Schedule D, Part X, Line 2 - Income taxes The Hospital and the Foundation are exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code as public charities. Both entities are entitled to rely on this determination as long as there are no substantial changes in their character, purposes, or methods of operation. Management has concluded that there have been no such changes, and therefore the Hospital and Foundation's status as public charities exempt from federal income taxation remain in effect. The state in which the Hospital and the Foundation operate also provides a general exemption from state income taxation for organizations that are exempt from federal income taxation. However, both entities are subject to federal and state income taxation at corporate tax rates on unrelated business income. Exemption from other state and local taxes, such as real and personal property taxes is separately determined. The Hospital and the Foundation had no unrecognized tax benefits or such amounts were immaterial during the periods presented. For tax periods with respect to which unrelated business income was recognized, a tax return was filed in order to report any unrelated business income as well as any taxes due. The DRCC and ACO are Maryland limited liability companies that have not elected to be taxed as corporations under current Treasury regulations. Both are owned by more than one member. DRCC and ACO are subject to the partnership tax rules under Subchapter K of the Internal Revenue Code of 1986 (IRC), as amended. Under these rules both are not subject to federal or state income tax, but must file annual information returns indicating their gross and taxable income to determine the tax results to their members. The Sleep Center and CHP are Maryland limited liability companies that have not elected to be taxed as corporations under current treasury regulations. Sleep Center and CHP are wholly owned by the Hospital. As such, the Sleep Center and CHP are considered "disregarded entities" under current IRC regulations.

Schedule H, Part I, Line 3c - The hospital provides free care to those individuals that have family income below 200% of the federal poverty guidelines, as well as discounted care (at a minimum 25% discount rate) to individuals that have family income below 300% of the federal poverty guidelines. In addition, patients whose family income is between 200 and 500 percent of the federal poverty guidelines may receive discounted care when the hospital debt exceeds 25% of the family gross income for the family unit, and such eligibility will remain active during a 12 month period beginning on the date which the reduced cost medically necessary care was initiated. All immediate family members within the family household who have medical debts at the hospital will be considered. In order to promote the provision of financial assistance to patients that would qualify under the hospital's financial assistance policy, the hospital utilizes presumptive charity care. Self-pay patients may qualify for presumptive charity care by submitting proof of enrollment in certain social service programs, including: (1) household with child in free or reduced lunch program, (2) Supplemental Nutritional Assistance Program, (3) Low income household energy assistance program, (4) Primary Adult Care Program and (5) Womens, Infants, and Children Program. In addition, the hospital uses an eligibility verification system, pursuant to which, if a patient is found to qualify for a program such as pharmacy only or physician only coverage, the hospital may provide presumptive charity care. Furthermore, the hospital utilizes a credit scoring software. If the patient's family income is indicated to be below 200% of the federal poverty guidelines pursuant to use of the credit scoring software, then presumptive charity care may be provided. Patients may not qualify for financial assistance, if the patient has monetary assets in excess of \$10,000, excluding up to \$150,000 in a primary residence and retirement benefits where the IRS has granted preferential treatment.

Schedule H, Part I, Line 7 - The hospital provides free care to those individuals that have family income below 200% of the federal poverty guidelines, as well as discounted care (at a minimum 25% discount rate) to individuals that have family income below 300% of the federal poverty guidelines. In addition, patients whose family income is between 200 and 500 percent of the federal poverty guidelines may receive discounted care when the hospital debt exceeds 25% of the family gross income for the family unit, and such eligibility will remain active during a 12 month period beginning on the date which the reduced cost medically necessary care was initiated. All immediate family members within the family household who have medical debts at the hospital will be considered. In order to promote the provision of financial assistance to patients that would qualify under the hospital's financial assistance policy, the hospital utilizes presumptive charity care. Self-pay patients may qualify for presumptive charity care by submitting proof of enrollment in certain social service programs, including: (1) household with child in free or reduced lunch program, (2) Supplemental Nutritional Assistance Program, (3) Low income household energy assistance program, (4) Primary Adult Care Program and (5) Womens, Infants, and Children Program. In addition, the hospital uses an eligibility verification system, pursuant to which, if a patient is found to qualify for a program such as pharmacy only or physician only coverage, the hospital may provide presumptive charity care. Furthermore, the hospital utilizes a credit scoring software. If the patient's family income is indicated to be below 200% of the federal poverty guidelines pursuant to use of the credit scoring software, then presumptive charity care may be provided. Patients may not qualify for financial assistance, if the patient has monetary assets in excess of \$10,000, excluding up to \$150,000 in a primary residence and retirement benefits where the IRS has granted preferential treatment.

