
Rate of compensation increase	2.00% - 3.00% (1)	3.00% - 4.00% (2)

(1) The rate of compensation increase was 2.00% for July 1, 2010, 2.50% for July 1, 2011 and 3.00% thereafter.

(2) The rate of compensation increase was 3.00% for July 1, 2009 and 2010 and 4% thereafter.

Plan Assets

JHBMC's pension plan weighted average asset allocations as of June 30, 2010 and 2009 by asset category are as follows:

<u>Asset Category</u>	<u>2010</u>	<u>2009</u>
Cash and cash equivalents	4.9%	10.6%
Equity securities	37.4%	37.8%
Global asset allocation	33.0%	30.6%
Debt securities	<u>24.7%</u>	<u>21.0%</u>
Total	<u>100.0%</u>	<u>100.0%</u>

The plans assets are invested among and within various asset classes in order to achieve sufficient diversification in accordance with JHHS and JHBMC risk tolerance. This is achieved through the utilization of asset managers and systematic allocation to investment management style(s), providing a broad exposure to different segments of the fixed income and equity markets. The plans strive to allocate assets between equity investments (including alternative investments) and debt securities at a target rate of approximately 75% and 25%, respectively.

Fair Value of Plan Assets

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three-tier hierarchy prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted market prices for identical assets or liabilities in active markets;
- Level 2 – Observable inputs for similar assets or liabilities in an active market, or other than quoted prices in an active market that are observable either directly or indirectly; and

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

- **Level 3 – Unobservable inputs in which there is little or no market data that require the reporting entity to develop its own assumptions. For the year ended June 30, 2010, there are not any financial instruments requiring level 3 classification. There were no financial instruments requiring Level 3 classification at June 30, 2010.**

The following table presents the plan assets carried at fair value as of June 30, 2010 grouped by hierarchy level:

<u>Assets</u>	<u>Total Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Cash equivalents (1)	\$ 4,236	\$ --	\$ 4,236
Equity funds (2)	29,177	4,003	25,174
Fixed income funds (3)	<u>16,191</u>	<u>14,961</u>	<u>1,230</u>
Totals	<u>\$ 49,604</u>	<u>\$ 18,964</u>	<u>\$ 30,640</u>

- (1) Cash equivalents include investments with original maturities of three months or less. Certificates of deposit are carried at amortized cost, which approximates fair value. Certificates of deposit have original maturities greater than three months and are considered short-term investments. Computed prices and frequent evaluation versus market value render these certificates of deposit level 2.
- (2) Equity funds are investments in mutual funds, commingled trusts and hedge funds. The mutual funds are rendered level 1, the commingled trusts and hedge funds are valued regularly within each month utilizing NAV per unit and are rendered level 2.
- (3) Fixed income funds are investments in U.S. treasury notes, corporate bonds, mortgage backed securities and mutual funds. The mutual funds are rendered level 1, the commingled trusts and hedge funds are valued regularly within each month utilizing NAV per unit and are rendered level 2.

The Plans hold alternative investments that are not traded on national exchanges or over-the counter markets. The Plans are provided a net asset value per share for these alternative investments that has been calculated in accordance investment company rules, which among other requirements, indicates that the underlying investments be measured at fair value. There are no unfunded commitments related to the Plans' alternative investments. The following table displays information by major alternative investment category as of June 30, 2010 (in thousands):

<u>Fair Market Description</u>	<u>Value</u>	<u>Liquidity</u>	<u>Notice</u>	<u>Receipt of Period</u>	<u>Proceeds</u>
Global asset allocation	\$ 9,372	Monthly		5 days	15 days
Fund of funds	13,060	Monthly or quarterly		30 to 65 days	(1)
Hedge funds	1,843	Quarterly		30 days	(2)
Credit funds	3,747	Annual		30 to 90 days	(3)
Distressed credit	3,036	December 31, 2013

Contributions and Estimated Future Benefit Payments (Unaudited)