Schedule H, Part III, Section A, Line 4 - Below is the footnote to the organization's financial statements that describes bad debt expense in the Patient, "Net patient service revenue and net patient accounts receivable are reported at estimated net realizable amounts from

Part VI- Supplemental Information (Continued)

patients, third party payers, and others for services rendered. Discounts ranging from 2.25% to 8% of Hospital charges are given to Medicare, Medicaid, and certain approved commercial health insurance providers and health maintenance organizations. In addition, these payers routinely review patient billings and deny payments for certain charges that they deem medically unnecessary or performed without appropriate pre-authorization. Discounts and denials are recorded as reductions of net patient service revenue. Accounts receivable from these third-party payers have been adjusted to reflect the difference in charges and estimated reimbursable amounts. The Company bills third party payers directly for services provided. Insurance coverage and credit information are obtained from patients upon admission when available. No collateral is obtained for patient accounts receivable. Patient accounts receivable deemed to be uncollectible by management have been written off. An allowance for doubtful accounts is recorded based on historical trends for patient accounts receivable that are anticipated to become uncollectible in future periods." The company estimates that only a de minimis amount of its bad debt expense is attributable to patients eligible under the organization's financial assistance policy. The company widely publicizes its financial assistance policy and regularly utilizes presumptive charity to ensure that patients that would qualify under the hospital's financial assistance policy do in fact receive financial assistance.

Schedule H, Part III, Section B, Line 8 - Medicare discounts are required but should be treated as a community benefit to the Medicare population since the discounted revenue does not cover full costs in an all payer state as Maryland.

Schedule H, Part III, Section C, Line 9b - A patient is classified as a financial assistance patient by reference to the financial assistance policy of the Hospital (FAP). The FAP sets forth the criteria for patients to qualify for free or discounted care. In assessing a patient's eligibility for financial assistance under the FAP, the Hospital assesses whether the patient's family income is below a certain percentage of the federal poverty guidelines, as well as whether incurred charges are significant when compared to the patient's family income. Patients who have insurance may still qualify for financial assistance for their portion of the amount due. Our policy states that at any time the patient can qualify for financial assistance, even after collection efforts have begun. If the patient qualifies for financial assistance after collection efforts have commenced, all collection efforts by the hospital will cease immediately. Furthermore, if the patient qualifies for financial assistance after payment have been made by the patient, the appropriate refund will be made by the hospital.

Schedule H, Part VI, Line 2 - The hospital assesses the health care needs of the communities it serves; in addition to the needs assessments reported in Part V, Section B using surveys to the physicians, patients, and in FY 2019 the community assessment survey.

Schedule H, Part VI, Line 3 - The organization makes an attempt to inform and educate patients and persons who may be billed for patient care about their eligibility for assistance under federal, state or local governmental programs or under the organization's financial assistance policy. The organization publishes notices of the financial assistance policy in local newspapers annually. There are signs noting the available of financial assistance posted at emergency registration, outpatient registration and at the hospital's business office in patient waiting areas. A summary of the financial assistance policy, written in Spanish and English, as well as who to call for questions about the financial assistance policy or how to register for medical assistance, is available in the patient lobby waiting areas of the hospital. Furthermore, a summary of the financial assistance policy is provided to every inpatient at the time of admission, as well as with the patient's bill. Finally, an overview of the financial assistance policy is provided to all hospital employees as part of the employees' orientation in order to help those employees provide direction and assistance to patients with questions regarding the financial assistance policy.