JHBMC expects to contribute \$11.7 million to its pension plan in 2011.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid (in thousands):

2011	\$ 3,896
2012	4,618
2013	5,492
2014	6,432
2015	7,382
Thereafter	\$ 53,087

10. **Maryland Health Services Cost Review Commission:**

JHBMC's charges are subject to review and approval by the Commission. JHBMC's management has filed the required forms with the Commission and believes JHBMC is in compliance with Commission requirements. The total rate of reimbursement for services to patients under the Medicare and Medicaid programs is based on an agreement between the Center for Medicare and Medicaid Services and the Commission. Management believes that this program will remain in effect at least through June 30, 2011. Effective April 1, 1999, the Commission developed a methodology to control inpatient hospital charges and JHH, JHBMC and HCGH elected to be paid under the new methodology. The methodology established a charge per admission cap for each hospital. The hospital specific charge per admission is adjusted annually to reflect cost inflation, and is also adjusted for changes in the hospital's case mix index. Certain highly tertiary inpatient cases such as solid organ transplants, bone marrow transplants and certain oncology cases are treated as exclusions from the charge per case methodology.

Effective July 1, 2008, the HSCRC developed a new methodology to establish a charge per visit (CPV) for certain types of outpatient services. The hospital specific charge per visit is adjusted annually to reflect cost inflation and is also adjusted for changes in case mix. This methodology is primarily focused on ambulatory surgery procedures, medical clinic visits and emergency room visits. July 1, 2009 the CPV methodology was expanded to include other types of outpatient services including Infusion Procedures, Therapies, Mental Health and major radiology procedures. Certain types of visits such as radiation therapy, psychiatric day hospital and certain types of recurring visits will be treated as exclusions under this methodology.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

The Commission approves hospital rates on a departmental unit rate basis. Individual unit rates are the basis for hospital reimbursement for inpatient excluded cases and for hospital outpatient services. Under the Commission rate methodology, amounts collected for services to patients under the Medicare and Medicaid programs are computed at approximately 94% of Commission approved charges. Other payors are eligible to receive up to a 2.25% discount on prompt payment of claims.

11. Professional and General Liability Insurance:

JHU and JHHS and its Affiliates, including JHBMC, participate in an agreement with four other medical institutions to provide a program of professional and general liability insurance for each member institution. As part of this program, the participating medical institutions have formed a risk retention group ("RRG") and a captive insurance company to provide self-insurance for a portion of their risk. JHH and JHU each have a 10% ownership interest in the RRG and the captive insurance company.

The medical institutions obtain primary and excess liability insurance coverage from commercial insurers and the RRG. The primary coverage is written by the RRG, and a portion of the risk is reinsured with the captive insurance company. Commercial excess insurance and reinsurance is purchased under a claims-made policy by the participating institutions for claims in excess of primary coverage retained by the RRG and the captive. Primary retentions are \$5.0 million per incident. Primary coverage is insured under a retrospectively rated claims-made policy; premiums are accrued based upon an estimate of the ultimate cost of the experience to date of each participating member institution. The basis for loss accruals for unreported claims under the primary policy is an actuarial estimate of asserted and unasserted claims including reported and unreported incidents and includes costs associated with settling claims. Projected losses were discounted at 2% and 3% as of June 30, 2010 and 2009 respectively.

Professional and general liability insurance expense incurred by JHBMC was \$5.5 million and \$5.7 million for the years ended June 30, 2010 and 2009 respectively. Reserves were \$7.8 million and \$7.5 million as of June 30, 2010 and 2009, respectively.

12. Transactions with Related Parties:

During the years ended June 30, 2010 and 2009, JHBMC engaged in transactions with JHHS and its Affiliates, JHH, Johns Hopkins Community Physicians ("JHCP"), Johns Hopkins Medical Management Corporation ("JHMMC"), Johns Hopkins HealthCare, LLC ("JHHC"), Priority Partners Managed Care Organization, Inc. ("PP"), Johns Hopkins Employer Health Programs ("JHEHP"), JHMI Utilities LLC ("JHMI Utilities"), and Johns Hopkins Home Care Group, Inc. ("JHHCG").

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

The following is a summary of related party transactions and balances:

<u>Revenue/(expense) transactions (in thousands):</u>	<u>2010</u>	<u>2009</u>
Purchasing, legal, advertising and other services provided by JHHS	\$(16,092)	\$(18,887)
Management services provided to JHHS relating to the PACE and Creative Alternatives programs	15,031	15,329
Laboratory and various support services provided by JHH	(13,203)	(11,274)
Net patient service revenue from providing services to subscribers of JHHC	17,858	18,910
Net patient service revenue from providing services to subscribers of PP	24,960	23,295
Telecommunication services provided by JHMI Utilities	(2,440)	(2,550)
Services provided by JHCP	(1,498)	(1,454)
Premiums paid to JHEHP for administration of health care claims	(2,320)	(1,998)
Temporary nursing services provided by JHMMC	(366)	(520)
Fees paid to JHHCG for management of discharge pharmacy and patient discharge planning	(2,249)	(2,353)
 <u>Due From/(To) Affiliate balances as of June 30 (in thousands):</u>		
	<u>2010</u>	<u>2009</u>
Due to JHHS for services as noted above	\$ (1,613)	\$ (1,612)
Due to JHH for services as noted above	(673)	(373)
Due from JHHC for administrative expenses	-	321
Due to JHHC for patient receivables less advances	(186)	(186)
Due from JHMSC for note receivable	3,939	4,596
Due to JHMI Utilities for services as noted above	(785)	(727)

Other	(56)	(41)
Net Due From Affiliates	<u>\$ 244</u>	<u>\$ 1,527</u>

Included in the amounts due from affiliates in the accompanying Balance Sheets as of June 30, 2010 and 2009 is a Note Receivable from Johns Hopkins Medical Services Corporation for \$3.9 million and \$4.6 million, respectively. The Note Receivable bears no interest with annual payments of \$656.0 thousand through June 30, 2013.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Broadway Services, Inc. ("BSI"), a related organization, is a wholly owned subsidiary of the Dome Corporation. The Dome Corporation is owned equally by JHHS and JHU. BSI provides JHBMC with various services including security, housekeeping, escort and transportation. During 2010 and 2009, JHBMC incurred costs of approximately \$6.0 million and \$6.1 million, respectively, for these services. JHBMC had accounts payable to BSI of approximately \$254.1 thousand and \$428.8 thousand as of June 30, 2010 and 2009, respectively. These amounts are included in accounts payable and accrued expenses in the accompanying Balance Sheets.

JHBMC pays ground and space rent and ground maintenance costs to FSK Land Corporation, a related organization. During 2010 and 2009, JHBMC incurred costs of \$1.9 million and \$1.7 million, respectively, for these services.

13. Contracts, Commitments and Contingencies:

JHBMC has agreements with JHU, under which JHU provides medical administration and educational services, conducts medical research programs, provides patient care medical services, and provides certain other administrative and technical support services through the physicians employed by The Johns Hopkins University School of Medicine ("JHUSOM"). Compensation for providing medical administration and educational services is paid to JHU by JHBMC; funding for services in conducting medical research is paid from grant funds and by JHBMC; compensation for patient care medical care services is derived from billings to patients (or third-party payors) by JHU; and compensation for other support services is paid to JHU by JHBMC. The aggregate amount of purchased services incurred by JHBMC under these agreements was \$43.0 million and \$43.0 million for the years ended June 30, 2010 and 2009, respectively.