Schedule H, Part VI, Line 4 - The hospital serves Prince George's County of Maryland. The hospital attends many health fairs throughout the community and focuses on diabetic screening, a county department health initiative.

Schedule H, Part VI, Line 5 - Doctors Community Hospital is governed by a Board of Directors that is comprised almost entirely of independent persons who reside within the Doctors Community Hospital's community. The Hospital extends medical staff privileges to all qualified physicians for all of its departments. All financial surpluses that are generated are used exclusively to further the exempt purposes of the Hospital. The Hospital participated with the Prince Georges Health Department and all the hospitals of the county to conduct and assemble the CHNA in the spring of calendar year 2016 and 2019.

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Schedule J, Part I, Line 1a - In 2014, the Compensation Committee approved an annual payment to Mr. Down, the CEO, for certain income taxes on income that are imputed to him annually under a life insurance arrangement adopted in the early 1990s. The Hospital has not funded the subject life insurance arrangement in many years. Any income tax payments paid for Mr. Down net out of (i.e., reduce) the supplemental retirement plan described in the below paragraph. Therefore, the tax gross up described herein does not increase the Hospital's overall cost.

Schedule J, Part I, Line 3 - Doctors Community Hospital used the following methods to determine the CEO's compensation: Compensation Committee, written employment contract, independent compensation consultant, compensation survey or study, form 990 of other organizations, and recommended by the Compensation Committee and approved by the Doctors Community Hospital Board. The compensation for Vice Presidents follows these processes, except that there are no other written contracts except the VPS were given a severance and retention agreements during 2019.

Schedule J, Part I, Line 4 - Dennis Scanlon, the retired CFO, and Thomas Crowley, retired COO, receives annual payments from the DCH Split Dollar Plan. In 2018, the Compensation Committee approved an incentive for Mr. Down's employment commitment until June 30, 2022 and a commitment from him to provide additional services in the case of a change in control. The Compensation Committee's outside consultants apprised the Compensation Committee that this would be in keeping with market norms. For 2018, \$250,000 was accrued for this retention deferred bonus. For FY 2019 or Tax Year 2018, \$200,000 was also accrued for this retention deferred bonus. Mr. Down participates in a Split Dollar Plan, under which Doctors Community Hospital advances premiums into life insurance policies owned by Mr. Down for which Doctors Community Hospital is later repaid; and in an Option Plan, under which Mr. Down elected to forego wage payments in exchange for the receipt of options to purchase mutual fund shares. During 2019, Ms. Camille Bash received the SERP II plan payout of \$184,508. During 2019, the Hospital funded Mr. Paul Grenaldo's SERP II plan with \$44,043 deposit.

Schedule J, Part I, Line 7 - Doctors Community Hospital provided non-fixed incentive compensation payments for the persons so listed. As part of the process, the Compensation Committee reviews results of the organization and the executive of organizational financial, quality of care, patient satisfaction, and similar goals and makes incentive compensation awards based on this performance.

Form 990, Part VI, Section B, Line 12c - Doctors Community Hospital (DCH) has adopted a Conflict of Interest Policy covering DCH and its wholly-controlled supporting organization Doctors Community Hospital Foundation (DCHF). Pursuant to such Conflict of Interest Policy, each Board member and officer of the organization is required to complete a written conflict of interest statement annually. The Compensation Committee is advised by an independent compensation consultant, which opines to the Compensation Committee that the level of compensation paid and the process by which compensation is established meet applicable IRS reasonableness and 'safe harbor' standards. The outside compensation consultant provides data of compensation provided at similar organizations to ensure that the Organization does not compensate in excess of market norms. The Compensation Committee recommends the annual changes to the Board for approval.