JHBMC also has an agreement with JHU under which JHU recruits and pays interns and resident physicians who furnish services to JHBMC on a rotating and non-rotating basis. Included in purchased services expense in the accompanying Statements of Operations and Changes in Net Assets for services under this agreement is \$4.8 million and \$4.6 million for the years ended June 30, 2010 and 2009, respectively for physicians providing services on a rotating basis and \$3.6 million and \$3.6 million for the years ended June 30, 2010 and 2009, respectively for physicians providing services on a non-rotating basis.

Additionally, JHBMC is leasing space to JHU for which payments totaled \$4.3 million and \$4.3 million for the years ended June 30, 2010 and 2009, respectively, which has been included as a reduction of purchased services.

JHBMC provides departmental support for Chiefs of Service based on personal recruitment agreements between JHBMC, JHUSOM and the respective Chief of Service. These commitments to the department are conditional to the extent the Chief of Service remains in the position. Future expected payments related to agreements currently in place were \$3.9 million and \$4.9 million at June 30, 2010 and 2009, respectively.

JOHNS HOPKINS BAYVIEW MEDICAL CENTER, INC.
NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

Amounts due from JHU for liabilities previously paid by JHBMC net of amounts due for current operations were \$2.4 million at June 30, 2010 and \$4.0 million at 2009. These amounts are presented in the Balance Sheets as due from others.

JHBMC serves as the guarantor on a loan agreement between JHCP and MHHEFA. The terms of the Guarantee Agreement between JHBMC and MHHEFA require JHBMC to guarantee \$900.0 thousand plus any outstanding interest charges and attorney fees in the event of default by JHCP. The principal of the loan will be repaid in monthly installments, which began on June 15, 2001 and end in May 2026.

Commitments for leases that do not meet the criteria for capitalization are classified as operating leases with related rentals charged to operations as incurred. The following is a schedule by year of future minimum lease payments under operating leases as of June 30, 2010, that have initial or remaining lease terms in excess of one year (in thousands):

2011	1,769
2012	1,882
2013	1,896
2014	1,901
2015	1,925
Thereafter	\$17,114

Rental expense for all operating leases for the years ended June 30, 2010 and 2009 amounted to \$4.2 million and \$4.4 million, respectively.

14. Asset Retirement Obligations:

JHBMC has recorded asset retirement obligations associated with the abatement of asbestos in several of its buildings constructed prior to 1980. The change in asset retirement obligation for the years ended June 30, 2010 and 2009 consisted of the following (in thousands):

	<u>2010</u>	<u>2009</u>
Retirement obligation at beginning of year	\$ 292	\$ 520
Liabilities settled	(22)	(248)
Accretion expense	<u>20</u>	<u>20</u>
Retirement obligation at end of year	<u>\$ 290</u>	<u>\$ 292</u>

15. Functional Expenses:

JHBMC provides general health care services to residents within its geographic location. Expenses in 2010 and 2009 related to providing these services were \$432.1 million and \$444.3 million, respectively, for health care services, \$69.3 million and \$71.8 million, respectively, for general and administrative.

NOTES TO FINANCIAL STATEMENTS
for the years ended June 30, 2010 and 2009

16. Subsequent Events:

JHBMC has performed an evaluation of subsequent events through September 29, 2010, which is the date the financial statements were issued.

SUPPLEMENTAL FINANCIAL INFORMATION

**REPORT OF INDEPENDENT AUDITORS ON
SUPPLEMENTAL FINANCIAL INFORMATION**

To the Board of Trustees of
Johns Hopkins Bayview Medical Center, Inc.

The report on our audits of the basic financial statements of Johns Hopkins Bayview Medical Center, Inc. ("JHBMC") as of June 30, 2010 and 2009 and for the years then ended appears on page 1 of this document. These audits were conducted for the purposes of forming an opinion on the basic financial statements taken as a whole. The supplementary statements of operations and changes in net assets accompanying the financial statements are presented for purposes of additional analysis rather than to present the results of operations and changes in net assets of the individual entities. Accordingly, we do not express an opinion on the results of operations and changes in net assets of the individual entities. However, the supplementary statements of operations and changes in net assets have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
